SHOW ME

When it comes to buying Clothing and Shoes, every intelligent person wants to know where they can get the best for the least.

By reason of personal interest of every dealer in the sale of their goods, I would say that "Reputation" is your safest guide.

First, as to the Reputation of the dealers' integrity—is he honest? Second, is he in position to buy to the best advantage? Third, has he had sufficient Experience in the Clothing and Shoe business to warrant him in knowing a good thing when he sees it?

We have made a "Specialty" of Men's, Young Men's and Boys' Clothing, Furnishings and Shoes for about 25 consecutive years.

We came to Elizabeth City, nine years ago, without an acquaintance, much less a patron!

Come to see us, and you can get our measure both as to our size, and as to the amount of business that we do.

Our line, Suits, Shirts, Underwear, Sox, Ties, Hats, Caps, Trousers, Shoes, Etc., is full and complete.

And when you have seen them, I feel confident that you will agree with us that we have the right Merchandise, at the right price.
