WILMINGTON, N. C., THURSDAY MORNING, APRIL 17, 1856.

WHOLE NUMBER 1269

MISCELLANY.

LATE FOREIGN NEWS.

NEW YORK, April 13.—The steamship Washington, from Bremen via Southampton the 26th ultimo, arrived at this port at 7 o'clock this morning. Her dates from Liverpool are to the 24th, and from London to the 25th. The Gunard steamship America, from Boston and Halifax, had not arrived out.

The Treaty of Peace was yet unsigned. The Conference was less harmonious, owing to a demand put forth by the Prussian plenipotentiaries to be admitted to sign the treaty on the same footing and in the same character as if Prussia had been a party to the alliance throughout. It is said that Russia supports the pretensions of Prussia. This took place at the meeting of the 23d and another meeting was held on the 24th, but nothing had transpired of what then took place. The opinion prevailed that the Conference would ultimately resolve itself into an European Congress.

Peace is generally regarded as certain. The correspondent of the Times in the Crimea says that the war party there still cherish the hope that the peace negotiations may break down. It may suit the French (he says) to make concessions, but it ought not to suit the English. The French doubtless consider that they have done enough for honor, glory, and to revenge their reverses of 1812, and they cannot afford to carry on the war as England can. But their army, however numerous on paper, is dwindling sadly. The scurvy and fever are playing havoc in its ranks. The mortality is stated to be one hundred and twenty per day, and frequently more. The Allies had commenced the demolition of the enclosure lines around Sebastopol.

The Copenhagen correspondent of the London Times states that the Danish Commission had submitted to the Copenhagen Conference a proposal for the capitalization of the Sound dues; fixing thirty-five millions of six dollars as the minimum indemnity which Denmark claimed. The writer states further that the United States having declined to take part in that conference, the question would in all probability be resolved without their co-operation.

Mr. Buchanan was to leave Southampton on the 9th of April in the steamer Arago. He had gone to Paris, accompanied by Mr. Campbell, the American Consul at London, and Mr. Croskey, the American Consul at Southampton. He would visit the Hague before his return.

The city of Parma, in Italy, had been again laid under siege owing to the frequent disturbances and assassinations there.

Sir Hyde Parker, commander of the English naval force in the East Indies, died at Davenport on the 21st of March. Sir Henry Pottinger died at Malta on the 18th.

Advices from Hamburg state that Commodore Watson has declared all the Russian Baltic ports in a state of blockade. Advices from Persia state that Dost Mohammed had taken possession of Candahar. Persian troops were marching against him.

A telegraphic despatch from Jassy states that the courier who was the bearer of the formal demand for a union of the principalities, addressed to Count Walowski had been arrested at Czarnowitz.

Advices from Nicolaeff state that a commission arrived there from St. Petersburg on the 4th of March and immediately commenced operations for the abandonment of that place as a military depot. It was stated that it would be declared a free port.

THE MOUNT VERNON ESTATE.
A correspondent of the New York Tribune, speaking of the proposed purchase of this estate, says:

But Mr. Washington will sell to the United States or to the State of Virginia, and his price to either is \$200,000. For this he proposes to give only the two hundred acres or so next the Potomac which include the house and tomb of Washington, (and which, had they not been Washington's, would not fetch \$20,000.) He will only sell with the understanding that the place to be kept as it should be, (not as it has been,) as a patriotic memorial of the illustrious dead.

I hear that Mr. Washington derives quite an income from Mount Vernon, notwithstanding its sterility. He received \$1,500 last year of the steamboat which plies between this city and Mt. Vernon for the privilege of landing passengers at the latter, and he has just sold timber of the place to the amount of \$12,000, to be manufactured into Mount Vernon canes, snuff boxes, &c. I believe this trade is yet in its infancy, and is expected to expand. Mr. Washington is some 35 to 40 years old, is married and has five children—the youngest (an infant) is a son, and the only male child born in the Washington mansion since it became such.

The same writer says that he knows a gentleman who says he would give \$250,000 for the place, and thinks he could then make a good thing of it; but he can't get it, of course.

TORNADO IN PHILADELPHIA.
PHILADELPHIA, April 13.—The wind blew a perfect tornado last night and unroofed one hundred and fifty houses in different sections of this city. As far as heard from there has been no loss of life. Two large brick churches and three factories in Kensington were unroofed. The large boiler-house of the Franklin Iron Works, one hundred and fifty feet long, was totally demolished. The Trenton railroad depot in Kensington was partially destroyed.

OFF FOR KANSAS.
Several young men left Richmond Thursday evening last for Kansas territory. They go at their own expense, and with a determination to give their hearty co-operation with the defenders of Southern rights.

PERILOUS SITUATION.

There was a great excitement caused at Rochester (N. Y.) on Monday morning by a report that a man was on a cake of ice in the river near the falls, beyond reach from the shore. Hundreds of people rushed to the river bank on both sides below the falls to ascertain the truth of the rumor. It turned out that a man was on a small cake of ice grounded in the river a short distance below the falls, about one hundred feet from the shore. The water was rushing swiftly by him on either side towards the rapid and lower falls, over which he would speedily pass if the ice upon which he stood should become dislodged. His perilous position and the imminent danger of his being speedily carried away caused intense excitement among the people upon the shore. It was discovered that the unfortunate man had but one arm, which of course prevented him from swimming to the shore, as a strong man might have done. Liberal sums were offered by citizens for a boat or any person who would rescue the man. After an hour and a quarter of intense anxiety the man was rescued by means of a rope which was carried to him from the shore by a plank pushed into the stream from the shore above. He was drawn ashore amidst the cheers of the multitude. He proved to be Jacob Suiter, who resides on North Clinton street. He says he was gathering drift wood, and stepped upon the ice beside the water to seize a stick, when the ice broke away and floated him into the stream.—*Rochester Union.*

A LUCKY FELLOW.

The Rogersville (Tennessee) Times has the following:
"A short time since a fellow from Buffalo Creek, Carter county, was imprisoned in Elizabethtown jail, for burning a barn. The citizens of the place learning that he was from the neighborhood where the small pox was raging, broke open the jail and turned him out, and then told him if he didn't leave town in fifteen minutes, they would tar and feather him."

FEELING HIS RESPONSIBILITY.
The Prussian School Councillor Dinton nobly said, "I promised God that I would look upon every Prussian peasant child as a being who could complain of me before God, if I did not provide him the best education as a man and a Christian which it was possible for me to provide."

CAVING IN A TUNNEL.
ALBANY, April 12.—A portion of the tunnel near Rhinebeck, on the Hudson River Railroad, caved in yesterday, causing the freight train to be thrown from the track and becoming a complete wreck. No lives were lost.

THE CRITERION;
