A NEW & PRACTICAL FORM BOOK

AYER'S PILLS.

A NEW and singularly successful remedy for the A cure of all Billous diseases —Costiveness, fridgestion, Jaundice, Dropsy, Rheumatism, Fewess, Gout, Humors, Nervousness, Irritability, Irriannastions, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a hamless but offectual Cathartic were more freely used. No person can feel well while a coative habit of body prevails; besides it soon generates surloss and often fatal diseases, which might have been avoided by the timely and judicious use of a good pargative. This is alike true of Colds, Feverial symptoms, and Bilious derangements. They all tond to become or produce the deep seasted and formidable distringers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cure have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of insteath. Among the many eminent gentlemss who have testified in favor of these Pills, we may mention:

Dr. A. A. HAYES, Analytical Chemist, of Booton and State Assayer of Massachusetts, whose high professional characters is endorsed by the Hox. Edward C. WINTHROP, Ex. Speaker of the House of Representatives.

Absort LAWRENCE, Minister Plen, to England † John B. PITZPATRICK, Cath. Bishop of Boston. Also, Dr. J. R. CHILTON, Practical Chemist, of New York City, endorsed by Prox. W. L. MAROT, Secretary of State.

Bid space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convising than the experience of eminent public

can Provinces. If however there should be any me who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how ew would be taken if their composition was known?

mysteries.

The composition of my preparations is laid op to all men, and all who are competent to judge the subject freely acknowledge their convictio of their intrinsic merits. The Cherry Pectoral w pronounced by scientific men to be a wonderly medicine before its effects were known. Many exinent Physicians have declared the same thing my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their effects upon trial.

They operate by their powerful influence on the internal viscers to purify the blood and stimulate into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derange ments as are the first origin of disease.

Being sugar wrapped they are pleasant to take and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see wrapper on the Box.
