MT. HERMON ROAD WORK STOPS

Petition Heard At Edenton Today

Complaint Alleges O. L. Bundy And J. W. Foreman Interested Financially In Construction Of Mt. Hermon Road, And Charges They Are Building It Almost Exclusively For Own Interests

Judge Bond Issues Restraining Order

Granting Of Injunction Means That The Construction Of Road In Controversy Will Be Held Up Until Hearing Before Court In Special Proceedings

A definite step to check the Pasquotank Highway Commission majority in their preparations to pave the Mt. Hermon Road in the face of much public protest was taken Monday morning when C. R. Pugh went to Edenton with a complaint brought in the names of Dr. W. A. Peters, H. F. Sample, R. C. Abbott, H. A. Flora, Dr. Zenas Fearing, W. A. Pinner and Dr. F. W. Lowry, which alleges in fourteen counts that the defendants, J. W. Foreman, O. L. Bundy, A. E. Jones and J. J. Morris have entered into a wrongful and unlawful agreement and conspiracy to build the disputed road.

Judge W. M. Bond granted the injunction sought at 1:30 o'clock Monday afternoon, and C. R. Pugh, who formally presented the complaint, returned to this city on the afternoon train. Under the law, the hearing in connection with the injunction must be held in not less than two days, and within not more than 20 days after the injunction is granted. It was not known here early Monday afternoon just what date is set for the hearing.

The injunction has the effect temporarily at least, of stopping work on the Mt. Hermon road, which is understood to have been progressing at a feverishly hurried pace during the last few weeks.

C. R. Pugh and Aydiott & Simpson are representing the defendants in the action. They are serving entirely without compensation. The text of the complaint follows:

First—That the plaintiffs are citizens and taxpayers of Pasquotank County, N. C.

Second—That the Pasquotank Highway Commission is a body politic, incorporate, organized and existing by virtue of chapter 126 of the Public Local Laws of 1915, and amendments thereto, and as such are charged with the control of the highways and road building in Pasquotank County; and said chapter and amendments is referred to and asked to be read as a part of this complaint as if copied word for word.

Extravagance Charged

Third—That pursuant to said law the Highway Commission of Pasquotank County has already issued \$750,000.00 in bonds and has received the money therefrom for the purpose of building roads in Pasquotank County. That said Commission has already spent, as plaintiffs are informed and believe, all of the \$750,000.00, except \$75,000.00 to \$100,000.00, and have used the money extravagantly and without giving due care and attention to the building of said roads and the expenditure of the money therefor, and have by reason of this, wasted money by the thousands of dollars of the said money received from said bonds.

Fourth—That the Pasquotank Highway Commission at the time complained of was composed of A. H. Houtz, chairman, O. F. Gilbert, J. W. Foreman, J. J. Morris, A. E. Jones, O. L. Bundy, F. F. Cohoon; that the said J. W. Foreman has wrongfully and unlawfully sold to the Pasquotank Highway Commission of which he was at the time a member about \$12,000.00 worth of iron rails, as plaintiffs are informed and believe, and other members of the said Commission have likewise

sold different material to the said Highway Commission, at the time they were members thereof; that the defendants failed to contract for the building of said road, but have built the same without giving that care and attention to the expenditure of the money that it was their duty as officers of Pasquotank County and members of the said Highway Commission.

For Selves And Relatives

Fifth—That plaintiffs are informed and believe, and so alleged, that the defendants, J. W. Foreman and O. L. Bundy, are interested financially in the building of a hard surface road from what is known as Black Head sign post through a section of Mt. Hermon township, not for the benefit of the people generally in said township, or in the County, and extending the same through the large tract of land of which the defendant Foreman and his brothers and near relatives are the owners and in possession of, thence on to the gate of J. E. Bundy, father of the defendant, O. L. Bundy. That they have failed and refused to build this road along the main traveled road through that section, which is for the benefit and interests of the people generally in that section of the County and for the people of the whole County. That the building of said road, as the plaintiffs are informed and believe, was agreed upon by a majority of the members of the said Highway Commission, to wit: J. W. Foreman, O. L. Bundy, A. E. Jones and J. J. Morris, by reason of an agreement between the said defendants—that in the event the said Morris and said Jones would vote with the said Foreman and Bundy for the building of the said road, that they, the said Foreman and Bundy, would vote with the said Morris and the said Jones for building a road for each of them, which was for their individual interests, in their section of the county. That it was known and understood at the time of this arrangement that the said road from the Black Head sign posts through the Foreman farm to Bundy's gate was almost exclusively for the interest of said Foreman and said Bundy. That said agreement was and is a fraud upon the rights of the tax payers of Pasquotank County and for the interests of the said two commissioners Foreman and Bundy and not for the good of the people of Mt. Hermon township nor of the whole county, and in violation of the act under which the said board exists.

