FOR THE COMMERCIAL. MUSIC.

as an accomplishment, forms a part of pected to do great things in a short time. the most important branches of educa- And while the scholar is imperceptibly tion. Every parent is auxious to seeme getting over the most difficult part, the to his children a good education; prob- Leginning, her teacher is changed for ably the only thing he can give them, one who in their opinion can do much which is more valuable than all the better. wealth and treasures of this earth. - But not the scholar only, but the trach-Both must bow humbly before, and were ser also, less to meet with many dufficulship at the shrine of knowledge and ties, of which the first is want of clearwisdom, while they dispense with their ness. To teach with success it is not generous hands, treasures and happiness only necessary to be an accomplished around them.

their children, as far as their means per- reacher must acquaint himself with the mit it, a musical education, which, in different dispositions of his scholars and this country, especially, is considered as treat them accordingly. Another diffi-

a teacher to advance it in musical stud- takes and habits of the scholar. The ies. The parents generally, after have teacher must consider that that which ing taken this step, take no more notice appears easy and clear to him, is not of their advancement, or only sometimes | the same to the scholar. And the teachmake inquiries how many times their er's impatience does not encourage the daughter is able to perform. Sometimes scholar. These rules ought to be strictthe advice is given to her to learn a good ly adhered to by teacher and scholar, many tunes. The child, on the ground as it will give to the former self-improveof their advice, or having seen it among ment, and to the latter confidence and her fellow students, begs her teacher for love and zeal for the study of the art. tunes, to which the latter, not wishing to lose the good will of the parents and child, quietly submits.

After this, we cannot be astonished to hear, when passing the most respectable residences, children actually banging on the Piano, taking at the same time the loud pedal for the purpose of delighting the promenaders and neigh- Paragerty conducted by Guy C. Matchkiss. good, as "Jim eracked corn, don't enre," sounds of the HIGHEST order. Such a child is considered now a days a good performer for her age, and will do very well when the homeonest and will do very well and they will be no apply filled. Terms invariably cash on delivery.

[Control Acres (Control A well when she becomes older, and re. Genera Agent Commission and Forwarding Merceives more of such instruction. But I April 18. say, your daughter's musical education is ruined, and she will only be, it she take lessons till she is grown, nothing | KAHNWEILER & BRO, beg leave to anbeyond a poor bungler. Parents it will be your duty, as well as advantage, not to throw you hard earnings so foolishly tion. away, but save it for your old age, that it may do you some good, at least mo.e than it does your children.

instructed in this, as well as any other branch of education, be watchful; assist and encourage them and you will receive some time, if even in your old WE have j st received a very handsome asdays, the sincere thanks of your chil- par tlangings, Borders, Fire S reens, and Centres

It is my purpose to make parents acquainted with the duties of the teacher and scholar.

Music is divided in two principal parts: 1. The sound represented in the

2. The duration of the same in a certain time, "Rythmus." As the visible world represents itself to the eyes thro' color and outline, so is the audible one distinguished by sound and rythmus. - | complete. One cannot be separated from the other. As both are principal parts in music, it

his energies to their development. 1. What can the teacher do? Certainly only this, which is clear to himself. He begitts then to cularge his own knowledge, forms the same together, and the more he improves the more he is able to impart the same to his pupils .-That which is not clear to himself cannot possibly be of any service to him in instructing others; as even the clearest is often difficult to represent it with jus-

2. What must the teacher do? He shall produce fruits. To do this, he must possess two indispensable qualivalue: fidelity and assiduity. Does he exercise both, so that he can also expect the best fruits, if they do not even come from that source where he most expected them.

OPENED this day, a new supply of Parassols, very superior quality, plain Black Silks, plaid and striped Cambrics and Swiss Muslins. Nansook and Jaconett do. a full line of white embroidered Curtain Muslins. Fancy Nett Veils. Lace Collars, Men's extra quality colored Silk Gloves. &c., &c., For sale by April 27.

Jan 17 ies, without which the other is of no expected them.

The duty of the scholar can be sum-Is published every Tuesday, Thussday and moned up in a few words: Strict obe-SATURDAY at \$5 per annum, payable in all cases | dience to those rules, every good teach-BY PADMAS LORING-EDITOR and PROPRIE. er will present to his scholars and claim their utmost fulfilment.

The duties of the parent is manifold and very important. It is supposed that all parents who are anxious about the advancement of their children will readily perform them. When parents "I minth, 250 1 12 5 12 00 readily perform them. When parents the lines or less make a square. If an adver- have determined to have their children isement exceeds ten lines, the price will be in tinstructed; it is well for them to acquaint All alvertisements are payable at the time of themselves with the talent and desire for learning in their children. Are they Contracts with yearly advertisers, will be made satisfied that both talent and desire are on the most liberal terms.

No transfer of contracts for yearly advertising on the side of the young ! it is then their their next duty to acquaint them with a change in business, or an unexpected removal their flext duty to acquaint the increasing to the published the troubles and pleasures which the ferms will be at the option of the contractor, for study will require and yield. Then place them in the care of a competent limited to their own immediate business; and all teacher, and avoid to change the same advertisements for the benefit of other persons, unless for good reasons. The constant change of teachers is injurious to the advancement of the pupils, as no two teachers adopt the precise mode of infor the sale or rent of houses or finds in town or struction. Having observed all this carefully, you will see that the student These are excluded by the term will not progress probably as fast as you, if you are ignorant of the study, may All elver ise nents inscried in the tri-weekly expect; in not memorizing and banging away little trashy music put up in cheap form of sheet music, used so much UPHOLSTERS & PAPER HANGERS, now a days for instruction. It is also the duty of the teacher to impart to his scholar all the most principal parts of the theory of music, as well as a good use of his hands and fingers. He is unable to learn them music, as any other teacher his pupils, reading, before they General Commission and Forwarding Merchant can spell correctly.

This course of instruction, as systematical as it is, will very often not suit It is generally understood that music, both scholar and parents, as they ex-
