# FOR THE COMMERCIAL. THE TRANSFER QUESTION.

It will be remembered that some time since published in the Commercial, a statement of facts setting forth the conduct of some of the Ministers of the South Carolina Conference. with regard to the "Transfered Territory." In that statement I made the following deelaration ; "That a certain Presiding Elder had received several letters from different quarters in South Carolina urging him to atir up the people to rebel" against the law of the General Conference, transfering them to the North Carolina Conference ; and that Bro. BARRINGER was the P. E. Bro. BAR-RINGER came out in that paper with an emphatic denial. He admitted, bowever, 'that the contents of one of those letters and the substance of another; be th of which, in the judgment of any unbiased mind, went direcily to establish my statement. I therefore heritated whether I ought to notice this matter any further-whether I ought to criticise his reply and show that his admissions upset his denial and vindicated me. or lay before the people of Wilmington a certificate which South Cirolina rodomontade, a mere wire each a large number. worker in the scenes. but who has been dragged to the light by Dr. LEE under the cognomen of "JEREMIAN TITMOUSE MANAKIN," who has published in the streets and in the houses in the most offensive manner possible, self justification, therefore, I appear before ration of all, the admissions of Bro. BARRINone and the following certificate from one who stands high in every relation of life. SALE OF BUILDING STATE

GUANO. This article is now most extensively em-ployed by the farmers of Maryland. The Elkton Democrat of Saturday, says: We crossed the bay last week, in compa-

y with a Talbot larmer, who was proceeding to Baltimore to purchase one hundred tone for himself and neighbors. But a faw weeks ago, a farmer in this vicinity, purchased sixty tons for his own use. In Queen Anne's, we are informed that so great is the outlay for guano and other fertilizers, that the farmers can scarcely find money to meet their ordinary expenses. In Caroline, an intelligent farmer informed us that the price i of land had doubled in ten years, owing to the mirit of improvement, abroad among her. The following special premiums are offered in the second secon the spirit of improvement, abroad among her furmers. We are gratified at these evidences of prosperity. The agriculturists of Maryland only require a little more time to place this State on an equality with the most highly improved States of the Union.

#### ONE OF MANY CASES.

The New Orleans "True Delta" of the 19th instant says that it has a letter from Mrs. Eliza F. Dorr, depicting, in very feeling language, her bereavement and destitution, her husband, John M. Dorr, having left, as he alleges, on the Cuba he had received letters, and that he might expedition, as interpreter to Col Crittenden's have said so;" and then gave a part of command, loaving her and her six children entirely unprovided for. Since then she states her misfortunes brought her to extreme want, her furniture being taken by some constable on an execution. and herself and little ones exposed on the bare ground; from which afflicting condition Sheriff Lewis benevolently extracted her.

### A STEAM FLEET.

No fewer than six Ocean Steamers took their departure from the port of New York on Saturday, rould settle this matter. I was averse to the the "Pacific" for Liverpool; the "Brother Jonalatter for several reasons, but the course of than" and "Illinois" for Chagres; the "Roanoke" certain persons in Wilmington compel me to for Richmond; the "Freeman Rawdon" for Alexdo so. There is a certain little Reverend andria and Norfolk; and the "Florida" for Savangentleman there, the very quintessence of nah. The Illinois carried out upwards of six hundred passengers.
