THE GREAT PURIFIER OF THE BLOOD

Not a Particle of Mercury in it.

This valuable Medicino which has become celebrated for the number of extraordinary cures effected through its agency, has induced the proprietors, at the segent request of their friends, twoffer it to the public, which they do with the utmost confidence in its virtues and wonderful curative properties --The following certificates, selected from a large num-ber, arc, however, stronger testimony than the mere word of the proprietors: and are all from gentlemen well known in their localities, and of the highest respectability, many of them now residing in the city of Richmond, Virginia. F. BOYDEN, Eaq., of the Exchange Hotel, Rich

mond, known every where, says he has seen the Medicine called Carter's Spanish Mixture administered in over a hundred-cares, in nearly all the diseases for which it is recommended, with the most astonishingly good results. He says it is the most extraordinary medicine he has ever seen.

Ague and Fever—Great Cure.—I hereby certify, that for three years I had Ague and Fever of the most violent description. I had several Physicians, took large quantities of Quinine. Mercury, and I believe all the tonics advertised, but all without any per-manest relief. At last I tried Carter's Spanish Mix-ture; two bottles of which effectually cured me, and

I am haypy to say I have had neither Chills or Fevers since. I consider it the best Tonic in the world and the only medicine that ever reached in y case.

JOHN LONGDEN, Beaver Dam, near Richmond, Va.
C. B. Lucz, Erq., now in the city of Richmond, and for many years in the Post Office, has such confidence in the astonishing efficacy of Carter's Span-ish Mixture, that he has bought upwards of 50 bottles, which he has given away to the afflicted. Mr. Luch

says he has never known it to fail when taken according to directions, Dr. Mings a practising Physician, and formerly of the City Hotel, in the city of Richmond, says he has witnessed in a number of instances the effects of Carter's Spanish Mixture which were most truly surprising. He says in a case of Consumption, dependent on the Liver, the good effects were wonder-SAMUEL M. DRINKER, of the firm of Drinker &

These chains were first introduced in the city of New York less than one year since, and after being subjected to the most thorough trial in ever-hospital in the city by Drs. Valentine Mott, Posy-Carnochan, and Van Buren, it was discovered that they possess stronge and wonderful power in the relief and cure of the above class of diseases, and they at once recommended, through the papers of the city, their general use, and their sale and the success that has attended their use, is unparalleled. Previous to their introduction into this country, bey were used in every hospital in Europe, and

are secured by patents in France, Germany, Austria,

Prussia, and England; and also in the United States. "Think close and ponder well." The principles upon which it is claimed that the Chains produce their marvelous cures are, first-that all NERVOUS DISEASES are attended and produced by a deficient supply of nervous fluid and an agent that resembles clossly electricity or elec-tro magnetism; and second—that the electro nonnetic chains, by being worn over and open the part and organ diseased, furnish to the exhausted nervous system, by its powerful stimulating ellic s, if e nevous fluid which is required to produce a heal-ney action through the entire system. No disgusting nostrum is allowed to be taken while using the chains, but a rigid observance of the general laws of health are required. Brisk friction upon the part diseased adds much to the effect of the chains, by increasing their magnetic power.

1000 DOLLARS will be given to any person who will produce so many well authenticated certificates of cures boil from intelligent patients and scientific physicians, as have been affected by Phlyermache's Electro Chains. They never fail to perform what they are advertised to do, and no person has ever been dissatisfied who has given them a trial.
In Female Diseases, more than one hundred permanent cures of pro-

lapsus uteri have been effected within the last year

by the use of these chains By applying one end of the chain over the region of the abdomen and t e other upon the spine, just above the hips, the usual severe symptoms incident to that disease are at once removed.
