

**SPEAKING AT SHILOH
BY MANN AND AYDLETT**

Shiloh, June 5.—S. S. Mann and E. F. Aydlett, candidates for the Democratic Congressional nomination from the First District, spoke to a large crowd at the high school here Wednesday night. The crowd paid close attention to both speakers and each seemed to make a very favorable impression. The candidates were very friendly in their remarks about each other and made it plain that they did not intend to make a race for Congress by trying to harm the character of any candidate in the race.

Both candidates will speak at Elizabeth City Thursday night. Referring to the joint speaking at Elizabeth City Mr. Mann expressed regret that he did not know before he made the arrangements to be there that Mr. Aydlett had planned to close his campaign there on the same night. "But I won't take any votes from Aydlett over there," Mr. Mann said, "and he don't care how many I get from Warren."

Motor cars have so completely

with the best girl on Sunday.

Thomas H. Ince needed such a con-
veyance for one of the scenes in
"Her Reputation," showing at the
Alkrama today. He learned to his
sorrow that, like the dodo, the spe-
cies is fast becoming extinct. An old
farmer in Tulare county was finally
found who had a seventy-five year

a flooded river, precipitates a series
of events which lead to the climax.

**Warren Replies to the Last Minute Stab in the
Back Signed by W. T. Ward**

**PEOPLE ALL OVER THE DISTRICT RESENTING DIRTY TACTICS NOW BE-
ING USED AND THE ELEVENTH HOUR EFFORT TO DESTROY HIM.**

To The Voters of The First Congressional District:—

One W. T. Ward of Rocky Mount, N. C., has signed his name to an advertisement which has been inserted in the papers by my opponent, Mr. Aydlett, making a dirty, untruthful, malicious and eleventh hour attack on me. I call the attention of the voters to the fact that this man Ward does not live in the First Congressional District and therefore can not vote in this primary. He is an imported paid political hireling brought down here to defeat me. Every citizen in Martin County who knows Ward, knows, that he did not write the article to which his name was signed, but that he is the mere tool of the opposition to me.

My friends and I were told seven weeks ago that this article would appear one week before the primary; that the stage had been carefully set to make this attack on me when I would not have a chance to get my reply to it before all the people of the District.

This paid tool behind whom another is hiding says that I was a paid lobbyist in 1921 of the Southern Power Co., when I was not a member of the General Assembly. I denounce this as an infamous, slanderous lie. In 1921, during the closing days of the Legislature, the Cotton Mill Trust of Western North Carolina, composed of over one hundred cotton mills, representing a total capital of over Four Hundred Million Dollars, appeared before the Legislature with a bill to upset by a law decisions that our highest court had already decided against them. In other words when they lost their case in the Courts they tried to get the Legislature to win their case for them. This Mill Trust had over 40 lawyers representing them from every part of North Carolina. They tried to employ me, and I refused their employment because I believed that their cause was wrong. With five other lawyers I did represent the Southern Power Co. One of these five was Hon. J. C. B. Ehringhaus of Elizabeth City who is supporting his fellow townsman, Mr. Aydlett. As a lawyer representing my client I made a 15-minute talk before the committee hearing the matter. Not one member of the General Assembly can say that I ever discussed the matter with him or approached him in any way. Mr. Ehringhaus and I represented our client together with our three other associates, as any other lawyer would do, and we won our case. The statement signed by Ward that this matter caused the poorer people of the State to pay more for power is a deliberate and unqualified falsehood, and Mr. Aydlett who is causing this statement to be circulated throughout the district knows that is is a deliberate falsehood.

This paid tool behind whom another is hiding says that I accepted large sums of money from the Moving Picture Trust to lobby against a bill for a State Censorship of moving pictures. I denounce this as an unqualified lie.

This paid tool behind whom another is hiding says that I served as a lobbyist for the banks of the State when they wanted special legislation to reduce their taxes. I denounce this as an unqualified lie. In 1921, when the Revenue Bill was drawn a clerical error was made in the paragraph taxing banks. My friend, Mr. A. M. Dumay of my town was President of the State Bankers' Association. He employed me to appear before the Committee as his attorney to point out this mistake. Hon. R. A. Doughton, now State Revenue Commissioner, who drew every Revenue Bill in this State for over 20 years, told the committee that a mistake had been made, and the Legislature at once corrected it. Ask any banker in North Carolina and he will tell you that this statement is correct.

This paid tool behind whom another is hiding says that I was the lobbyist of the hotels of the State against a bill to protect the health of the travelling men. I denounce this as an unqualified lie.

