OUR ENLARGEMENT. We bespeak the patience of our readers in regard to the small amount of reading matter. We

will enlarge as soon as possible

DEATH OF GEN. McKAY r duty to We regret that it falls in the line d citizen .ecord the death of this d ecombe county das a witness, and was taken ill on board the Cars on Wednesday afternoon, and was obliged to stop at Goldsboro', where he d about 8 o'clock, at Mrs. Borden's hotel, e 65th year of his age.

Mckay was a democrat, and served his stituency in this District, with great acceptality for sixteen years. His great integrity in ablic life, and his strict attention to the interists of his country, in regard to financial matters, ecured for him the warm attachment of his party, and the respect of the Congressional Membership at large. Gen. McKay was not what is called a brilliant man; but he possessed a well balanced mind, a sound and discriminating judgment, and singular firmness in maintaining what he believed o be right, and for the best interests of the whole

His remains feached here on Thursday evening at 9 o'clock and were escorted down Front street to Market, and down Market to steamer Brothers, by the German Volunteers, Capt. Cantwell's Light Infantry and a large concourse of citizens. Min-ute gaus were fired and the bells of the Churches were tolled. His remains were conveyed by the steamer to his residence in Bladen county.

A WALKING CANE.

We have received from Mr. JOHN MACRAE, Jr. Treasurer of the Manchester Road, a walking stick, being part of the cypress log which was ta-ken up from 12 feet below the bed of the Great Pee Dee, in July last. This log was found in the way of sinking the cylinders, and caused a great deal of labor and delay to get it out of the way. The wood has lost all taste or smell peculiar to this kind of wood.

MR. WALKER.

There was a deal of parade about this gentledelayed his going till his notions of republican simplicity were gratified; for, being a very princi- their importunities. pal and a very leading democrat, he must have a vast deal of republican simplicity.

There has been an air of consequence and display about this matter really disgusting. One in this great Republic, in connexion with China, the slave has spoiled him and ruined his master. depended on the personal talents and influence of I have, however, time for no more comments on The War Party have gained the ascendancy in Mr. Walker-and when it was at last ascertained the subject." that he was too sick to go at all, some people seemed to think that all the "fat was in the fire," unless some doctor would take away his pain.

matist. His speeches in London, about the time about the 1st of January, 1854. as he, for the China Embassy.

INDIGNANT MR. GREELY

The editor of the Tribune is exceedingly indignant at the interruption the late Women's Rights Convention experienced, by persons who were invited to controvert their positions and "argufy the topic with them." We suppose now that women's supremacy is about to be established, the "pantalooned mob" will be required to "learn in silence." The strong minded and, we suppose, strong armed women, should come up to the full measure of rights, and cudgel the pantaloonery when it is obstreperous.

The people did certainly behave badly, if they

whanged away and licked 'em all.

APT SCHOLARS.

Some of our western Editors are letting the world see that they are apt scholars, in adopting the teachings of some of our northern controversalists, in politics and other matters. We do not recollect that the presses of North Carolina ever presented such a show of angry personalities. If the meek and inoffensive Standard at Raleigh ?-There's a model for you, "Bhoys."

NEUSE RIVER N. C.

The Stockholders of the Neuse River Navigation Company, met in Newbern on the 8th inst .-The operations of the Company have been well J. R. JUSTICE, Esq., the President, and W. BEVER- road opened in Texas. HOUT THOMSON, Chief Engineer. The Editor of The Atlantic fee is assured that the improvement of Neuse River will accomplish benefit for the town of Newbern, and that its success is a fixed

Massachusetts Temperauce Convention. The Massachusetts State Temperduce Convention met at Boston on the 13th inst. A resolution excluding women from participation in the proceedings, was passed by a decided vote, whereup-

on several delegates withdrew. A NEW FEMALE COLLEGE, Chartered by the Pennsylvania Legislature, was opened at Harrisburg last week with appropriate

ceremonies, which took place in the court house, and were attended by a large number of citizens. Gov. Bigler and other distinguished citizens were in attendance, who delivered addresses.-Professor Tiffay, of Dickerson College, indulged in pleasant sareasm on the "woman's rights" absurdities of the day. So this is not a Woman's Rights

RUMORED RESIGNATIONS.

It is believed that the rumored resignations of Secretaries Davis and Guthrie, are without the east foundation.

bout 12 o'clock or Thursday last, between the Express train from e train which was enthe track at Newsom's Depot cldon. The Engines and Tend rains were thrown off the track, and red. Mr. Shannon, the Engineer of the ess train had one of his legs crushed between Engine and Tender, which rendered amputaion necessary. His recovery is doubtful. No one else was seriously injured. It appears that the accident was caused by carelessness.

