

ORGAN OF THE TOWN AUTHORITIES

OUR NEW YORK CORRESPONDENT.

On our fourth page is the Letter of our New York Correspondent, again delayed by the Mail. It should have arrived in time to have appeared on Saturday.

A COMPLAINT.

In a communication on our first page an adopted citizen complains of an article in the Herald, written by a correspondent. We have no idea that the doctrine of which our correspondent complains will be carried out in this community, or encouraged by any considerable number of our citizens.

STEAMER PACIFIC.

No tidings of steamer Pacific. We do not despair of her safety, as it is probable she may be blocked up by ice, such has been the severity of the weather.

ARRIVAL OF THE CANADA.

The Herald yesterday has the following: We have been favored with the following telegraphic dispatch, received this morning by a house in this town.

BARNUM.

The celebrated P. T. Barnum is said to have made an assignment of his property. Mortgages amounting to upwards of \$400,000 exist on his property, to which is added \$500,000 for confidential debts, designated in the list of preferred creditors named in the assignment.

CONGRESS.

Nothing of importance from Congress. In the House, the President's special message on the affairs of Kansas, published some time ago, was taken up, and, after debate, it was referred to the Committee of the Whole on the state of the Union.

BLACKWOOD'S MAGAZINE.

We have received the January number of Blackwood's Edinburgh Magazine. Published by Leonard Scott & Co., 70 Fulton street, entrance 64 Gold street, New York. Price \$3 a year; Blackwood and any one of the four Reviews \$5; the four Reviews a Blackwood \$10. Postage, payable quarterly, on Blackwood and the four Reviews, 80 cents; viz: 24 cents a year on Blackwood and 14 cents for each of the Reviews.

ARTHUR'S HOME MAGAZINE.

We have received the above-named work for March, edited by T. S. Arthur, 103 Walnut street, Philadelphia. Price \$2 a year, in advance; 4 copies for \$5. Single numbers for sale at Whittaker's at 18 1/2 cents.

SOUTHERN LITERARY MESSENGER.

We have received the February number of this valuable and well-known Periodical. Published monthly by McFarlane, Ferguson & Co. Proprietors, Richmond, Virg. J. K. Thompson, Editor.

MOVEMENT OF IRISHMEN.

The Irish citizens of Cincinnati publicly congratulated the members of the Irish Aid Society, who have recently been tried as filibusters, on their honorable acquittal. In case of a war between England and the United States, one hundred thousand Irish-American bayonets were promised for the conquest of Ireland.

THE MEXICAN INDEMNITY.

The following statement relative to the payment of the Mexican indemnity, from a Correspondent of the New York Courier, is, probably, correct.

"The troublesome question of the drafts on the Mexico indemnity fund has been settled as to one-half the amount due upon them, and the money was paid on Thursday. The drafts which have been paid were four in number, two of them being held by F. A. Hargous & Company, and amounting to \$750,000, and two by Messrs. Aspinwall & Co. for \$325,000 each. The whole amount paid, therefore, was \$1,100,000, leaving outstanding \$1,550,000, which is represented to be covered by drafts in the hands of Aspinwall & Co. I learn that the money was paid with the consent of Gen. Almonte, and upon the written order of the President and Secretary Guthrie.

THE BUFFALO IRISH AID CONVENTION.

BUFFALO, Feb. 14.—The Irish Emigrant Aid Convention re-assembled this morning, and was in session nearly the whole day. There were a few new delegates present, eight more having arrived.

THE REPORT OF THE COMMITTEE ON FINANCE.

The report of the committee on finance stated that there are forty-eight millions of dollars in savings banks throughout the United States belonging to the Irish population.

THE FINANCE COMMITTEE ALSO REPORTED IN FAVOR OF THE FORMATION OF A JOINT STOCK COMPANY FOR THE PURPOSE OF PURCHASING LANDS WEST OF CANADA, AND SELLING THE SAME TO IRISH SETTLERS AND EMIGRANTS FOR NOT MORE THAN TEN PER CENT. ON THE FIRST COST OF THE LANDS. ADOPTED.

