DR. HOOPLAND'S
CELEBRATED GERMAN BITTERS,
PREPARED BY DR. C. M. JACKSON,
No. 120 Arch street, Philadelphia.

Their power over the above diseases is not excelled by any other medicine prepared in this or any other State, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids Possessing great weakness in the rectification of discharges of the Liver and lesser glands, extending the most searching powers in weakness and obstructions of the digestive organs, they are, withal, safe, certain and pleasant.

IT IS TO BE CONVINCED.
The Philadelphia Standard Gazette, says of Dr. Hoopland's German Bitters.
"It is seldom that we remember what are termed Patent Medicines, to the confidence and patronage of our countrymen, and the fact is, that we are not to be distinguished from the rest of the world, in our ignorance of the merits of the various remedies which are daily offered to our view. It is, therefore, not surprising that we should be so often deceived by the claims of the proprietors of these medicines, who, in order to attract our attention, make extravagant claims for their efficacy. It is, however, a fact, that there are some of these medicines, which are truly valuable, and which have been long established, universal, and which have not the least objection to be made against them."
"Dr. Hoopland's German Bitters, is one of these. It is a medicine of a truly valuable nature, and which has been long established, universal, and which has not the least objection to be made against them."

These Bitters are worthy the attention of invalids Possessing great weakness in the rectification of discharges of the Liver and lesser glands, extending the most searching powers in weakness and obstructions of the digestive organs, they are, withal, safe, certain and pleasant.

IT IS TO BE CONVINCED.
The Philadelphia Standard Gazette, says of Dr. Hoopland's German Bitters.
"It is seldom that we remember what are termed Patent Medicines, to the confidence and patronage of our countrymen, and the fact is, that we are not to be distinguished from the rest of the world, in our ignorance of the merits of the various remedies which are daily offered to our view. It is, therefore, not surprising that we should be so often deceived by the claims of the proprietors of these medicines, who, in order to attract our attention, make extravagant claims for their efficacy. It is, however, a fact, that there are some of these medicines, which are truly valuable, and which have been long established, universal, and which have not the least objection to be made against them."
