We expect to receive, in a few days, a CYLIN-DE | PRINTING MACHINE, calculated for the rapid and handsome execution of JOB WOBK .on account of the cost of printing, will be much Jess than heretofore.

We take the liberty of thanking our friends Suppart & Mysas, for the presentation to us of a hat of excellent quality and fluish. This is a baxnry, because we have one that would have done very well for another year, a present from our deceased friend Connection Mynns, two years ago. These facts speak much for their durability and we believe the quality is a fair specimen-of the article of trade vended by our neighbors.

However, the doctor offered to have an interriew with the officer of the Spanish government, when he (the Consul) would remove the seals, so as that the inventory of the property should be taken in his presence. This was declined premptorily, and the doctor's keys were d manded for government use. He refused to give them, and then said he would not even remove the seals .on this the alcalde reported to the Captain Gen cial, who, in rep v, instructed him to perform the work of removing the consular seals by force, if neccessary for his purpose. This the latter proceeded to do, Dr. Worre! protesting. When replying to the alcalde.