Connects With None

Sixth—That there have only been built two roads in the county, one running from Elizabeth City southwardly about twelve miles through the central part of said county and one running from Elizabeth City northwardly about ten or twelve miles through the northeast part of said county, and that the road which the said commissioners is about to

Cases against D. H. Gray and Carlton Jennings involving alleged violations of the traffic laws were continued to Tuesday morning by reason of the absence of the defendants.

Dr. J. G. Bow, well-known Baptist minister of Kentucky, who was the first pastor of the Midway church in that state and delivered the first sermon to that church June 24, 1872, preached the jubilee sermon on the fiftieth anniversary of that church June 25. Dr. Bow, now past 80 years, is in the employ of the Baptist State Mission Board.

build is nowhere near either of said roads, and does not connect with them, being five or six miles from either of said roads. That there are several roads going from Elizabeth City, to wit: One, the extension of Main street another known as Rum Road; another known as Body Road and another known as Pear Tree Road, all of which enter into Elizabeth City and the building of these roads or either one of which would be to the interests of the people of the county and would be in keeping with the requirements of the Act under which the defendant board exists. That these roads are main roads and the building of the same are a necessity for the people of Pasquotank County and that the money in hand and to come in hand for the building of the roads in Pasquotank County will be largely wasted by using the same on the road now about to be built.

An Unlawful Conspiracy

Seventh—That the acts and doings of the majority of said board are wrongful, unlawful and against the interests of the people of Elizabeth City and of the people in the county generally, so great that there have been held two large mass meetings in Pasquotank County protesting against building the road complained of and condemning the action of the defendant board, as forced upon it by the said majority, and said mass meeting by the citizens have gone so far as to request the highway commissioners to resign, which they declined to do, and the said defendants, who are in majority, insist and say regardless of the interests of the people of Pasquotank County, that they intend to build the said road, which will encircle the property owned by the said J. W. Foreman and others as aforesaid, and extend to the gate of J. E. Bundy, father of the defendant O. L. Bundy; and that it is wrongful and unlawful to use the funds realized from the sale of said bonds for the private interests of said Foreman and Bundy by reason of a wrongful and unlawful conspiracy and agreement as aforesaid.

Eighth—That if there were to be a road built in Mt. Hermon township extending from Black Head sign post, it should be built along the main traveled road, through a different section than the proposed road, in order to serve the best interests of the people of Mt. Hermon township; and that the road as now proposed to be built and paved with hard sur-

face is for the sole benefit and private gain of the defendants Foreman and Bundy, brought about by the unlawful conspiracy and agreement with other of the defendant commission and in violation of law and against the interest of the people of Pasquotank County.

Foreman And Bundy Quoted

Ninth—That the acts and doings of the said Foreman and Bundy are wrongful and unlawful and their securing two other members of the board to vote for them for the purpose aforesaid, as the plaintiffs are informed and believe, is evidenced by the statements of Foreman and Bundy, as follows: "I have been given credit for working for the Mt. Hermon road," announced Commissioner Foreman, "when in point of fact I have made no effort to secure its immediate construction, because I would derive personal benefit from it. Now, I'll tell you plainly, I am working for it, and shall do everything in my power to have it built right away." Says defendant Bundy, as these plaintiffs are informed and believe, "The road ought to be built by my father's farm and the Foreman Stock Farm and as the funds of the County Highway Commission were going to benefit somebody he thought it best to get while getting was good and that if they didn't get theirs before the Legislature met in its session of 1923, they would never get it."

Tenth—That the defendants are committing unlawful acts as highway commissioners, they seem to care nothing about the laws and are exercising their powers in a high handed and arbitrary manner and for their own individual benefit; that the defendant Foreman has been violating the laws of North Carolina in that the corporation in which he is president, to wit: The Foreman Blades Lumber Company, has been selling material to the Pasquotank Highway Commission of which he is a member.

Gross Abuse Of Power

Eleventh—That the defendants have abused and are grossly abusing the powers conferred upon them as members of the said Highway Com-

misison and are diverting the funds of the said Highway Commission to a wrongful and unlawful purpose in designating the road proposed to be built.

Twelfth—That the defendants recognizing the injustice of building the road complained of have gone to great and unnecessary expenses in a most extravagant manner, hastening material to the road seeking to build the same before legal steps could be taken to stop them in their unlawful acts.

Thirteenth—That if defendants be permitted to proceed now with the building of the said road and wrongfully expending the money of the people of this County as aforesaid, the plaintiffs and the people of the County will be irreparably damaged, and they have no other release save in this honorable court.

Fourteenth—That plaintiffs have instituted suit against the defendants and summons has been issued.

Wherefore, your petitioners pray that an injunction be issued against the said defendants as set out above and that they be perpetually enjoined and restrained from building the road complained of and for the costs of this action and for such other and further relief as the nature and circumstances of the case may demand.
