LADIES' SEWING BIRDS.

THESE useful articles are especially recommended to the notice of the Ladies, for whose particular use and benefit they are intended. Something of the kind has ever been needed to hold their needlework while sewing. Improvements are constantly being introduced to lessen the labor of men, but little or nothing has been done to alleviate the burden of the other sex; this article, however, will greatly relieve while it will facilitate their work.

They may be had of the subscriber, at wholesale or retail, on Front Street, a few doors below market; where also may be found a supply of Upholstery Goods, Curtain Materials, Trimmings and Ornaments, siegant and beautiful Pictures, Prints and Oll Paintings.

Particular attention paid to Curtain Trimming and hanging—and the manufacture of Picture, Portrait, and Looking Glass Frames, in every variety of style and size.
