MISCELLANY.

PAN OF GRAVY.

"Ba-a-a! Ba-a-a!" shrieks a half-naked infant of about eighteen months old.

"What's the matter wit mamma's thweet yittle ducky?" says its affectionate mother, while she presses it to her bosom, and the young sarpint in return digs its talons into her face.

"Daden, missis, I know what little massa Dim wants," exclaimed the cherub's negro nurse.

"You black hussy! why don't you tell me, then?" and the infuriated mother gives Dinah a douse in the chops with her shoe.

"Why, he wants to put his foot in dat dar pan ob gravy wots on de harf!" whimpers the unfortunate blackey.

"Well, and why don't you bring it here, you aggravating nigger you?" replies the mother of the bawling young one.

Dinah brings the gravy, and little Jim puts his bare feet in the pan, dashing the milkwarm grease about its sweet little shanks, to the infinite delight of its mother, who tenderly exclaims: "Did mamma's yittle Dimmy want to put its teeny-weeny footies in the gravy. It shall paddle in the pan as it choosey-wooseys, and then shall have its pooty red frock on, and go and see its happy-appy!"

THE GRATEFUL RAIN.

The New York Times in speaking of the rain of Sunday last, says:

"The storm was general. We hear from it from most quarters, and where we hear nothing it is because the wires are down since it was so great. The farmer rejoices, the croakers look sad. Corn will get a little good from it. Early potatoes will be all the more likely to rot for the soaking. "Garden truck" will be helped. Turnips, where the drouth has not already kept the seed from springing up, will be helped amazingly. Grass will come out green again, and butter ought to be a few cents less in the pound. Blacksmiths will be out of business, for they will have no more tire to set this week. Many millponds will be filled, and we hope the paper-maker will get to work again. So dear reader, on the whole you need not take back the ejaculation of thankfulness you uttered yesterday morning when you thrust back the shutter and found it was a rainy Sunday."

THE MEMPHIS NAVY YARD.

The people of Memphis (Tenn.) have had a public meeting on the subject of their Navy Yard, and have resolved not to decide upon the acceptance or rejection of the cession by Congress until the people of the valley of the Mississippi, as deeply interested as themselves, have had time to consider the subject. The Secretary of the Navy has been requested to arrest any sale of public property at the Navy Yard until the meeting of Congress. The Enquirer of that city says:

"Thus has our city proudly shown herself proof to the seductions of all *selfish* considerations; true and disinterested in her fidelity to the rights and interest of the West and Southwest. She awaits the action of her sister and of the people to say whether she shall or shall not 'GIVE UP THE SHIP.'"

A NEW MAP OF NORTH CAROLINA.

THE undersigned are preparing, and will publish as soon as the necessary Surveys, &c., can be obtained, a New, Large and Complete MAP of NORTH CAROLINA, five feet by three, well engraved and finished in the best style.

It is admitted on all sides, that such a work is a great desideratum in our State, and it is in consequence of the frequent enquiries on this subject, that the undersigned have embarked in the enterprise.

The only attempted work of this kind is that of McRee, published in 1833; and since then the Counties, Towns, Roads and Post-offices have increased in number, and all our works of Internal Improvements, with small exceptions, been set on foot.

It is intended that the New Map, now proposed to be published, shall contain, accurately laid down, all the Natural Features of the State—the Inlets, Harbors, Sounds, Lakes, Rivers, Creeks, Mountains, &c.

Also, the public improvements and artificial divisions. The Railroads, Plank roads, Counties, County towns, Post-offices, Cities, Villages, Post-roads and Canals, Colleges, Academies, &c., &c.

The Map will be ready by the summer of 1855.

WILLIAM D. COOKE,
SAMUEL PEARCE.

MEDICAL HOUSE,
No. 16, SOUTH FREDERICK STREET,
BALTIMORE, MARYLAND.
Established in order to afford the Afflicted sound and scientific Medical Aid, and for the suppression of Quackery.

DR. I. B. SMITH has for many years devoted his whole attention to the treatment of Private complaints, in all their varied and complicated forms. His great success in those long standing and difficult cases, such as were formerly considered incurable, is sufficient to commend him to the public as worthy of the extensive patronage he has received. Within the last eight years, Dr. S. has treated more than 29,500 cases of Private Complaints, in their different forms and stages; a practice which no doubt exceeds that of all other physicians now advertising in Baltimore, and not a single case is known where his directions were strictly followed, and medicines taken at reasonable time, without effecting a radical and permanent cure; therefore, persons afflicted with diseases of the above nature, no matter how difficult or long standing the case may be," would do well to call on Dr. Smith at his office, No. 16, South Frederick St., and if not effectually relieved no remuneration will be required for his services. His medicines are free from Mercury and all mineral poisons; put up in a neat and compact form, and may be taken in a public or private house, or while travelling, without exposure or hindrance from business, and except in cases of violent inflammation, no change of diet is necessary.

STRICTURES.—Dr. Smith has discovered a new method by which he can cure the worst form of stricture and that without pain or inconvenience to the patient. Irritation of the urethra, or prostrate glands, or neck of the bladder, is sometimes mistaken for strictures by general practitioners or charlatans.

YOUNG MEN

and others afflicted with Seminal Debility, whether originating from a *Certain Destructive Habit*, or from any other cause, with train of bodily and mental evils which follow, when neglected, should make an early application, thereby avoiding much trouble and suffering, as well as expense. By his improved method of treatment, Dr. S. can safely guarantee a speedy and perfect cure in all cases of this complaint.

TO FEMALES.

