A NEW VERSION OF THE BIBLE. Kossuth has written a letter to the Society of Friends, in reply to their "Christian appeal for Peace," in which he main tains the necessity of war in some cases upon-scriptural grounds. He says the yes sion of the Bible quoted by the memorialists, which reads "Glory to God in the highest, on earth peace and good will toward man," should read " Glory to God in the highest, on earth peace to good-wishing men." Here is a question for the New Versionists to discuss. Having set the American people right about the meaning of Washington's Farewell Address, the distinguished Magyar has now undertaken to set the Christian world right about the meaning of the Bible.
