OF THE RAIL ROAD TIMES. AN INDEPENDENT JOURNAL. Devoted to News, Internal Improvement, Education, Agriculture, Manufacture & Com-

merce. WE know that the interests of the People of our State demand such a paper, and believing that one free from political strifes and quarrels of the day, devoted to such topics, will be the kind they desire, we confidently enter upon this enterprise with the assurance of meriting and meeting their approbation and support. Our object is to make the Times the mirror of the State, in which all can see their true interests held up and encour-

INTERNAL IMPROVEMENTS .- To this subject we expect to devote as much space as a full statement of the various operations will require; for as our works of improvement advance, so do all

the other interests of the State.

EDUCATION.—It is a source of regret to all interested in the Educational interests of our State, (and who is not?) that our papers are so much devoted to party politics, \$6, that this great cause has been too much neglected; we propose, therefore, to devote to this subject, a portion of our space We will foster and carefully note the advancement of Education, not only in our higher Schools, but also in our Common Schools.

AGRICULTURE, MANUFACTURE AND COMMERCE, at this stage of our history, are commanding the attention of all our good State and money-loving citizens. Therefore, the Mark-els will be reported with care, and all items, calcu-

lated to throw light on either of those inseparable oranches of industry, will be carefully gleaned and inserted every week, It is unnecessary to say more if we had time, but the "whistle of the locomotive" on the East and the cheering news from the West admonish us to close. Permit us, however, to assure you that the first number of the Times will make its appearance about the time the cars reach this place

from the East. TERMS-The Times will be printed weekly in Greensborough. N. C., on new material, and contain as much reading matter as any paper in the State, for \$2 per aunum in advance.

A BOOK FOR EVERY SOUTHERN METHODIST Early in 1856, probably in the month of February, I expect to publish a new work to the particular features of which I beg leave to call your at-

The Annals of Southern Methodism, for 1855, will be a 12 mo. volume of not less than 360 pages. well printed, from stereotype plates, upon good paper. It will contain all available statistics in every department of the operations of the METHODIST EPISCOPAL CHURCH, SOUTH.

The design embraces the Plan of Episcopal visitation; accounts of the sessions of all the Conferences held in 1955, the appointments, numbers, &c; a summary of all reported revivals, notices of the dedication of new Churches; reports of College Commencements, with all else connected with our educational movements; a resume of our Missionary operations, embracing whatever seems of general interest in that department; the movements of the Tract and Sunday School Societies; whatever appertains to our publishing interests, with an-nouncements of all New Books published by our Concern, or written by Southern Methodists; what Concern, or written by Southern Methodisus; what the Church is doing for the instruction of Slaves Historical and Biographical Essays; interesting personal reminiscences; and a miscellany of important facts and incidents.

THE "ANNALS."

It is believed, will be a fair and full daguerrectype of the progress of Southern Methodism. It will occur to you at once, that if I have succeeded in preparing this volume with any reasona-ble amount of skill, it will not only be a very agree-able book for present reading, but that every year will add to its value as showing the posture of Southern Methodism at this particular juncture of its history.

Will be specially valuable as a Book of reference. To whatever question of general in crest may arise in regard to the events of 1855, it is hoped that a satisfactory answer will be found in the Annals.

While it is believed that the Ministers in our Church will desire copies as soon as they can be obtained, I have paid regard to the what I supposed the tastes of general readers. The older members of the Church will find sketches that carry them back to their earlier compeers, as in this department I have not restricted myself to the history of the year, but have collected whatever has appeared during the year, which, as history and biogry of the year, but have collected whatever has appeared during the year, which, as history and biography, preserves the memoirs of the olden time, and of the early men of Southern Methodism.

The work will be published at One Dollar a copy. Those who subscribe in advance, shall receive the first copies issued from the press. A gold dollar pasted in a letter can be sent securely and is preferable to bills of distant danks. Those of the banks in North and South Carelina will be as good as gold. In return a copy will be sent well wrapped and prepaid.

