OFFICE SEEKERS.

The mayor of Boston made a speech on the organization of the government of the city on Monday last. He says of applicants for office, "numberless persons solicit responsible situations to take charge of the city's property and interests who never took care of their own."

If the mayor complains of this matter, he has never entered into its philosophy. Their own property people dispose of and squander as ca-price or whim or habits of idleness prompt—but when they come to take charge of public treasure and interests, patriotism rises up and takes the reigns of political government and personal rectitude. The mayor ought to think of this before he makes another speech.

GREAT CURE OF EZEKIEL THOMAS.

DR. H. The violence of my cough was such that the blood fushed profusey from my no trils when the paroxy sme or coughing came upon me; indeed, my whole system seemed prostrated, and the hour of my departure seeme mear at hand. At this time, you recom-mended the use of your Compound Syrup of Alid Cherry, which immediately began to soothe, com-fort, and allay the violence of my cough, relieved the pain in my side, strengthened and healed my lungs, &c. 1 continued the use of it; but now, thanks to God and to the effect of your Compound Syrup of Wild Cherry, I am cured, and able to pursue my deily labor. I think it an invaluable medicine in coughs, colds, and discusses of the lungs, and one that should be known to all afflicted. If persons would purchase the original and genuine tricle as prepared by you, and not tamper with the many spurious and worthless preparations which are attempted to be palmed off on the reputation of yours, it might be the means of savmany valuable lives. I freely offer this statement ment for the benefit of those who are suffering as EZEKIEL THOMAS, Cherry st., thee doors west of Schnylkill Second

The above invaluable medicine is prepared by Dr. Swayne blasself, after many years close attention to the practice of the profession in Philadel phin which accounts for its great superfority over "Ms. Bagws, I owe you a grudge, remember that," "I shall not be frightered, then, for I never no "GHERRY" preparations: It gives tone to the Stompach, Parifying and tenovating, and imparts a degree of strength that is really astonishing.
