FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public domand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed.

It is easy to make a physical pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and

with what success we would respectfully submit to the public decision. It has been unfortunate for

the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bow-els. This is not. Many of them produce so much

griping pain and revulsion in the system as to more

than counterbalance the good to be derived from them. These pills produce no irritation or pain,

unless it arise from a previously existing obstruc-tion or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any

quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are ap-

plicable are given on the box. Among the com plaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Ap-petite, Listlessness, Irritability, Bilious Headache,

Billous Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the con-

vate the strength of the body, and restore the wasted or diseased energies of the whole organism.

Hence an occasional dose is advantageous, even though no serious derangement exists; but un-

necessary dosing should never be carried too far, as every purgative medicine reduces the strength,

when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will

answer a better purpose than any thing which has hitherto been available to mankind. When their

doubt what remedy to employ when in need of a cathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, no

harm can arise from their use in any quantity.

For minute directions see wrapper on the Box.
