An English authority declares that Americans and Canadians are taller and bigger than Englishmen because in America the children are better fed. Still we are discovering that there is lots of room for improvement in the feeding of children in North Carolina.

Do men who read The Advance read the advertisements? If you are a man and do read the advertisements, here's a chance to win five dollars. The Advance will pay five dollars for the best letter from a man telling why he reads Advance advertisements. The contest closes Monday, April 17th.

It is feared that the spring sun which brings warmth and wild flowers and promises of harvest to Central and Southern Russia this year will be a harbinger of pestilence. The winter cold, it is explained, was a germicide, and the bodies of the thousands of famine dead could be handled with little fear of contagion. The words call up a picture of misery to make one's heart bleed; and yet so callous have we grown to the horrors thick strewn in the wake of war that items like this in the day's news stir now hardly a comment.

Prohibition officials say that the problem of rum-running which has become serious along both seaboard and inland is being brought back to the Coast Guard the duty for which it was originally established. Created in 1790 to war on the pirates who had their strongholds on islands along the coast and who preyed on merchant shipping, the Coast Guard today in seizing the liquor ships that now follow in the wake of Captain Kidd and his swash-buckling crews frequently engages in stern-chases as exciting and occasionally in actual engagements as bloody as those of buccaneering days.

FOR REPRESENTATIVE
To The Voters of Pasquotank County

"My recent advocacy of a policy of retrenchment and more economy practiced in the expenditure of public funds has met with a generous response on the part of the tax-payers of Pasquotank County. This response has been accompanied by many requests that I should become a candidate for the Legislature.
"With the hope that I may, if elected to the Legislature, render some service in placing a check upon what I regard as extravagance in the expenditure of public funds and thereby prevent a necessity for higher taxes, I shall become a candidate for Representative, subject to the action of the Democratic primary.
"I desire it understood that I am not opposed to progress but I am in favor of every dollar of the taxpayer's money receiving a dollar's worth of public service."
Respectfully,
F. F. COHOON
