A YER'S PILLS,

A NEW and singularly successful remedy for the Cure of all Bilious diseases — Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive hapit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Faverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the many eminent gentlemen who have testified in favor of these Pills, we may mention:

DR. A. A. HAYES, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high professional character is endorsed by the Hon. Edward Everett, Senator of the U. S. Robert C. Winthrop, Ex-Speaker of the House of Representatives.

Abbott Lawrence, Minister Plen. to England.

Also, Dr. J. R. CHILTON, Practical Chemist, of
New York City, endorsed by
HON. W. L. MARCY, Secretary of State.
WM. B. ASTOR, the richest man in America.

Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not proporly judge of a remedial without knowing its composition. 195 Pearl St (near Maiden Lane) New York. A HEAVY Stock -a general and beautiful as-

should be taken under the counsel of an attending Physician, and as he could not proporly judge of a remedy without knowing its composition, I have supplied the accurate Formulae by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries.

Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many ominent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

HOLLOWAY'S OINTMENT Citizens of tre Union :-

Cilizens of the Union:

You have done me the honour as with one voice, from one end of the Union to the other, to stamp the character of my Ointment with your approbation. It is scarcely two years since I made it known among you, and already, it has obtained more celebrity than any other Medicine in so short a period. THOMAS HOLLOWAY,

Cure of Sure Legs after Nane Years Standing.
Mr. W. J. Langley, of Huntaville, Yadkin, North Carolina, suffered for alme years with ann of the most panish and troublesome sore legs that ever fell to the lot of man; and after trying every medicine he had ever heard of, he resigned in despair all hope of being usred; but a friend brought him a couple of pots of Hollowsy's Oiatman; which caused the series on his legs to heal, and he entirely regained his health, to the axionishment of his acquaintances and friends.