THE COMMITTEE ON ORGANIZATION RECOMMENDED THE ESTABLISHMENT OF CHURCHES AT BOSTON, NEW YORK, PITTSBURG, BUFFALO, CHICAGO, ST. LOUIS, AND SUCH PLACES IN CANADA AS THE DELEGATES DESIGNATE, FOR THE PURPOSE OF GIVING INFORMATION AND ASSISTANCE TO EMIGRANTS. ADOPTED.

A COMMITTEE OF FIVE WAS APPOINTED TO PREPARE AN ADDRESS TO THE ROMAN CATHOLIC CLERGY AND LAITY OF THE UNITED STATES AND CANADA.

A WINDFALL.

Some articles of old furniture were sold at auction, in Norfolk, five days ago, for the benefit of two little orphan boys named Beveridge, whose parents died of yellow fever. They were very poor, and the furniture was valued at a mere trifle. Before the sale, some one forced open a drawer of an old bureau, for want of a key, when the pleasant discovery was made of \$150 in gold, neatly tied up in a little bag. The money goes to the orphan children.

CONVERSIONISTO SPIRITUALISM.

The harmony of the "Christian church" in Nashville, Tenn., has been disturbed of late by the conversion of its pastor, the Rev. J. B. Ferguson, formerly of Winchester, Va., to the doctrine of spiritualism and other "new lights" of the times.

CHASTISEMENT OF THE FEJEE ISLANDERS.

The Panama "Star" of the 5th instant announces the arrival at Aspinwall of the United States sloop-of-war John Adams, Commander Boutwell, from the Fejee Islands, via Valparaiso, and gives the following interesting particulars of her cruise:

"The United States ship John Adams left this port in July last, bound to the Fejee Islands, to inquire into and seek reparation for many cruelties committed by the natives inhabiting those islands, and to demand indemnity for the plunder of several American ships trading and fishing in the Fejeean archipelago.

"The obedient and refractory nature of these savages demanded the exercise of vigorous and harsh measures, the commander of the John Adams deemed it expedient to teach them their obligations to the human race, and did so in a manner that made some impression upon them, and which, it is to be hoped, they will long remember.

"During the cruise of the John Adams in the Fejee group of islands five sharp engagements took place between her crew and the cannibals of Polynasia, in which American valor was always victorious.

"Five of their largest towns were burnt and all the houses therein reduced to ashes.

"We learn that an important treaty has been ratified between Commander Boutwell and Tai Vite or Thokambau, the King of Fejee, on behalf of the American Government, the particulars of which have not transpired.

"The visit of this ship to the Fejee Islands has resulted in the re-establishing order and restoring the confidence of American citizens residing there."

THE FEJEE ISLANDS FORM A GROUP IN THE SOUTH PACIFIC OCEAN, EAST OF THE NEW HEBRIDES.

The entire group comprises altogether 154 islands, sixty five of which are inhabited. They are the Eastern and Asau groups, the latter forming the west side of the archipelago. There are numerous spacious outlets or passages to and from the central space, enclosed by the group, known as the Goro Sea. Two of the islands only are of large size, namely, Titi, Leva, and Paoo (Paon) or Sandwood Islands. Among the others may be mentioned Yuna, Kandaboo, Ovalau, Banor Amow, Mithuata, and Goro. Some of the others though smaller, are populous. They each contain from 5,000 to 13,000 inhabitants. Most of the remainder are mere islets. The inhabitants of these islands are barbarous and savage races, remarkable for cruelty, deceit, and cowardice.

Human sacrifices are frequent among them, and cannibalism is common. The towns of the islands are usually fortified with strong palisades, and have but two entrances, in which are gates, the passage being so narrow as to admit of only one person at a time. The population of the islands is estimated at 183,000.

LATER FROM OREGON.

The fighting at Walla Walla - The Capitol Burned.

The steamer Columbus arrived at San Francisco on the 17th of January, with advices from Portland to the 14th of that month. Our previous advices were to the 20th of December.

