GENTLEMEN-I have frequently in my practice prescribed your "Stabler's Anodyne Charly Expectorant" and Diarchaet Cordial, with great sutisfac-tion to myself, and to the entire relief of such disascases as they profess to cure. I consider them happy combinations of some of our most valuable and safe therapeutical agents, and must be of in-finite worth to the afflicted and mankind at large. In furnishing the medical profession with these active and concentrated preparations, so convenient for administration, and of a standard quality, you lave rendered them an eminent service, and I can to no less than earnestly recommend these prepaations to practitioners, and especially in the counry, where the impurity of commercial Drugs is one if the greatest obstac is to the success of the

We have been favored with a written certificate, cheerfully given by numerous medical gentleme in Maryland.
