Jake Bentley has traded his seven-passenger car for a one-seated roadster...

Three welcome, Woodmen, to Elizabeth City.

From what we know of him when we lived in the State, we assume that Cole Blaise is pro Klan.

With Cole Blaise again seemingly the issue in South Carolina we can't feel sorry that we don't live just now in the Palmetto State.

Eight instead of six month school terms in Pasquotank means some progress, but when do we catch up with Currituck?

Hiram Eason should have advertised for a bondsman in The Advance instead of going to look for one in person.

Though not serious, comparatively speaking, the damage to this section from Monday night's storm seems to have been considerable and widespread.

See by news item that the town commissioners of Scotland Neck have banned dancing. Here the idea prevails that the Ham Ramsey meeting is going to do it.

Virginia newspaper says we're going to have a golf tournament here next Monday. Maybe we will by the time the country club gets going, but this year it happens to be tennis.

Noting Henry Ford's denial in Thursday's dispatches of the endorsement of the Ku Klux Klan attributed to him the day before, we presume that another reporter has had a dream and will be duly fired. But then, again, it may be a case of a man with too many friends who presume to have authority to speak for him.

Zoning ordinances have been adopted in 41 cities since the first of the year, according to the U. S. Department of Commerce, bringing the total number of American cities having such ordinances to 261. This seems to be the hottest summer since last year. Sometimes the pensive girl makes an expensive wife. Perhaps they are called telephone exchanges because they swap right numbers for wrong numbers.

THINK HAVE DIAMOND THIEVES IN THE NET

New York, Aug. 28.—In the arrest today of two men and a woman charged with robbing Alexander Feldenhimer of one million dollars worth of uncut diamonds on August 22, the police and detectives representing Lloyds of London believe they have taken the first step in the disorganization of a band of clever thieves and the clearing up

REPUBLICANS NOT FIGHT PORT BILL

Durham, Aug. 28.—Declaring that "laws which benefit the people should not be defeated," William G. Bramham declared here last night that the port bill should be ratified in November, that it

is for the good of the State and that the Republicans will not fight it nor seek to make it an issue in the State campaign.

ONE LOVE CASE

O. E. Jones, proprietor of the Quality Bakery, was let off with the costs in the recorder's court Thursday morning, for failure to provide a properly covered receptacle for garbage, on condition that he forthwith comply with the

city ordinance in this matter. This was the lone case resulting in conviction before Trial Justice Spence Thursday.