The following abstract of a volunteer's journal is copied from the Statesman:

9th.—Indians made their appearance in the morning on the battle ground, but not half so thick as the day before. Kept a continuous firing all day, but doing little execution, as the boys were getting pretty good at dodging. Wasco boys took the hill and after two hours' sharp shooting, routed the Indians out of their trenches, &c., that they had dug, leaving guns, knives and blankets. At the same time, the Indians were seen driving off their stock up the river.

10th, Monday morning.—A few Indians presented themselves on the hills filled up some of our trenches and dug new ones of their own. Wasco boys on the hill and Linon boys along the brush; fought on the hill for an hour or two, when the Indians began to retreat. Maj. Chin ordered a charge, when Linon and Wasco pitched in and ran the devils past their upper camp—three Indians killed. As we were coming back they fired a few times at us, but no one was hurt during the day on our side. At dusk the enemy had all disappeared.

11th, 9 o'clock.—Three hundred and fifty men under Col. Kelly, mounted on horseback and paraded the enemy. Followed about forty miles, found considerable stock, but not one Indian. All left in the direction of Soake river. From the appearance in the camp, eight or ten miles above Whitman's station, there must have been fifteen hundred or two thousand Indians. There were one hundred and forty lodges; some were twenty-five and thirty feet long, and others only large enough to contain six persons.

13th, 5 P. M.—Col. Kelly and company returned; brought with them thirty or forty Indian horses; saw quite a number of cattle and horses as they were passing up the valley, but on account of the fog could not find them as they returned; found a valuable cache deposited by a settler—houses nearly all burned, grain, &c., destroyed by the Indians.

List of the Killed and Wounded.—It is supposed generally that in the four days' battle we killed about sixty Indians and wounded probably about the same number. The list of our killed and wounded is as follows:

Captain Wilson's Company Mortally wounded, E. B. Kelsey and Captain A. V. Wilson; slightly wounded, F. Dural, J. W. Smith, and J. Stuvian.

Captain Humson's Company—Mortally wounded, Jesse Fleming.

Captain Bennett's Company—Captain Chas. Bennett, killed; B. Miller, Ira Allen, and A. Shepherd wounded.

Captain Layton's Company—Killed, John M. Burrows and Henry Crew; wounded, Captain Layton, J. Miller, Franklin Crabtree, T. J. Payne, Casper Snooks, Nathan Fry, and A. M. Adington.

Captain Coroyer's Company—John Jarvis wounded.

The wounded all appear to be doing well. The weather, for the past few days, has been very cold, with occasional gusts of rain and snow.

BURNING OF THE CAPITOL.

Last week, says the Oregon Times, we gave the news of the burning of the capitol. Later intelligence from Salem seems to justify the conclusion that this fire was the work of an incendiary. The fire was first seen at 11 o'clock on Sunday morning.

When first discovered by Dr. Wilson, (who lives near), the fire was issuing out of the unfinished part of the Northeast corner. Several persons arriving in time to notice that those portions of the building which were finished, and occupied by the Assembly with stores, were all dark at the time, while the unfinished portion accessible to incendiaries was in flames.

The Territorial Library was entirely consumed, value probably about \$5,000 or \$8,000. The total loss of building and library will not fall much short of \$40,000. The papers and journals of the present session were destroyed, principally, and will occasion great inconvenience to the Assembly in its further duties.

THE CELEBRATION.

The meeting of citizens on Friday evening last, at the Court House, to take measures relative to the celebration of the anniversary of the battle of Moore's Creek, was well attended.

On motion, Dr. F. J. Hill was called to the chair, and R. J. Jones acted as Secretary. The chairman explained the object of the meeting.

W. T. J. Vann, Esq., moved that a committee of three be appointed to prepare resolutions for the action of the meeting. Carried, and Messrs. Vann, Fulton, and Singletary, were appointed said committee.

