The violence of my cough was such that the blood rushed profusely from my nostrils when the paroxysms or cough-ing came upon me; indeed, my whole system seemed prostrated, and the hour of my departure seemed near at hand. At this time, you recom-mended the use of your Compound Syrup of Wild Cherry, which immediately began to soothe, com-fort, and allay the violence of my cough, relieved the pain in my side, strengthened and healed my LENNAN'S STORE—Haynes Lennon, Thomas L. lungs, &c. If persons would purchase the original and, genuine article as prepared by you, and not tam-per with the many spurious and worthless preparations which are attempted to be palmed off on the reputation of yours, it might be the means of saymany valuable lives. 16 BOYLSTON ST., BOSTON, 21st Nov., 1853. PROPESSOR BENJAMIN SILLIMAN !- Deur Sir. take the liberty of asking you if any circum stance has occurred, tending any degree to di minish the full confidence you have felt in the protection afforded by Newell's Patent Sufety With high respect, truly yours.

Boston, Nov. 21, 18.3 To Dr. A. A. Hayes: - Dear Sir, - In reply to he inquiry contained in your note of this date, can now state that "Newell's Patent Safety Lamp," after a considerably extended experience in by family, has fully justified the favorable opinion which I expressed of it about a year ago.

Until this protection was presented, I never permitted the so-called burning fluid to be used in my house. Now it is constantly employed by the domestics, and it has been occasionally burned in the parlor and study. FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with

medicine is acrimonious and irritating to the bow-els. This is not. Many of them produce so much

griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any

quantity; but it is better that any medicine should

be taken judiciously. Minute directions for their use in the several diseases to which they are ap-

Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood

and prepare the system for the change of seasons. An occasional dose stimulates the stomach and

towels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their

stimulant action on the circulatory system, renovate the strength of the body, and restore the

wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even

though no serious derangement exists; but un-necessary dosing should never be carried too far,

as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which

a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will

answer a better purpose than any thing which has hitherto been available to mankind. When their

virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

HOLLOWAY'S OINTMENT

itizens of the Union :-You have done me the honour as with one voice, from one end of the Union to the other, to stamp the character of my Ointment with your approbation. It is scarcely two years since I made it known among you, and already, it has chiained more celebrity than any other Medicine in such that a period. THOMAS HOLLOWAY, 38, Corner of Ann and Nassau Sts., N. York. sive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is herimonican and cristing to the law.

Mr. W. J. Lungley, of Hantsville, Yadkin. North Carolina, suffered for nine years with one of the most painful and troublesome sore legs that ever felt to the lot of man; and after trying every medicine he had ever heard of, he resigned in des-pair all hope of being cured; but a friend brought him a couple of pots of Holiqway's Dintment, which caused the sores on his legs to heal, and he entirely regained his health, to the astonishment of his acquaintances and friends. of his acquaintances and friends.

Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scretula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any Death's Door. Mr. R. DURANT, of New Orleans, addressed Professor Holloway as follows: For 7 years my wite had a bad breast, with ten running wounds, (not of a cancerous nature). I was fold that nothing could save her; she was then induced to use your Ointment and Pills, when in the short space of three months, they effected a perfect cure.
