Rucker & Sheely Store Adds Much Space and a Great Deal of Charm

Ladies Ready-to-Wear Department Well Fitted Out In Special Section; Other Departments; New Ivory Tones Lighten and Cheer the Interior

The well known store of Rucker & Sheely has had a busy summer,—busy in a double sense of the word. Business has gone on as usual during the usually designated "dull season," and then work has been going on constantly on the interior of the store, so that it has added approximately one third of its former space and has grown in attractiveness and convenience to a noticeably marked degree. This work has chiefly gone on in the rear of the store, with a large area on the northwest corner now taken up with the ladies fitting rooms and plenty of display place make this a most convenient place for ladies to do their shopping. On the corresponding corner on the northeast the piece goods is well arranged so that shoppers who like to do their own sewing may readily find just what they are seeking. Upstairs at the head of the stairway—which by the way is quite a nice short stairway—is a new department for tiny tots. Here dainty garments for Sister and Junior are on display and there is room for inspection and fitting. On the opposite side upstairs

SILVER PRESENTED REGISTER OF DEEDS

Plymouth, Aug. 7.—Three beautiful pieces of silverware were presented Monday as a wedding gift to Mrs. D. V. Clayton, register of deeds, by county officials and assistants. The pieces were a large steak dish, a cover dish and a center piece. Presentation was made by Z. V. Norman, county attorney, who expressed to the recent bride the good wishes of her associates in office for a long, prosperous and happy life with her husband. Mrs. Clayton was formerly Mrs. Jerry Sawyer and is serving her second term as Washington County register of deeds. Mr. Clayton is a assistant cashier in the Branch Banking and Trust Company at Plymouth. The bride and bridegroom recently returned from their honeymoon in northern states and Canada.

REVIVAL TO CONTINUE

Roper, Aug. 7.—Rev. and Mrs. Jesse McCloud, Pentecostal Holiness preachers, have started an old fashioned Holiness revival in Creswell. Health authorities arrested them Friday, August 2, for holding these services. Rev. Mr. McCloud immediately closed his meeting and started an investigation. He found that Washington County authorities continued to permit theatres, beaches, Sunday Schools and pleasure seekers gathering together. Wherefore he returned to Creswell and reopened his meeting. Public sentiment locally is that if there are to be no revivals, then all other congregating centers should be closed. No revivals, no theatres, no beaches, no public gatherings and no on will mean a quiet time for Washington County residents. If these methods will totally debar infantile paralysis, however, they are extremely profitable. No case has yet been reported in this county.

FUNERAL MR. WILLIAMS
South Mills, Aug. 7.—Funeral services for John Bell Williams, 75, who died at his home here Saturday, were conducted Sunday afternoon with Rev. J. A. Harrell, pastor of Ebenezer Baptist Church, officiating. Mr. Williams is survived by 14 nieces and nephews.

Stop Chills and Fever!

Rid Your System of Malaria!
Shivering with chills one moment and burning with fever the next—that's one of the effects of Malaria. Unless checked, the disease will do serious harm to your health. Malaria, a blood infection, calls for two things. First, destroying the infection in the blood. Second, building up the blood to overcome the effects of the disease and to fortify against further attack. Grove's Tasteless Chill Tonic supplies both these effects. It contains tasteless quinine, which kills the infection in the blood, and iron, which enriches and builds up the blood. Chills and fever soon stop and you are restored to health and comfort. For half a century, Grove's Tasteless Chill Tonic has been sure relief for Malaria. It is just as useful, too, as a general tonic for old and young. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle at any drug store. Now two sizes—50c and \$1. The \$1 size contains 2½ times as much as the 50c size and gives you 25% more for your money.

FARMERS TO SIGN TOBACCO CONTRACTS

Plymouth, Aug. 7.—W. V. Hays, county agent, reports that he expects the new government tobacco contracts to reach him by August 15 and farmers will be signed up as soon as possible thereafter. These contracts will cover a three year period instead of one year as heretofore and are expected to have a very favorable effect on the tobacco market. Some corn and hog contract and cotton rental checks have already been distributed and tobacco and peanut checks will be received soon. Large quantities of fruits and vegetables which would otherwise have gone to waste have been canned for home consumption by the women's home demonstration clubs in Washington County, according to Miss Eugenia Patterson, home demonstration agent, who is also giving valuable assistance in this work to non-members of the clubs.

FIRM IS EMPLOYED FOR COUNTY AUDIT

Plymouth, Aug. 7.—The firm of Williams and Wall of Raleigh has been employed by the Washington County board of education to make an audit of the board's accounts for the fiscal year 1935-36. Compensation will be \$175 for the audit and \$50 for other services that may be required. The total of \$225 is compared with \$350 formerly paid the same firm for the same service. Taxpayers of this county will be glad to learn that the board of education and Williams and Wall have reduced their estimate of the value of the services of the latter. During its meeting the board spent some time preparing the budget for the coming year but this is not yet complete. The date for the opening of

schools was discussed but left unsettled pending decision of health authorities on account of the infantile paralysis epidemic.