The committee reported the following resolutions, which were adopted:

Resolved, That a meeting of the citizens of New Hanover county, held at Long Creek Bridge, on the 9th inst., was resolved to take immediate steps for the proper celebration of the approaching anniversary of the Battle of Moore's Creek Bridge, on the 27th inst.; and whereas, we regard the object of this movement as a laudable and patriotic one, an act of justice to the memory of the heroes who illustrated by their valor and devotion, one of the most eventful days in the history of our early revolutionary struggles, as well as a tribute of respect eminently due from their descendants and successors. Be it, therefore,

Resolved, That we heartily respond to the call made upon us by the meeting of our fellow citizens of the County, held at Long Creek Bridge on the 9th inst., and will cordially unite with our fellow citizens of this and the adjoining counties in the celebration of the 27th instant.

Resolved, That a committee of arrangements, consisting of twenty persons, be appointed by the County to co-operate with a similar committee already formed from the county, to take proper measures for the approaching celebration.

Resolved, That G. J. McRee and Eli W. Hall, Esqrs., be respectfully invited to be present and deliver their fellow citizens at Moore's Creek on the 27th inst.

In pursuance of the second resolution the Chair announced the names of the following gentlemen as constituting the Committee of arrangements:

Thos. H. Ashe, Col. Cantwell, Gen. Jas. Owen, Capt. Von Glahn, Dr. Jas. H. Dickson, Dr. J. D. Bellamy, A. J. DeRosier, Jr., Dr. Jas. F. McRee, Sr., T. C. Miller, H. L. Holmes, Ed. D. Hall, S. R. Bell, W. T. J. Vann, P. G. Hill, N. N. Nixon, A. D. Moore, James M. Swain, W. A. Wright, C. H. Dudley, John MacRae.

On motion of Col. John MacRae, the name of James Banks, Esq., of Cumberland county, was added to the list of orators invited to participate in the celebration and address the assemblage on that occasion. Col. MacRae's motion was warmly and unanimously approved.

On motion of Mr. Fulton, the Chairman of the meeting was requested to communicate to the gentlemen invited as orators, the wishes of the meeting, and solicit their acceptance of the invitation tendered.

On motion, Resolved, That the proceedings be published in the town papers, and that all others feeling an interest in the matter be requested to copy; after which the meeting adjourned.

F. J. HILL, Chairman.

OFFICIAL PUBLICATION.

At a special meeting of the Board of Commissioners of the town of Wilmington, at office, Feb. 15th, 1856.

Present, his Honor, the Mayor, } O. G. PARSELEY, } LEVA A. HART, } ISAAC KATHROP, } WM. GARDNER, } WM. SUTTON, } GEORGE DAVIS.

The Clerk and Treasurer submitted their Official Bond, with N. N. Nixon and C. H. Dudley as security. The same was approved, and the Clerk and Treasurer were authorized to receive the same.

The committee to whom was referred the examination of certain buildings, represented as being dangerous, report that they first examined the old wooden tenement on Third street, belonging to Dr. T. H. Wright, and found it in a dilapidated condition, and on conferring with Dr. Wright, he had the same taken down at once.

They then proceeded to examine the brick tenement on the corner of Third and Water streets, Mr. Prizge, and found it in a dangerous condition. They called upon two competent master builders to examine the premises, and they advised by pronouncing it dangerous, and should be immediately taken down. The committee reported to the Board to pass an ordinance directing it done at the earliest possible moment. On motion the report was received and laid over for further action.

Ordered, That H. M. Bishop be, and is hereby appointed Town Constable for the town of Wilmington, and that he be instructed to collect the incidental taxes laid by the Board the present year.

The following persons applied for permission to obtain license at next County Court, to retail spirituous liquors by the small measure, viz: Wm. M. Harris, Orange, Pine street, Water street, R. B. Burnett, Cap-Fear Bar, North Water street. Resolved, That Geo. Davis, Esq. be requested to act as the Attorney of the Commissioners in all suits in which they may be interested, and that he be authorized to employ associate counsel whenever he may deem it necessary.

Resolved, That the Mayor be requested to cooperate with Capt. James Radcliffe, relative to the procurement of the necessary arms for the company of Cadets and take such action in the matter as he may deem expedient.