"Dear Father—Will you kindly say to Mr. Davis that Mrs. Hibbard and myself and indeed I might add, all who came out with us, feel very grateful for the box of Pain Killer which he gave us when we left our native land for burmah. I have used it for Coughs, Colds, violent Internal Pains, Summer Complaints, Burns, Bruises and for the Sting of Scorpions—and with uniform success. The only severe spasm of the stomach cess The only severe spasm of the stomach which Mrs. Hibbard has had in Burmah, was instantly relieved by the Pain Killer. We always keep it where we can put our hands on it in the dark if need be.

Although I took Mr. Nisbet's box in addition

to my own when he returned to America. still it is all gone but three or four bottles, and that would have been gone long ago, had I not refused to part

The Karens, also, are beginning to learn its val-ue, and call for it, but I have to deny them, except in doses, for we could not think of being without With the Pain Killer, I feel myself well armed against disease—that is in all ordinary cases.— It is indispensable, and I seldom meddle with any Rev. CHARLES HIBBARD.

Ms. PERRy Davis-I feel it to be my duty to bear my testimony to the efficacy of your infalli-ble Pain Killer. I have used it for years, for complaints of the Stomach and Bowels, having formerly been subject to severe attacks of Diarrhoa and Cholera Morbus—but for the last two years I have not had occasion to use it or any other medicine for that complaint, it having perfectly restored my digestive organs. I had a very severe attack, a few days ago, of the

ague, and such a pain in my back, for three days and nights, that I could get no rest. I demanded of my physician, after several things had been tried, to give me something to relieve my back and head of pain. He said I must bathe, and wait till the Ague wore off, and the pain would wear away. I had too much pain to feel easy, and sent and got a 25 cent bottle of the "Vegetable Pain Killer." I took a little inwardly, and bathed according to directions, and one application has removed all the pain and I am able to write to-day, though with a tren.bling hand. The application was made last night about nine o'clock, and I had a sweet night's rest. I have recommended it for several years and it has given universal satisfaction where it has

SANDUBRY CITY, Ohio, Noy. 24, 1848.

Mr. J. N. Harris—Dear Sir:—Your favor of the

28th ultimo is at hand, and in teply will say—We began selling Perry Davis' Pain Killer, and with very little effort on our part; sales were small at firer, but as it became known in our community, the demand increased rapidly, far beyond our expectations, and every person that bought it would come after more, and speak of it in the highest terms as a valuable remedy for all those diseases your pamphlet spoke of From those recommendations we were induced to use it in our own families, and the good effects of the medicine were im-mediately apparent. We have sold more of the any other medicine in the same length of time : and we do not hesitate to say that it has given better satisfaction to the purchaser than any other ar-ticle we have ever sold.

Keep a large supply in the West, it is just such a medicine as the people want, and they have already found out that they can cure the fever and ague for twenty-five cents. It will cure a cold in one hour —a severe cough in one night—and has proved to be the best medicine in use for a diseased stomach and many other purposes. Yours, 4-c., LOCKWOOD & GRAHAM.

DAVIS' VEGETABLE PAIN KILLER. This unparallaled preparation is receiving more estimonials of its wonderful efficacy in removing pain, than any other medicine ever offered to the public. And these testimorials come not alone from the ignorant, but from persons of every degree of intelligence and every rank of life. Physicians of the first respectability, and perfectly conversant with the nature of diseases and remedies, have recommended this as one of the most effectual in their line of preparations for the extinction of pain. The Pain Killer is used internally and externally according to the nature of the ly and externally, according to the nature of the complaint. It has been found to be an excellent remedy for sudden colds, coughs, &c.; fever and ague, asthma and phthysic.pain in the head, kidney complaints, bruises and sores, severe burns, canker, boils, and ringworms, weak stomach, and canker, boils, and ringworms, weak stomach, and general debility, painter's colic, broken breast, &c., bowel complaint, and dysentery, cholera, liver complaint, and dyspepsia, teeth-ache, &c., &c.