The foregoing accusations are made against me at a time when I was not a member of the General Assembly. Now this same paid tool says that I was the bitterest foe in 1923, when I was a member, of a bill to create a State-owned ship and water transportation system. The Legislature was asked to at once vote Two Million Dollars of the people's money to buy steam boats and build docks. I did oppose such a proposition, together with the large majority of the General Assembly. I took the position that before North Carolina should enter into this scheme that the matter ought first to be investigated. My fellow members agreed with me on this proposition, and followed my leadership, and we ordered an investigation. The leader in favor of the investigation in the Senate was Senator P. H. Williams of Elizabeth City, who is supporting his townsman, Mr. Aydlett. The complete and absolute soundness of my stand is shown by the report of this investigation Committee issued just a few days ago, when they said the bill could not be put in effect by an expenditure of Two Million Dollars, but that it would require Seven Million Dollars or even more. Since this report has been filed spirited citizens from every section of North Carolina have voluntarily written me congratulating me upon the vision that I showed in this matter. I have never represented a railroad company in my life and have always appeared against them.

This paid tool behind whom another is hiding makes a vicious appeal to a great church denomination of which he is not a member. Lindsay Warren has more members of the great Baptist Church supporting him than any candidate in this race for they bitterly resent the type of campaign that has been waged against him.

This dirty, carefully planned, false and malicious attack made on me at the eleventh hour when I can not reply to it all over the district has created a wave of resentment. Telegrams and letters from men who were supporting Mr. Aydlett are coming in from all sections denouncing this submarine attack and this last minute stab in the back.

I have made a clean, honorable campaign without the aid of funds to even permit me to write a personal letter to the voters. It is a matter of common knowledge that more money has been spent to defeat me by this rich and powerful man than has ever before been spent in this district. My speeches, as everyone knows who has heard me, have been free from attack on him. In my personal conversations I have said nothing but of respect for him. I have always said that if I can not go there clean, then I do not desire to go at all.

As every one in his section knows, Mr. Aydlett has been one of the foremost corporation lawyers in North Carolina. He has appeared before the Legislature in his capacity as an attorney time after time in behalf of his rich and powerful clients, and when I was a member has solicited me to vote in behalf of the measures he was interested in. This attempt to try to make me appear in his same light makes people laugh who know us both. I was the man who led the fight in the General Assembly against exempting from taxation stocks in foreign corporations. Mr. Aydlett's business associate and supporter, Senator Williams of Elizabeth City, was one of the leaders in exempting these stocks from taxation.

**THE PEOPLE IN THIS DISTRICT WILL CONDEMN IN NO UNCERTAIN TONES THIS DIRTY
LAST HOUR ASSAULT ON ME. THEY ARE GOING TO THE POLLS WITH MORE DETERMINA-
TION THAN THEY HAVE EVER HAD. THIS THING WILL RISE UP TO STRIKE IN THE FACE
THE ONES WHO INSPIRED IT. IT WILL GIVE ME A LARGER MAJORITY THAN I EVER EX-
PECTED FOR THE PEOPLE ARE FAIR AND DESIRE TO SEE A MAN, EVEN IF HE IS POOR,
GET A SQUARE DEAL.**

**Voters of Pasquotank
TAKE NOTICE**

Among other untrue statements that have been made to discredit my candidacy for Sheriff of this County, I hear that the people are being told that I have promised the job of deputy to C. A. Gregory, who is chief of police of Elizabeth City. I want to brand this statement as absolutely false. Mr. Gregory has never expressed any desire to me for this position. Neither have I ever contemplated appointing him to this position and I wish to say that if I am elected he will not be my deputy.

I shall appreciate your vote and support by giving honest and faithful service to the office, if elected.

Sincerely,

MILES W. FEREBEE

**Why You Need Iron—
To Make You Strong and "Brainy" and Put the
Power Into Your Blood To Overcome Disease Germs**

The food you eat contains carbon. When your food is digested it is absorbed from the intestines into the blood. When the carbon in your food comes in contact with the oxygen carried by the iron in your blood, the carbon and oxygen unite and by doing they give off tremendous energy, thereby giving you great force, strength and endurance. Without iron your blood carries no oxygen and without oxygen there is nothing to unite with the carbon in your food, so that what you eat does you no good—you do not get any strength from it—it is like putting coal into a stove without a fire. You cannot get any heat unless the coal unites with the fire.

The strongest weapon with which to prevent and overcome colds, pneumonia, kidney trouble, rheumatism, nervous prostration, is that which you eat or drink.

plenty of good rich, pure blood, strength, energy and endurance and the greatest energy carrier in the body is organic iron, not metallic iron which people usually take, but organic iron like the iron in spinach, lentils and apples, and like the iron contained in what is known as organic Nuxated Iron, which may be had from almost any drugist. Nuxated Iron often increases the strength, energy and endurance of weak, nervous, run-down folks in two weeks' time.

It has been used and highly recommended by former United States Senators, Members of Congress, Judges of U. S. Courts, many physicians and prominent men.

Over 4,000,000 people are now using it annually. Satisfactory results are guaranteed or the manufacturers will refund your money. Sold by all druggists in tablet form only.