Ordered, That from and after this date, any person or persons who are convicted of throwing stones, bricks, or any other missiles within the limits of the town, shall pay a fine of two dollars, if a free person, or if a slave, shall receive thirty-nine lashes, or both, for each offence, unless his or her owner pays said fine.

Resolved, That the accumulation of wood in front of the public dock of the town is frequently so great as to obstruct the passage of vehicles in the streets, and in case of fire, to impede the efficient working of the Engines, therefore

Ordered, That a space of ten feet on each side of the centre of the street be kept open at all times, and that no person or persons shall be allowed to deposit any wood or other articles in such a manner as to obstruct the passage of vehicles, or to impede the efficient working of the Engines, and that any person or persons who shall be convicted of doing so, shall pay a fine of two dollars, or be imprisoned for ten days, or both, for each offence, unless his or her owner pays said fine.

THE FROZEN PEACH TREES.

M. B. Batahan, in a letter to The Ohio Farmer, confirms statements from other sources, that many of the peach trees are frozen to death. The New York Tribune also says:

"We think that nearly all that were planted last year—nearly all that stand in undrained rich ground that is naturally moist, and all that made a good deal of new wood last year—will be found seriously injured. We reiterate our advice to use the pruning-knife freely. That can do no harm and may save your trees. Do not cut them down until you are sure they are dead, and then cut away the body close to the ground and cover the stump with a sod, and wait to see if the root will send up sprouts. If your trees are dead, do not be discouraged, but plant more. We may not have such another winter as this in this century. In Ohio it is generally conceded that the buds of peaches, cherries, apricots, some early pears, and some of the most tender apples, are killed or badly injured upon the clay lands."

The Prairie Farmer says:

"We have given up all hopes of a fruit crop except apples. The thermometer has been 22 degrees below zero in Chicago and 23 degrees in the vicinity. The presumption is that peach trees, &c., and all rather tender shrubs are dead down to the snow-line. And we fear that half of the badly-landed peddlers' trees, brought into the country last fall will be found in the same category, whether planted out or beched in. The time for pruning is when the first warm weather of early spring renders it necessary to cut back, before the sap begins to circulate; then do so a little below the evident frost-marked or dead-wood, but never in the peach trees are of good roots,

ROBERTY.

CHARLESTON, S. C. Feb. 15.—We learn that the dwelling house of Dr. W. T. Wragg on Broad street was entered on Monday night by some robber or robbers to him unknown, and a gold watch and a diamond brooch valued at \$200 taken therefrom. It appears that his bed chamber was entered while he was asleep, and the articles taken without waking him. Such robberies are becoming quite common, and our citizens would do well to look to the fastenings of their doors and gate ways.—News.

ANOTHER.

The grocery store of Mr. Scriever, on Middle street, last night by three negro men, and a quantity of bacon taken therefrom. The parties were brought before the Mayor this morning, and after some enquiry into the facts of the case, they were turned over to Magistrate Diggle for prosecution.—Id.

What has Killed the Know Nothing? The American party holds what is called a National Convention at Philadelphia next week. A previous attempt to do the same thing split up the party and gave the House into the hands of the negro worshippers. We think the great error of the Know Nothings was in holding any national convention or attempting to make a national platform. As Macbeth says, "There's no such thing."—N. Y. Herald.

From the Boston Saturday Evening Gazette.

A PERFUMED SATURDAY.—What lady or gentleman would remain unadorned with a disagreeable breath when by using the "Balm of a Thousand Flowers" as a dentifrice would not only render it sweet but leave the teeth white as alabaster?

Many persons do not know their breath is bad, and blind as to its source, so delicate are the friends will never mention it. Pour a single drop of the "Balm" on your tooth-brush and wash the teeth night and morning. A fifty cent bottle will last a year.

A BEAUTIFUL COMPLEXION may easily be acquired by using the "Balm of a Thousand Flowers." It will remove tan, pimples, and freckles from the face, leaving it of a soft and rosy hue. Wet a towel, pour on two or three drops, and wash the face night and morning.

