Producing instant relief from the most acute pain, and permanently curing all Neuralgic Diseases,

O HEUMATISM, painful and swelled joints, neu-In ralgia, of the face, derfness, blindness. St. Viustdance, patpitations of the heart, periodical head ache, pains in the stomach, indigestion, dyspepsia, uterine pains. These chains were first introduced in the city of

New York less than one year since, and after being subjected to the most thorough trial in every hospital in the city by Drs. Valentine Mott, Post, Carnochan, and Van Baren, it was discovered that they possess strange and wonderful power in the relief and cure of the above class of diseases, and they at once recommended, through the papers of the city, their general use, and their sale and the success that has attended their use, is unparalleled. Previous to their introduction into this country, they were used in every hospital in Europe, and are secured by patents in France, Germany, Austria, Prussia, and England; and also in the United States. "This k close and ponder well,"

The principles upon which it is claimed that the Chains produce their marvelous cures are, firstthat all neavous diseases, are attended and produced by a deficient supply of nervous fluid and an agent that resembles clossly electricity or electro magnetism; and second—that the electro magnetic chains, by being worn over and upon the part and organ diseased, furnish to the exhausted nervous system, by its powerful stimulating effects, the nervous fluid which is required to produce a healthy action through the entire system. No disgusting nostrum is allowed to be taken while using the chains, but a rigid observence of the general laws of health are required. Brisk friction upor the part diseased adds much to the effect of the chains, by increasing their magnetic power.
