ANOTHER SCIENTIFIC WONDER DR. J. S. HOUGTON'S GREAT DYSPEPSIA CURER!

The True Digestive Fluid, or Castric Juice ! Prepared from Rennet, or the fourth atomach of the Ox, after directions of Baron Libbig, the great Physiological Chemist, by J. S. Houghton, M.

D , Philadelphia, Pa. This is a great Natural Remedy for Indigestion, and Dyspepsia, caring ofter Nature's own Method, by Nature's own Agent, the Gastrie Juice. Pepsin is the chartelement, or Great Digesting Principle of the Gastie Julies the Solvent of the Food, the Purifying, Proceeding, and Stimulating Agent of the Standard Intestines. It is extracted from Conference with this section stricken out. the Digest, at Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastrie Juce, in its Chemical powers, and furnishing a complete and perfect substitute for it. By he aid of mis preparation, the pains and evils of indiges (i.m and Dysnepsia are removed just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of debitity, emaciation, nervous decline and Dyspeptic consumption, sup-pused to be on the verge of the grave. The Scientitic Evidence upon which it is based, is in the

highest degree curious and remarkable. Baron Leiebig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be prepared from the mucous membrane of the stomach of the Ox, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."
Half a teaspoonful of pure Press, infused or disolved in water, will digest or dissolve Fire Pounds

Roast Beef in about two hours out of the Stomdealers in fine drugs and Popular Medicine, throughout the United States. It is prepared in Powder. in Books, and sheets, also Letter Sheets—with and in Fluid form—and in Prescription visits for the graniety of mercantile blanks, for sale at The Comuse of Physicians. use of Physicians.

Private Circulars, for the use of Physicians, may be obtained of Dr Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a secret remedy. no objection can be raised against its use by Physicians in respectable standing and regular practice. Psice in Fluid form, One Dollar per

ADAMS, BROTHER & Co.

(FOR THE COMMERCIAL.) TRANSFER QUESTION.

Having established my charges in a former article, I now proceed to review the communications which appeared in the Herald. I wish it known in the outset that the issue is not between me and brother Cassidey. 1 have made no accusations against him; ner is he the nuthor of "North Caroling" nor any of those articles to which his name is signed! He sever dictated nor wrote one of them. The article signed North Carolina, seat to Dr. Lee was in the hand writing of J. T. Munde ! The private note requesting Dr. Lee to publish it was in the hand writing of J. T. Munde, with the eign ingungl of J. Cassidey! The last note to Dr. Lee, so bold and insulting in its tone, requesting him to publish or return the communication, was in the same hand-written by J. T. Mundy-Nor has brother Cassidey, if left to himself, the heart to write such articles: So full of the overbearing, intolerant spirit of South Carolina, I affirm J. T. Munds to be the auther of all of them This affords another ins ance of the course pursued by the Ministers of the S. C. Conference to excite oppostion to the transfer and rebellion against the highest authority of the Church. And I sole again that it is the settled conviction of my heart that the F. C. Conference intends to have things her own way-will rule or multify. Witness her course in reference to the Discipline. The last General Conference passed a law that the Discipline should not be published with the 9th section the General Conference refused. And yet in the face of these two decisione, the S. C. Conference publishes a Discipline with this section expunged ! This is rebellion, nothing else but rebellion and incipient secession. What will they do in 1854? The General Conference will not recognise their Discipline nor pass by this act of disobedience? What then ? South Carolina, I mean the Conference, will leave the connection. But to the task before me:

knows and his party," som at the time" thus Dr. Houghton's Pepsin, is sold by nearly all the was written but two articles had appeared in the Richmond Christian advocate on our side of the question; one over this signature. and one in February or March last over the signature North Carolina, which last had reference to the Bishop's plan of pacification and the manner in which that plan had been carried out. On the other side, since the first of June 1851, a dozen articles at least, . (I speak from memory) from Dr. Wightman, "a member of the S. Carolina Conference," two other anoymous writers, H. A. C. Walker, and A Layman, have appeared in the Southern Christian Advocate. Two, to a dozen written by no less than six individwals ! and yet brother Munds says "all that has appeared latterly was by One who knows and his party." Oh, brother Munds, how could you make such a statement? I appeal to the columns of the two papers. Your asticles was written about the middle of May. 2. "The writer"-alloding to me-to be sure does not in so many words say that numerous abusive articles have been published by Dr. Wightman, but the idea is most unmistakeably conveyed by his language." I do most emphatically say so. Dr. Wightman has done that thing, either from his own pen or others; they live and speak now in his paper. They will appear as so many departs ! ghosts when he must pass his ordeal. Brother Munds continues "Now is this right?-Can we believe that God, will any more countenance a purpose to deceive, than he will a direct untruth?" I answer no. Ard yet you say; "all that has been written latterly has been written by "One who knows" and his party. Two articles to a dozen!

1. Brother Munds says in this communi-

cation, North Caroling-"All that has been

said latterly has been said by One who

Did you intend to deceive? 3. In his history of the case, "One who knows" says "when Jacob had become strong, Virginia relinquished her claim upon her part of N. C. Territory to form a Conference of that name. Now what does the brother mean? Is he ignorant of the real state of the case, or would be intentionally lead the public into error? Did the Virginia Conference give up her part of N. C. Territory ?-No, when she became so large as to be un wieldy, for her own convenience as much as anything else, she cut off that portion of her part of N. C. Territory, now forming the N. C. Conference but took good care to reserve such part as would be of advantage to her; in which are, perhaps, proportionately, more
