Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skifful physicians had failed.

These Bitters are worthy the attention of invalids
Possessing great virtues in the restification of dis-

eases of the Liver and leaser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

The 'Philadelphia Saturday Gazette,' says of

Dr. Hoopland's German Bitters.
"It is seldom that we recommend what fire term: ed Patent Medicines, to the confidence and patronage of our readers; and therefore when we recom-mend Dr. Hoofland's German Bitters, we wish it to THE English and Classical School, under the Charge of Rev. "Hoopland's Gremans Bitters.-We have seen many flattering notices of this medicine, and the source from which they came induced us to make tion and support. Believing that a personal in-spection will be his highest commendation, he were personded to use it, and must say we found it

have derived more benefit from the experiment than

spection will be his highest commendation, he solicits a visit from those desirous of selecting from the following, among other articles:

TEAS,
Old Hyson, Young Hyson, Imperial, Pouchong and Oolong.

WINES AND LIQUORS,
Otard, Cognac. Dupuy & Co's. Brandles, Old Madeira Cherry, Port, Muscat and Malaga Wines.
Monongahela, Rye, Irish and Scotch Whisky, Holland Gin, Champagnes and Bottled Wines, Heidslek, Duca', Grape, Boushe—all of the first quality. Bottled Otard Brandy. Cognac, Sherry and Holland Gin, choice Maderia vintage, 1830, '38 and '41.

COFFEES.
Old Government, Java, Laguayra, Rio, Jamaica and St. Domingo.

SUGARS,

Were persunded to use it, and mo st say we found it specific in its action upon diseases of the liver and digestive organ, and the powerful influence it exerts upon nervous prostration, is really surprising. It calms and strengthens the nerves, bringing the min to a state of fepose, making sleep refreshing.

If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous system, the great majority of real and imaginary deseases cmanate. Have them in a healthy condition and you can bid definance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend it self. It should, a fact, be in every family. No other medicine can produce such evidences of merit."
