To Professor Holloway: St: Your Pills and Ointmenthave stoud the high-est on our subt list of Propiletary Medicines, for some years. A customer, to whom I can refer for any inquiries, desires me to let you know the par-ticulars of her case. She had been trashed for years with a disordered liver, and led digestion. On the last occasion, however, the virulence of the at-tick was so alarming, and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it; fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and al-though she used only three bases, he is now in the enjoyment of perfect health I could have sent you many more cases, but the above, from the sectority of the allack, and the speedy cure.
