TUESDAY, MAY 15, 1923.

Elizabeth City is now in first class in the matter of its postoffice. It's been a first class town in other respects all along.

Rotary and Kiwanis have been in Elizabeth City now for a little more than a year. Just a year ago last Friday Rotary entertained the newly organized Kiwanis Club at a banquet. These organizations are doing a great deal to promote mutual understandings in Elizabeth City and so to pave the way for real progress.

Nothing that has occurred in Elizabeth City during the present year has given The Advance more genuine satisfaction than the plan set on foot by Rev. Frank Scattergood to organize boy scout troops in Elizabeth City. The Advance bespeaks for Mr. Scattergood, whom somehow we would like to call by his first name, the hearty co-operation of all parents in Elizabeth City.

One Thing and Another

We can't for the life of us become greatly interested in the Twelve Greatest Women in the United States, but we are more than interested in the Twelve Greatest Fish Liars. Are nominations in order?

That's all right; we don't intend to tell what we know. Of course, we recognize the ability of Herbert Brimley, Stedman Thompson, George Justice, Ed. Carter, Mose Woodard, Harry Davis, Fire Insurance McClenaghan, Nancy Parker, Bill Horton, and a host of others; but the season isn't over, we don't know who has the most worms saved up and we aren't taking any chances.

But when it comes to the twelve unluckiest politicians we are beginning to believe that we are qualified to speak. There's Mayor Eldridge, John Bray and Commissioner Mooneyham at the head of the list. You can go ahead and name the other nine. Raleigh Times.

Mosul lies on both sides of the Tigris River, on the far side of which can be seen a stretch of the oil fields.

CLUBBED TO DEATH.

Warren J. Lincoln, Aurora, Illinois lawyer who has been mysteriously murdered. An Indian club, smeared with blood was found in the back yard of the bungalow, his night clothes in an old unused well and a blood covered lady's glove which has been identified as belonging to his estranged wife. Handy Andy Says—
 It's surprising what a change any man or woman can make in the appearance of their home surroundings with a little paint, stain or varnish—the floors can be done over easily—the wood work can be brightened—furniture can be refinished—bathroom walls and ceilings can be done over with waterproof paint. There are so many places around the home where a coat of good paint will make things look attractive and wear longer.
 We sell best quality paints, stains and varnishes and I'll be glad to give any information you want regarding painting and refinishing—tell us what you want to paint and we'll show you the right paint to use. Color cards can be had for the asking.

Why That Lame Back

That morning lameness — those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back — look to your kidneys. You will make no mistake by following this resident's example.

R. B. Berry, insurance agent, 609 Southern Avenue, says: "I was out of condition and my back and kidneys bothered me. I blame the handling of paints and varnishes for the trouble. One day I had such a catch in my back it was all I could do to get up. Many mornings my back felt sore and stiff when I first got up, and often when passing the secretions I had a stinging burning sensation. My kidneys acted too frequently and were very weak. I knew this could not go on any longer and hearing of Doan's Kidney Pills I bought a box. One box helped me and after using three more boxes I was cured and the cure has been permanent."
