AYER'S PILLS. FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an fifective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an exten-sive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills — one which should have none of the objections, but all the advantages, of with what success we would respectfully submit to the public decision. It has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for medicine is actimonious and irritating to the bow-els. This is not. Many of them produce so much priping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain. griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruc-tion or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are ap-plicable are given on the box. Among the com-plaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Ap-petite, Listlessness, Irritability, Bilieus Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins: for, in truth, all these are but the competite, Listlessness, Irritability, Bilious Hendache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the con-sequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Cos-tiveness, Piles, Colic, Dysentery, Humors, Scrof-ula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required. They have also produced some singularly suc-cessful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and

asional dose stimulates the stomach and

bowels into healthy action, and restores the appe

tite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, reno-vate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even-

though no serious derangement exists; but un-necessary dosing should never be carried too far,

as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which

a physic is required cannot be enumerated here, but they suggest themselves to the reason of every

answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer

doubt what remedy to employ when in need of a cathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, no

has been employed. So while is the held of its use-fulness, and so numerous the cases of its curve, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too appar-ent to escape observation, and where its virtues are

to employ for the distressing and dangerous Alde-tions of the pulmonary organs which are incident to our climate. And not only in formidable at-tacks upon the lange, but for the milder varieties of COLDS, COUDHS, HOARSENESS, &c.; and for CHILDUES it is the pleasantest and safest medicine that can be obtained.

CHOLERA. A Certain Cure for this disease, may be found in the use of Petry Davis' Vegetable PAIN KILLER.

ST. LOUIS, Mo., June 14th, 1849. Mr. A. T. Woodward, Agent of Perry Davis' Pain Killer.

Dear Sir :- I leel it a duty I owe to the public, o make known the value of Davis' Pain Killer and my experience in using it for some on t complaints for which it is highly recon mended. In April ast, on your recommendation, I purchased a one dollar bottle of you for pains with which I have long been afflicted, and made use of it on my trip down to New Orleans, with the most grat-tying and benchetat effects. On my re arn trip to his city, the Cholers, made its appearance am ome of my passengers. I made use of the Pain Killer, having no other remedy on beard, and my surprise and gratification, lound it gave imme diate relief! On my arrivat in St. Louis, I called ny confidence in it as an insultible Cholera remcoy, and remarking to you that I wanted po other Choiera remedy on my boat. I made use of the four bottles on my trip to New Ork ans and back, for Cholera and some other complaints for which it was recommended, and met with the most astonishing success-when I ordered from you six

more one dollar bottles Since then I have two mote trips to New Orleans and back, and on my previous trip up, I had more than

SEVENTY CASES OF CHOLERA On board, when the PAIN KILLER was immediatel used with the most astonishing results. In ill cases where it was used in time, it gave relier in a very short time ; and I can with onfidence onsideration would induce me to leave port without a good supply-believing it to be a medicine that no officer of a boat or any family would be without a single day after using one bottle. Be lieving it to be the most valuable family medicine

known to the world, for all the different complaints for which it is recommended. P. S. Please send me six large bottles for this rin. J. M. BROADWELL, Captain Steamer Atlantic.

I rost cordially unite with Capt. Broadwell in recommending Perry Davis' Pain Killer to the public, having myself been severely attacked with the Cholers, and found relief in a few tours by using the Pain Killer, and have myself adminitered it to more than fifty persons attacked with the Cholera, and when used in time, a cure was effected in a few hours, and take pleasure in recommending it to the public as an invaluable med-teine, that no individual should be without a sin-
