PALMER'S PATENT LEG.

THIS Ameri an invention stands univalled, both in this country and Europe It is worn by 1,0:0 persons, and with must astonishing success. In competi-tion with 30 other substitutes of the best French, English and German manufacture, it received the award of the GREAT MADAL at the WORLD'S EXHIBITION IN London, as the best artificial limb known In this country it has been thirty times exhibited in competition with all others at the annual Fairs in the principal citles, and has, in every instance, received

I the award of the highest or first premium. And as a crownlig honor, by the unani sous approval of an international council, the "First Premium"-only Silver Medal given for Limbswas awarded the inventor, at the New York Crystal Palace. The leg is well ventilated allowing a current of air to pass around the stump, keeping it cool in Summer.

Damphters giving full information, sent gratis to every applicant. B FRANK PALMER, 376 Chesnut street, Phila telphia. 46 3m-e June 28.

ICE! ICE!! ICE!!!

Mr. A. T. Woodward, Agent of Perry Daris' Pain

Dear Sir :- I feel it a duty I owe to the public, to make known the value of Davis' Pain Killer, and my experience in using it for some of the complaints for which it is highly recommended. In April last, on your recommendation. I purchased a one dollar bottle of you for pains with which I have long been afflicted, and made use of it on my trip down to New Orleans, with the most grati-lying and beneficial eff. cts. On my re urn trip to this city, the Choler, made its appearance among some of my passengers. I made use of the Pain Killer, having no other remedy on board, and to my surprise and gratification, found it gave immediate relief! On my arrival in St Louis, I called on you and got four large bottles, and stated to you my confidence in it as an infailible Cholera remedy, and cemarking to you that I wanted no other Choiera remedy on my boar. I made use of the four bottles on my trip to New Otleans and back, for Cholera and some other complaints for which it was recommended, and met with the most aston-ishing success-when I ordered from you six nore one dollar bottles Since then I have two more trips to New Orleans and back, and

SEVENTY CASES OF CHOLERA

diatel . used with the most astonishing results. In all cases where it was used in time, it gave relief in a very short time; and I can with confidence say to the public, that in all of the first stages of Cholera, when taken in time, it is in my opinion, an *infallible remedy*; and after a fair trial with it tor several weeks, and for four trips to New Orleans and back, and using It for Cholera and for other chaptaints for which it is recomminded, no consideration would induce me to leave port without a good supply-believing it to be a medicine that no officer of a boat or any family would be without a single day after using one bottle. Be heving it to be the most valuable family medicine penses of an experi ental survey to be made known to the world, for all the different complaints for which it is recommended.

rip. J. M. BROADWELL, Captain Steamer Atlantic I - ost cordially units with Capt. Broadwell in meeting of the citizens. to appoint delegates to trip.

he Mass meeting in Bladen so soon as it is asrecommending Perry Davis' Pain Killer to the public, having myself been severely attacked with the Cholera, and found relief in a few boars by R. H. COWAN, Chairman. 4-1f. using the Pain Killer, and have myself adminis-tered it to more than fifty persons attacked with the Cholera, and when used in time, a cure was

Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial.
These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each individual virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.
Ma it is frequently expedient that my medicine provide the accurate Formulae by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be taken if their composition was known! Their life consists in their mystery. I have an my set would be taken if their composition was known!

Their life consists in their mystery. I have no mysteries,
