DR. JOHNSTON.

Member of the Royal College of Surgeons, London graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the hospitals of London, Par-is, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who have injured them selves by private and improper indulgences, that secret and solitary habit which rules both body and mind, unfitting them for cither business or society. These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakhess of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

Symptoms of Consumption, &c.

Thousands of persons, of all ages, can now judge what is the cause of their declining health. Losing their vigor, becoming weak, pale and emaciated, have a singular appearance about the eyes, cough and symptoms of Consumption. DR. JOHNSTON'S INVIGORATING REM-

This grand and important Remedy has restored strength and vigor to thousands of the most ner-vous and debilitated, many of whom had lost all invigoration of the Nervous System, the whole unctions, and the fallen fabric of life raised up to beauty, consistency, and duration, upon the ruins of an emaciated and premature decline to sound and pristine health. Oh, how happy have hundreds of misguided youths been made who have been suddenly restored to health, from the devastations of those terrific maladies which result from indiscretion. Such persons, before contemplating MARRIAGE.

READ AND BE CONVINCED.

The "Philadelphia Saturday Gazette," says of Dr. Hoofland's German Bitters.

"It is seldom that we recommend what are termed Patent Medicines, to the confidence and patronage of our readers; and therefore when we recommend Dr. Hoofland's German Bitters, we with it to be distinctly understood that we are not speaking of the nostrums of the day, that are housed about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the faculty itself.

"Scott's Weekly," said, Aug. 25. "Dr. Hoofland's derman Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent men." so of the faculty as an article of much efficacy in cases of female weakness. Persons of debifitated constitutions will find those Bitters advantageous to sheir calth as we know from experience the salutary effect they have upon weak systems."

MOXE EVIDENCE

J. G. Moors, Esq., of the Daily News, said, Oct 31.

"Da. Hoofland's German Bitters, "We are trying this renowned medicine for a stubborn disease of the bowels, and can with truth testify to its efficacy. We have taken the contents of two bottles, and we have derived more benefit from the experiment than we derived previously from years of allophatic treatment at the hands of our first physicians."

Hon. C. D. Hineline, Mayor of the City of Camden, N. J., says:

"Hoofland's Germans Bitters.—We have seen"

den, N. J., says:
"Hoofland's Gremans Battens.—We have seen this medicine, and the many flattering notices of this medicine, pd the source from which they came induc d us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organ, and the powerful influence it exerts

upon nervous prostration, is really surprising. It calms and strong them the nerves, bringing them in to a state of repose, making sleep refreshing.

If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous system, the great major-ity of real and imaginary deseases emanate. Have them in a healthy condition and you can bid defiepidemics generally. This extraordinary nedicine we would advise our friends who are at al idisposed, to give a trial—it will recommend fi-elf. It should, a fact, be in every family. No other redicine can produce such evidences of merit."