GOOD SENSE. Good sense is a valuable commodity, though is certain the market is not always overstocked with it. We think the following from X, a corres-

pondent of the Baltimore Sun, a fair sample: Some apprehensions are beginning to be felt Swiss goods on freight. about the affairs of Mexico and Cuba, and the filibusterism, which has lately formed a new mouthpiece This country, of all others in the world, can assuredly best afford to wait until the fruit is ripe, without wasting in boyhood the strength of the full grown man. We grow stronger, while the rest of the world grows weaker by time. The world was not made in a day, neither need the whole continent and the West India Islands be annexed to the United States immediately. It were a pity to have nothing for posterity to do.

NEGRO EMANCIPATION.

Mr. Wood, our new Consul at Valparaiso, touch. ed at Jamaica on his way out. He describes the emancipation of the negroes in that Island, as having been the ruin both of blacks and whites We make the following extracts from his letter to a friend in Ohio :

"In the harbor were not a dozen ships of all nations; no business was doing and every thing you heard spoken was in the language of com- THREE DAYS LATER FROM EUROPE. plaint. Since the blacks have been liberated they have become indolent, insolent, degraded, and dishonest. They are a rude, 'beastly set of vagabonds, lying naked about the streets, as filthy as the Hottentots, and I believe worse.

blacks of both sexes, in great numbers, perfectly tember 3.1 naked, came swimming about the boat, and would dive for small pieces of coin that were thrown them by the passengers. These they would catch in the water or pick from the bottom. They nev- in Breadstuffs. er fail, though the water is twenty feet deep.

NO. I SUPER-PHOSPHATE OF LIME THIS schnable fertilizer has been used for several years in Ringkand and other parts of Ehrope and next to Guana, holds the high extronk is popularity, and the extent is whitch it is used unuarg farmers. Its introduction in this country has been more recent; but the progress it has made in the estimation of the public has not been less marked or successful than abroad. It is now extensively used throughout the Northern States, after a Juli trial and investigation of its mentic; and it is replaced to the large of the progressor. Guana a favorite to the second of the seco ly le con ing. like its prederessor, Guano, a favoring

manure at the South and West.

It is composed of crushed or pround bones, ecomposed by the addition of about 1-5 their weight of sulphuric acid, diluted with water, to which is ad 'cd a due proportion of guara and sulphate of amixonia. The latter is the active and one of the most efficient agents in the best Peruvian Guano. It is suited to any soil in which there is not already a full supply of the phosphates, which is seldem the case. All crops are benefited by its appli-

cation. For sole in large or small quantities, in begs a 150 lbs each. No charge for packages All bas will be banded "C. B. Del tig. No. 1 Seper Pho-Also Agricultural and Horticu tural Impleme of all kinds - Field and Garden Seede in great vari

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION. Many years of trial, instead of impairing the

public confidence in this medicine, has won for an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrincic virtues and the pr mistakuble benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys .-While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred bene-fits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten. While it is a fraud on the public to pretend that

any one medicine will infallibly cure-still there is abundant proof that the Cherry Pectoral does not only as a general thing, but almost inveriably cure the maladies for which it is employed. As times makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American Peasant, to the pulaces of European Kings. Throughout this entire country, in every State, city, and indeed a most every hamlet it contains, Cherry Pectoral is known as the best remedy extant for diseases of the Throat and Lungs, and in many foreign countries, it is coming to be extensively used by their most intelligent Physicians. In Great Britain, France and Germany, where the medical sciences have reached their highst perfection. Cherry Preteral is introduced, and in constant use in the Armies, [Hespitals, Alms] Houses, Public Institutions, and in domestic practice, as the surest remedy their attending Physiians can employ for the more dangerous effections of the lungs. Also in milder cares, and for children it is ife, pleasant and effectual to cure. In fact, so ac of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particularly incidental to child-

heod. The Cherry Pectoral is manufactured by a pracileal Chemist, and every cunce of it under his own eye, with invariable accuracy and care. It is ecal-ed and protected by law from counterfeits, consequently can be relied on as genuine wi hout real-

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confidence-a remedy at once safe, speedy and effectual, which this has by repeated and countless trials proved itself to be; and trust by great care in preparing it with chemical accuracy, of uniform strength to afford Physicians a new agent on which they can rely for the best results, and the afflicted with a remedy that will do for them all that medicine can do.
