ABE MARTIN

Women are gettin' tired o' bein' women, an' that's the whole thing in a nut shell. It's lots o' fun t' go t' a party these days jest t' watch th' guests drink and then sit back an' wait for a kick.

No Occasion for Hostility

As is generally understood in Elizabeth City, The Advance was among those who hoped that the Elizabeth City hospital could be kept going as a community enterprise.

However, the community was not willing to support it, and the community, therefore, has no one but itself to blame for the fact that the hospital has passed into other hands. Certainly there is no room for any feeling of resentment against the new management which is undertaking to do for us what we would not do for ourselves.

Elizabeth City needs a hospital. That goes without saying. We are not enlightened or generous enough to run one for ourselves. If the Sisters of Humility and Mercy can come here and operate the hospital successfully, after our own failure, the more credit to them for it. And heaven forbid that there should be any spirit in this community that would wish to see them fail or that would make harder for them a task that we must know to our own knowledge is not a light one. The Advance can not believe that this community will wish to assume a dog in the manger attitude toward the new undertaking.

We Know Him

The Advance doesn't undertake to tell anybody who to vote for in the primary, but it does feel that no one who votes for O. J. Peterson for Commissioner of Labor and Printing will ever, if he is elected, have cause to regret it.

The Advance is not speaking of Peterson from hearsay. When just out of college he was the writer's teacher and later he was editor and publisher of the semi-weekly newspaper on which this scribe got his first experience in newspaper reporting. We know him, and we'll vouch for what Editor Beasley of the Monroe Journal says of him.

And if Peterson gets the office of Commissioner of Labor and Printing it will be the first time that he has ever got what he deserved from a State to which he has given a large part of a lifetime of service.

Warren says it's too late to get his reply to Ward circulated throughout the District before the primary, but in this part of the district he seems to have covered the ground pretty well.

The Governor's proposition as to the State port and water traffic issue, in case readers of The Advance failed to catch the drift of The Associated Press dispatch, is, with the consent of the Council of State, to call a special session of the Legislature to be convened early in July at which time the Governor will ask for the enactment of legislation called for in the recent report of the Ship and Water Transportation Commission with the express proviso that the legislation shall not become operative until it is approved by the people at the polls.

Some of the newspaper boys want to change the primary from Saturday to some other day in the week, but we'll tell the world, for our part, we think it highly fitting that it should be followed by a day of rest.

The Advance would have been glad if the primary could have passed without all this charging and counter charging. Once a fire of this sort starts, there's no knowing where it will stop, but we are hoping that the first primary will end it.

A Vote for Hobbs

IS A VOTE FOR

Law Enforcement

A vote for some other candidate is a vote for what?

Hobbs is the only candidate who has taken a stand as to a sheriff's duty in the matter of law enforcement.

Law abiding citizens all over the County are flocking to his support.

You Know Where he Stands

L.M.NASH

— FOR —

Commissioner of Labor and Printing

In making this announcement I have no apologies to offer. I am a Democrat of the Tar Heel kind, and a practical printer of experience.

This office is within the gift of the voting population of the greatest state in the Union.

There is a good and sufficient reason why a change of officers is necessary at reasonable intervals for the safety of good government.

I want the office and solicit your vote at the June 7th primary.

LUTHER M. NASH,

Why the People Should Vote For L. W. Anderson For Sheriff

Because, Louis W. Anderson has been in the public service for twenty-four years. His experience during these years has enabled him to come in close personal contact with the problems of the people and to learn their needs. He is a man that will do what he thinks is right and what he believes his people want. He is a friend of the masses.

Because, twelve times the second ward, the largest constituency in the County, elected him as their alderman and everyone who has watched the city's administration knows that he has always served the people, faithfully, efficiently and fearlessly, always doing what the people wished and not what he or a few wanted.

Because, when you vote for Louis W. Anderson for any public office, you are not experimenting. You have seen him in harness for a quarter of a century and know that he can be counted on to do the will of the people. For these reasons I, not as a friend, but a tax-payer of this county, recommend him as one eminently qualified for the Sheriff's office.