SHAVING MADE EASY.—Wet your shaving-brush in either warm or cold water, pour on two or three drops of "Balm of a Thousand Flowers," rub the beard well and it will make a beautiful soft lather, much facilitating the operation of shaving.—Price only Fifty Cents. For sale at S. W. WHITAKER'S Book Store.

Holloway's Ointment and Pills extraordinary Remedies for the Cure of Erysipelas—Charles Pairpoint was afflicted for several years with this disease. For nine months he was almost dead and blind with it, so severe was the attack, he consulted several of the best doctors in the city, but they did not do him any good, but to use his own words, he was left alone to die. His good genius, however, did not desert him for a friend of his brought him a couple of large boxes and pots of Holloway's Pills and Ointment, which he thankfully accepted, and commenced using; the result was perfectly miraculous, for in two weeks he was able to get about, and in a month he was well; at the expiration of a month, he was perfectly cured, and able to resume his work.

A SURE CURE FOR A FELON.—This we would like to see gladly tried by all our readers. When the sufferer first commences, or even when far advanced, it can be relieved and entirely cured by holding the finger or part afflicted in Perry Davis' Pain Killer for half an hour. It has been constantly tested, and proved a sure and infallible remedy. A felon is a troublesome thing, and we would advise all so troubled to test the remedy.

MARRIED.

In this town, on Thursday the 14th inst, by the Rev. Benbow G. Taylor, to REMOND TAYLOR, of Miss OLIVE SOUTHERLAND.

The Schr. O. G. Parsley, Capt. Vangilder, with a cargo of stone, cleared from New London, Ct, for Charleston on or about the 23d of December last, and has not since been heard of.

MARINE DISASTER—SAVANNAH BAR AND RIVER.

SAVANNAH, Ga. Feb. 16.—The ship James Ray Capt. Ray, from Philadelphia, for Liverpool, loaded with flour and wheat, put in at this port in distress, yesterday. On the 7th inst. she experienced a heavy gale, in which she sprung a leak. The wheat in her hold choked the pumps, and she was forced to seek a harbor. On the 13th inst. she was spoken off Charleston Bar, by one of the "IMPROVED HERRING'S PATENT SAFES," and she was forced to seek a harbor. On the 13th inst. she was spoken off Charleston Bar, by one of the "IMPROVED HERRING'S PATENT SAFES," and she was forced to seek a harbor.

Ship Canada, Capt. Wagoner, from New York for Rotterdam with a general cargo, experienced the effects of the same gale, which she drew two miles from the shore, and she was heard by the James Ray. She was considerably damaged her main-mast-head being carried away, rudder injured and sprung leak. She had a quantity of flour, sugar, and molasses, which she drew on board on the 11th inst., then 45 days out, she was heard by a Pilot Boat off Charleston Bar, but the Pilots declined taking her into that port as she could not cross the Bar in safety, drawing 15 1/2 feet.

Both of these ships are in safe anchorage inside of Tybee. They were unable to come up to the city last night, as they arrived on the ebb tide, but will probably come up to-day.

Within the past 60 days, four ships have put in at this port in distress, which were unable to cross the Charleston Bar; the Tygrazack, Capt. Homer, Dec. 29; the Sea Queen, Capt. Groves, Dec. 25; and the James Ray and Canton, yesterday. Do not these facts furnish additional evidence, if any were wanting, in confirmation of the decision

WHALES.

The Naval Commission of 1837, appointed to examine the whalers south of the Potomac—The Commission, consisting of Captains Woodley, Clayton and Shubrick, report: "The Bar at the mouth of the Savannah River to be the deepest and most accessible any on the Southern coast."

We cannot believe that the Legislature of Georgia will turn a deaf ear to the application to be before them asking a comparatively small appropriation to remove an obstacle which prevented the whalers from coming up to our harbors. The Bar at the mouth of the Savannah River is universally acknowledged to be the best on the Southern coast. Nature has done much for the benefit of our State and now the mind of art is invoked to complete the work which nature has commenced—a highway for the produce and commerce of the Empire State of the South.—News.