All diseases peculiar to Females (as also Suppressions, Irregularities, &c.) speedily and effectually removed. The efficacy of his remedies, for the cure of the above affections, have been well tested in an extensive practice for the last twelve years.

Persons at a distance may consult Dr. S. by a letter, post-paid, describing case, and have medicine securely put up and forwarded to any part of the United States, always accompanied with full and explicit directions for use. Communications considered strictly confidential. Office arranged with separate apartments, so that patients never see any one but the doctor himself. Attendance daily, from 8 in the morning till 9 at night.

N. B.—Persons afflicted with any of the above complaints, will do well to avoid the various

NOSTRUMS AND SPECIFICS,

advertised by Apothecaries and Druggists as a certain cure for any and every disease. They are put up to sell, but not to cure, and frequently do much more harm than good—therefore avoid them.

SANDS SARSAPARILLA.
IN QUART BOTTLES.

For Purifying the Blood, and for the Cure of Scrofula, Rheumatism, Stubborn Ulcers, Dyspepsia, Salt Rheum, Fever Sores, Erysipelas, Pimples, Biles, Mercurial Diseases, Cutaneous Eruptions, Liver Complaint, Bronchitis, Consumption, Female Complaints, Loss of Appetite, General Debility, &c.

IN this preparation all the restorative properties of the root are concentrated in their utmost strength and efficacy; but while Sarsaparilla Root forms an important part of its combination, it is, at the same time, compounded with other vegetable remedies of great power, and it is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of disease depends. It acts simultaneously upon the stomach, the circulation and the bowels; and thus three processes, which are ordinarily the result of three different kinds of medicine, are carried on at the same time, through the instrumentality of this one remedial agent which gently stimulates while it disinfects and expels from the stomach and bowels all that is irritating, and at the same time restores vigor and tone. Many other preparations imitate in bearing the name of Sarsaparilla, and in that their resemblance ends, being often prepared from worthless and inert roots, and of course possess no healing or curative properties, and patients in making choice of which they will use, should take no other, but that one entitled to their confidence, from the long list of cures it has effected on living witnesses, whose testimonials and residence have been published, and who are still bearing daily testimony to its worth.

ASTONISHING CURE.

PATTERSON, N. Y., 20th, 1851.

Messrs A. B. & D. SANDS: Gentlemen.—Having witnessed the most beneficial effects from the use of your Sarsaparilla, it gives me pleasure to send you the following statement in regard to my son. In the spring of 1848 he took a severe cold, and after eight weeks of severe suffering the disease settled in his left leg and foot, which soon swelled to the utmost. The swelling was lanced by his physician, and discharged most profusely; after that no less than eleven ulcers formed on the leg and foot at one time. Behind five different Physicians, but none relieved him much; and the last winter found him so emaciated and low that he was unable to leave his bed, suffering the most excruciating pain. During this time the bone had become so much affected that piece after piece came out, of which he has now more than twenty-five preserved in a bottle, varying from one half to one and a half inches in length. We had given up all hopes of his recovery, but at this time we were induced to try your Sarsaparilla, and with its use his health and appetite began immediately to improve, and so rapid was the change that less than a dozen bottles effected a perfect cure.

With gratitude, I remain truly yours,
DARIUS BALLARD.

We the undersigned neighbors of Mr. Ballard, cheerfully subscribe to the facts of the above statement. H. & R. S. Hayt, A. M. Trowbridge, Geo. T. Dean, C. Eastwood.

MECHANICS,
INVENTORS & MANUFACTURERS.
$570 IN CASH PRIZES. $570

VOLUME TEN OF THE "SCIENTIFIC AMERICAN" commences on the 16th of September. It is chiefly devoted to the advancement of the interests of *Mechanics, Inventors, Manufacturers and Farmers*, and is edited by men practically skilled in the arts and sciences. Probably no other journal of the same character is so extensively circulated, or so generally esteemed for its practical ability. Nearly all the *Valuable Patents* which issue weekly from the PATENT OFFICE are *illustrated with Engravings*, and the claims of all the Patents are published regularly in its columns as they are issued, thus making it a perfect SCIENTIFIC AND MECHANICAL ENCYCLOPEDIA of information upon the subjects of *Mechanical Improvements, Chemistry, Engineering* and the *Sciences* generally. It is published weekly in quarto form suitable for binding, and each volume contains Four Hundred and Sixteen Pages of Reading Matter, Several Hundred Engravings, with a full and complete Index. Its circulation on the last Volume exceeded 23,000 copies per week, and the practical receipts in one volume are worth to any family much more than the subscription price.

The following CASH PRIZES are offered by the Publishers for the fourteen largest lists of subscribers sent in by the 1st of January, 1855:—$100 will be given for the largest list; $75 for the second; 65 for the third; $55 for the fourth; $50 for the fifth; $45 for the sixth; $40 for the seventh; $35 for the eighth; $30 for the ninth; $25 for the tenth; $20 for the eleventh; $15 for the twelfth; $10 for the thirteenth; and $5 for the fourteenth. The cash will be paid to the order of the successful competitor immediately after the 1st of January, 1855.

TERMS:—One copy, one year, $2; one copy, six months, $1; five copies, six months, $4; ten copies, six months, $8; ten copies, twelve months, $15; fifteen copies, twelve months, $22; twenty copies, twelve months, $28 in advance.

No number of subscriptions above twenty can be taken at less than $1,40 each. Names can be sent in at different times and from different Post Offices.

Southern and Western money taken for subscriptions.

Letters should be directed, post-paid, to MUNN & Co., 128 Fulton-Street, N. Y.

Messrs. MUNN & Co. are extensively engaged in procuring patents for new inventions, and will advise inventors, without charge, in regard to the novelty of their improvements.
