The Legislature of Ohio have openly declared for interrention. Some time ago we had to report conservative action of the Senate and the House but that action was reconsidered in the former body, and the following substituted, which passed both Houses:

Whoever will take the trouble to examine the history of the nations, will find a wonderful difference in their attitudes and designs. #### THE STEAMER AMAZON.

We have received further particulars of the loss of the steamer Amazon, the calamitous fate of which we have already noticed.

Just before the departure of the Arctic from Liverpool a telegraph despatch was received from Southampton, communicating intelligence of the total loss by fire of the Royal West India Mail Company's steamer Amazon, with all on board, except nineteen of the crew and two passengers, out of a total of one hundred and fifty-five perthe Mexican Indemnity Bill, which is under de- sous. The above are mere random thoughts; incipient, of course; an impromtu production from the reading of your article, the maturity of which may be fondly looked for hereafter. I would say in conclusion that if the strings of our purses are so freely loosed to the humbugs of the day, may we not expect when real necessity calls and charibe open for the relief of th v suffering ?

#### OUR RELATIONS WITH ENGLAND:

Advices have been received in Washington from London to the 2d instant. Mr. Lawrence had been furnished by Lord Granville with a reply to the letter addressed by our Minister to Lord Palmerston in regard to the Prometheus affair, in which he (Lord G.) informs him that, so far as a judgment could be formed upon the statements then before him, the act was disapproved; but he preferred to wait until all the facts were authentically in his nossession before giving an unqualified answer. Mr. Lawrence replied to this, urging a more definite response, and, in return obtained, from Lord Granville a positive assurance that, if directed to investigate the affair corresponded with the complainants, the act would be fully the whole country. and promptly disavowed.

A copy of that report was received at Washington on the 18th inst., and, as it confirmed sub- Gila. stantially these allegations, the affair may now be regarded as settled.
