Here's Some Boy's Chance
A month's vacation with all expenses paid is the opportunity presented to boys and young men between 17 and 24 years of age in the military training camps of the United States of America.

Thirty days of outdoor life with railroad fare, food and clothing all provided for by the Government is an offer that any youngster eligible for admission to one of these camps might well ponder seriously before deciding what to do with his summer vacation.

"These schools," says Dr. Frank Crane, "are not for the purpose of making soldiers out of boys. The boys there do not learn how to kill. They learn how to behave themselves, to get strong bodies, alert minds, how to become good citizens, how to get along with their fellows, what a wonderful master Uncle Sam is, and that there is something in this world besides one's own pleasure—that there is a great country to serve, to live for, and even to die for."

Youngsters or their parents who may be interested in such an opportunity should get in touch with J. H. LeRoy, Jr. He is looking for a number of boys from Elizabeth City and Pasquotank County who would like to take an outing at Uncle Sam's expense this summer.

Thanks to daylight saving, the 3 o'clock edition of The Advance goes to press with closing quotations on cotton futures, while the city edition begins coming off the press a few minutes after 3 o'clock. Do you wonder we are strong for daylight saving?

"Where is a rural community whose new church is in keeping with its new schoolhouse?" is a query The Advance propounded something like 12 months ago. Last week we found the answer. It's South Mills.

While our admiration for Hertford's hospitality is unbounded, we can't help wondering if our neighbor city hasn't taken in just a little too much territory.

ASKED TO MAKE ROOM FOR VISITORS TO PARK
At a meeting of the Chamber of Commerce Tuesday morning City Manager Bray brought to the attention of the members the necessity of providing more parking space for visitors in Elizabeth City on Saturdays. It was suggested that all those who live within the city either leave their cars at home on Saturdays or, if absolutely necessary to drive to the heart of the city, at least park in the side streets.

SON PREFERS FATHER
Dobson, April 30.—Ivey Hinsley, 17, son of Mr. and Mrs. H. E. Hinsley, who are said to be divorced, was given into the custody of his father here when he told Judge Lyon in the Surrey County Court that he preferred to live with his father. Ivey had lived with his mother until a few weeks ago when he went to New Bern to be with his father acting upon his own accord. The mother instituted habeas corpus proceedings and had him returned here to appear before Judge Lyons when the award was made to the father.

CARD OF THANKS
I take this means of thanking all those who so kindly assisted at the funeral of Mr. Clarke, for the floral offerings, automobiles and expressions of sympathy. MRS. ANNIE CLARK

Justifiable Pride
The Boy who wears Right Posture Clothes has a right to be proud. And a Boy who takes pride in his Clothes will make a Man of himself! Give the Boy a chance—good Clothes cost but little more than shoddy ones, and they give the wearer a feeling of self-reliance that is absolutely essential to success. C. A. COOKE

A STATEMENT

To the Democratic Voters of the First Senatorial District:
Recently I announced myself a candidate for the State Senate from the First Senatorial District. It will be impossible for me to see all the voters of the District and explain my reasons for seeking this office, and so I am going to avail myself of this method of bringing the matter to your attention. I am not a politician in that I desire office. In fact I know of nothing more foreign to my desire than to be an office holder. But there come times when a citizen should seek office in order to further some measure which vitally concerns his community. Such a situation has arisen in our District. The one big question before the people of Northeastern North Carolina is the bridging of Chowan River in order that the proposed Coastal Highway shall become a reality. This proposition is now acute in that if we fail to get action on it by the next Legislature we would have missed our golden opportunity and the highway might then follow the course originally mapped out. This is a time when we must not be simply for the bridge. But we must be so earnest and determined in our fight for it that others may be won over to our cause. Those who have urged me to make this race seem to think that I am qualified to put up a good fight for the bridge. And they have thought that because our immediate section is so concerned about the project that one of us could make a better fight for it than some one whose interest might not be so acute. And for this reason we feel that our representative should come from the section which would back him in this movement to the fullest. As the situation now stands we have three candidates in the field. I have no doubt all three of us are in favor of the bridge or anything else that concerns the welfare of our people. And I am not arrogating to myself any superiorities over either of the other candidates. In fact but for the bridge issue I would not have entered this contest and would have deferred to the other two gentlemen who have in the past made us most desirable representatives. I think this question is above politics and the men selected should be those who will be most vigorous in pushing this project—a project more vital to us than any other that has arisen in the history of the State. We think that a representative from a county not contiguous to the proposed bridge area—no matter how much he might favor it personally—would not be the proper man to put it over. There is a vast difference between being negatively for a thing and positively determined that it must be done if human energy can accomplish it. For this reason we thought it wise that this time we have in the Senate two men whose unquestioned interest was with the project because their communities were directly on the proposed route. If I was playing politics I would not advocate either of the other gentlemen in preference to the other. But I am not doing this and for this reason I am hoping that Mr. P. H. Williams may be one of the successful candidates. In fact, unless he should be returned there would be no reason for my being selected. So I make the positive statement that unless Mr. Williams is one of the high candidates that I will withdraw my name and thereby make him one of our Senators. In other words Mr. Williams will be one of your next Senators regardless of the result of the Primary. I have nothing but the highest personal regard for Mr. Costen, and but for this one issue would be unqualifiedly for him. But for the reasons above set forth I do not think he is in a position to fight for the Bridge as am I—and for this reason alone I have the temerity to ask that the electorate put me on this particular job. If the public, after considering the matter in the light of the above, do not see it as we do, I will accept their decision most cheerfully. The matter is not personal to me—and I shall not feel personally aggrieved if others do not see as we do. I remain, Sincerely, J. H. McMULLAN. adv.

Joyful Family Reunion
"Two of my brothers, a sister, as well as myself have been chronic sufferers from gas in stomach, indigestion, pain right side near appendix and liver trouble for many years. My sister tried Mayr's Wonderful Remedy with such good results that we all took a course of it and it helped in each case. Last Sunday we had a family reunion in celebration of our recovery and what we all did eat." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists. adv
