Personal Controversy--Almost a Duel, &c. PHILADELPHIA, September 24th .- A sharp personal correspondence has occurred between Senator Cooper president of the Sunbury and Erie Railroad, and Morton McMichael, Esq., editor of the Philadelphia North American, in consequence of articles published in that paper reflecting on the city subscription to the Erie and Sunbury Railroad as obtained by false pretences and malversation. Mr, Cooper addresed a note asking Mr McMichael if the language applied to him. In reply, Mr. McM. denied his right to question him, but said that he was legally, morally, and per-sonally responsible for that, as for everything that appears in the columns of the North American.

Mr. Cooper then sent for the Hon. Wm. Cost Johnson, of Maryland, to act as his friend, who was the bearer of the challenge to Mr. McMichael, who asked two days for consideration. At the termination of that time Mr. McMichael declined the meeting on the ground that it was his imperative duty as a public journalist to animadvert upon such transactions, and that he therefore could not be held personally responsible.

It is intimated that the correspondence will be published in case of any reptition of the charges in the North Ameri-

BRAVE AND PATRIOTIC.

The Buffalo Commercal Advertiser of Tuesday, the leading Whig paper of Western New York, uttered the following brave and patriotic sentiments on the subject of the meeting of the Whig **Convention at Syracuse :**

"We believe nothing is lost by frankness, and we may as well speak plainly. If the Convention which meets to-mor row shall pass resolutions for the repeal of the Compromise of 1850, we will repudiate them. If it shall make the epeal of the Nebraska Act a part of the latform, we shall go against it; not because we consider such repeal undesirable, but because it is utterly impracticable, and will consent to run no wildgoose chase after unattainable objects. If the Convention shall say, without qualification, that we must admit no more slave States, we will not be bound by its dictum; for although we were, at the time, opposed to the admission of Texas, we recognize and are ready to fulfill the obligation the country incurred in the consumption of that are mmation of that act. We consider our obligations to the country superior to our obligations to party, and we do not hesitate to declars that we will lend ourselvs as accomplices in no scheme for the upholding of a party at the expense of public faith and public
