NEW YORK MONEY MARKET. Oct. 22 .- No apprehension is now felt at the exportation of specie, the receipts of gold from California being sufficiently extensive to allay a fears on this points. Upwards of two millions five hundred thousand dollars have been received within the last fortnight, and it is confidently expected that the receipts of the month will reach \$4,500,000. Independent of this our Banks are well fortified, having nearly, eleven millions dol-

lars worth of coin on hand. In Domestic Exchange the improvement in the Money Market has operated favorably on the rates on distant points of the West, and the large sales of cotton in the shipping ports have reduced the quotations on the South. New Orleans and Mobile funds are much wanted.
