DR. HOOPER'S CELEBRATED GERMAN BITTERS, PREPARED BY DR. C. M. JACKSON, No. 120 Arch Street, Philadelphia. Their power over the most distressing and dangerous diseases, is equally, by any other preparation in the United States, as the cure of them, in many cases, after all other remedies had failed.

These Bitters cure the attention of invalids. Possessing great value in the treatment of the diseases of the Liver and Kidneys, even in the most advanced stages, in weakness and all kinds of the digestive system, they are, without equal, certain and pleasant.

READ AND BE CONVINCED. The Philadelphia Saturday Gazette says of Dr. Hooper's German Bitters. It is a medicine that we recommend what we recommend to our readers, to the condition of our own readers, and therefore which we recommend Dr. Hooper's German Bitters. We wish to be understood that we are not speaking of the medicine in the abstract, but of its use in a practical and then forgotten after the fact, their guilty race of mischief, but of a medicine long established, universal in its use, and which has met the best of the faculty of the world.

Scott's Weekly, said Aug. 25, "Dr. Hooper's German Bitters, manufactured by Dr. Jackson, are most recommended by some of the most prominent members of the faculty, and are highly recommended in cases of female weakness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effects they have on the system." HEALTHY EVIDENCE.

J. G. Moore, Esq., of the Daily News, said, Oct. 31, "Dr. Hooper's German Bitters—We are trying this medicine, and we are satisfied with its efficacy of the bowels, and can with truth testify to its efficacy. We have taken the contents of two bottles, and we have derived more benefit from the experiment than we derived previously from years of allopathic treatment at the hands of our first physicians." Hon. C. D. Himeine, Mayor of the City of Camden, N. J., says: "HOOPER'S GERMAN BITTERS.—We have seen many notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. On inquiry we were so pleased to use it, and must say we found it to be a most valuable medicine in the liver and digestive system, and the most powerful it ever experienced upon nervous prostration, it really surprising it calms and strengthens the nerves, bringing them to a state of repose, and giving strength to the system. If this medicine were generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous system, the great majority of human diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It is a most valuable medicine, and no other medicine can produce such evidences of merit." For sale wholesale and retail at the GERMAN MEDICINE STORE, No. 120 Arch Street, Philadelphia, and by respectable dealers generally throughout the country. Sold in Wilmington by S. B. & J. A. EVANS, in Fayetteville by S. G. HINSDALE. 39-3m

LIVERPOOL SALT. 2900 SACKS Liverpool Salt, in half bleached sacks, ready for export. For sale by ADAMS, BROTHER & CO. May 7. 39-3m

"MAN KNOW THYSELF." AN invaluable Book for 25 cents. "Every Family should have a copy." Six thousand copies sold in less than three months. A new revised and improved, just issued. Dr. Hume's Medical Manual and Family Doctor, the Allied, containing an outline of the origin, progress, treatment and cure of every form of disease, contracted by contagion, sexual intercourse, by habits or by sexual excess, with advice for their prevention, written in a familiar style avoiding all medical technicalities, and everything that would offend the ear of decency, from the result of some twenty years' practical experience, exclusively devoted to the cure of diseases of a delicate or private nature.

It is which is added, received for the cure of the most distressing and dangerous diseases, such as Typhoid, Typhus, Cholera, and Ague, for twenty-five years, and six copies one dollar; will be forwarded to any part of the United States, by mail, free of postage, and delivered by the United States Post Office, Philadelphia, on receipt of the price. This is without exception the most comprehensive and valuable work published on the class of diseases of which it treats. A solid and technical treatise, it addresses itself to the reason of its readers. It is free from all professional matter, and no patient, however feeble, can object to placing it in the hands of his son. The author has devoted many years to the treatment of the various complaints treated of, and with little breath to puff, and little pretension to suppose, he has addressed to the public, a work, exclusively devoted to the fruits of some twenty years' most successful practice.—HERALD.

One copy of the present should be without the knowledge of every parent, and every child, it would save years of pain, mortification and sorrow to the youth under their charge.—PEOPLE'S ADVOCATE.

A Presbyterian clergyman in Ohio, in writing of "Hunter's Medical Manual," says: "Thousands of our youth, by evil example and the influence of the passions, have been led into the habit of self-pollution without regard to the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Any thing that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this widespread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations.—Intemperance, (the use of intoxicating drinks,) though it has slain thousands upon thousands, is not a greater source of human misery and suffering, than thanks in behalf of the afflicted, and believe me, your co-worker in the good work you are so actively engaged in."

One copy will be forwarded (securely enveloped and postage paid) on receipt of 25 cents, or six copies for \$1. Address, COSDEN & CO., Publishers, 195, Philadelphia. Bookkeepers and Stationers, Book Agents, supplied on the most liberal terms. June 2. 34-ly-c.

THE NORTH CAROLINA MUTUAL LIFE INSURANCE COMPANY, INCORPORATED IN N. C. THE above Company has been in operation since the 1st of April, 1848, under the direction of the following Officers, viz: Dr. Charles L. Johnston, President, Wm. D. Haywood, Vice President, James J. Jordan, Secretary, Wm. H. Jones, Treasurer, Perrin Bushy, Attorney, Dr. R. H. McKee, Medical Board of Dr. Wm. H. McKee, Dr. R. H. McKee, Dr. J. H. Haywood, Dr. H. B. Haywood, General Agent.

This Company has received a charter giving advantages to the insured over any other Company.—The 5th Section gives the Husband the privilege to insure his own life for the sole use of his wife and children, and to name any person or persons, more than the wife or any of his creditors. Organized on purely mutual principles, the life members participate in the whole of the profits which are declared annually. Possessing the applicant for life, when the annual premium is over \$50 may pay one half in a Note.

All claims for insurance against the Company will be paid within ninety days after proof of the death of the party is furnished. Slaves are insured for one or five years, at rates which will enable all Slaveholders to secure this class of property against the uncertainty of life. Slave insurance presents a new and interesting feature in the history of North Carolina, which will prove very important to the Southern States. The last four months operation of this Company shows a very large amount of business—more than the Directors expected to do the first year—having already issued more than 200 Policies.

Dr. Wm. W. DeSaussure, Medical Examiner, and Agent, Wilmington, Business Office, more than 400 Communications on business of the Company should be addressed to JAS. F. JORDAN, Sec'y. Raleigh, Feb. 12, 1853. 141-1f.
