MORE OF MR. SUMNER.

We have more and more evidence that Mr. SUMNER is an unqualified abolitionist, and that his oath to support the Federal Constitution, like | cratic Party can keep this Confederacy together. Sewarp's is of no account, being subject to the It is the "last time." mental reservation embraced in the doctrine of the "higher law"-that is to be governed by his own political notions. The following extract from a letter, written by him to a member of the late Abolition Convention in Boston, sustains the opinion we here express:

"The tyranny over us is complete. Will the people submit to it? When you read this I shall be saying in the Senate that they will not. I shall pronounce the most thorough phillippic ever heard in this legislative body."

The word "phillipic" is applied to an Oration by Demonsthenese against Phillip king of Macedonia, in which the orator aroused the Athenians from their indolence. It is now used to denote any declamation or discourse full of acrimonious invective. The Senator fulfilled his promise, and applied this acrimonious invective to a sovereign State of glorious antecedents, and to a Senator of should take care to know what and whom they

in Kansas, leave us without any certain knowledge It is clear that those who enforced the law were disorderly in some degree, but no one was killed of the abolition party, though very exaggerated reports had come to us on that score. One of the "posse" was killed by the falling of a brick from the hotel.

A writer in the Missouri Democrat gives a full account of the transactions of the 21st of May, June 1856. which we publish on our fourth page, though we troops had been stationed at each of these places. We are quite willing, however, that our readers should "hear both sides" and form their own judgment in the case.

It is reported that Dr. Root and Mr. Mitchell of New Haven have been killed by the "posse ten miles from Lawrence. We give no credit to this report. If the "posse" were bent on killing folks, surely some would have perished during the affair at Lawrence.

The following will throw some light on this

WHAT IS THE MATTER ? The Sunday number of the New York Herald and we think Saturday also, comes out without any blackguard expressions against FRANKLIN Pience, our honored President. What is the matter? Is the Herald's stock of billingsgate exhausted, or have BENNETT and his bunch of Editors | and Secretaries. got tired of their dirty work. We cannot say in this regard, "there is nothing new under the Sun." because this is an entire new phase of the Herald. and it is absolutely civil towards the Chief Magistrate, so far as silence can be construed into civility. Of course, it would be a great inconsistency in BENNETT to speak decently of Mr. PIERCE. Perhaps he finds it necessary, in order to be in hopeful position with any of the nominees, to "haul off" for a season; for whatever may be the result of the proceedings of the Cincionati Convention, no nomines will approve of the insults to The President, who is beloved and esteemed by all his party, except a few who are not the exponents of a Democratic sentiment, such as the New York News and the Washington Sentinel, who exhibit discontent, because the editors and a small number of disappointed politicians, did not receive such high distinction and regard from the President, as no one in the world but themselwes supposed them entitled to. They are, like BENNETT, mad because they did not get office from President Pierce. But this dissatisfaction will not affect either the nomination or the elecn. in the least degree.

We see nothing abusive in the Herald of Mon-

BLACK REPUBLICANISM.

A meeting of the Abolition Convention of Massachusetts, was held in the Melodeon, at Boston, on Wednesday week last. It was quite a "Bombastes Furioso" affair and the way Mr. BROOKS, of South Carolina was used up and trampled down, none can well appreciate who were not there to see and hear it. Mr. Sumner came in for a large share of sympathy and laudation.

But the crowning glory of the affair consisted in some remarks of a "colored gemmen," of course, one of the leading orators on the occasion We give the precious extract, which is as follows:

Mr. Charles L. Remond, a colored man, said he was glad to see the free soil men being driven from Kansas, as it would make them appreciate his rights as well as their own. He said that, remembering he was a slaveholder, he could spit upon Washington. (Loud hisses and applause.)-The hissers, he said, were slaveholders in spirit, and every one of them would enslave him if they had the courage to do it. So near to Fancui Hall and Bunker Hill, was he not to be permitted to say that that scoundrel George Washington, had

[THIRD DISPATCH.]

CINCINNATI, June 2-21 o'clock-At quarter before twelve o'clock the signal of the firing of cannon for the opening of the convention was heard, and the delegates commenced assembling in the hall selected for the deliberations.

At 12 o'clock the Convention was called to order by Hon. R. M. McLane, of Maryland, and Mr. Richardson, of Illinois, nominated Hon. Sam'l Medary, of Ohio, for temporary chairman, which was carried unanimously.

Mr. Hall, of Massachusetts, called for the read ing of the call of the Convention, when the call was read by Mr. English, of Iudiana. Here a sudden uproar was heard at the door

of the convention, when a large crowd rushed into the Hall, scrambling and fighting amidst the direct confusion. It was soon discovered that the disorderlies were the Benton delegation from Missouri, who, resolved to enter by violence had knocked down the door-keeper and rushed in, headed by Ex-Governor Price. For a few minutes a scene of confusion ensued

that would be impossible to describe. Members jumped upon their chairs and secured themselves as though a serious riot was about to take place. After a while quiet was restored and the reading Fickly; Missouri, E. T. Hudson; Arkansas. Gen.

A. G. Brown, of Mississippi, introduced a resolution admitting alternates to seats in the hall. Mr. Harriss, of Illinois, proposed that a certain pro rata number from each State be admitted, as the hall is not large enough to accommodate all.

Mr. Craig, of North Carolina, moved to lay the esolution on the table till the convention was organized fully-carried. Mr. Harris, of Illinois, moved the appointment

f a committee on credentials to be selected by the delegates from each uncontested State. The following committee were appointed :-

Vermont, B. Marlow; Massachusetts, James T. Whitney; Rhode Island, H. J. Burrows; N. Jersey, G. S. Cannon; Pennsylvania, H. B. Wright; Delaware, James A. Bayard; Maryland, Otho Scott; Virginia, R. H. As soon as the committee was announced, Mr. Richardson, of Illinois, rose and said he did not desire to interfere with the quarrels of the States, but the Convention owed to itself, its dignity and propriety, that no person should be allowed to force an entrance to the hall by overpowering the doorkeeper. The house should protect itself from violence and outrage.

Mr. Hall, of Missouri, one of the delegates who forced the door, here arose to speak, but the chairman refused to recognise him. The gentleman must present his grievance to the committee on credentials.

Mr. Hall made another effort to speak, but he was interrupted with cries of order. Mr. Price, of Missouri, rose and said the delegation submitted to the decision of the chair, and

at once withdrew. Mr. Bocock, of Va., called attention to the fact that the seats of the Missouri delegation were contested, and yet Missouri had been allowed to

Variety of Miscellaneous Information and Statisties by C. H. WILEY.

Number 8 is a new and revised edition of the North Carolina Reader, first published in 1851 .-Numbers 1 and 2, just issued, complete the series, which is, as a whole, cheaper than any other series of Readers in the United States, and as The Editor (Prof. Hubbard) in his Preface to

Number 1 'deems it proper to allude to a few of the peculiar advantages aimed at by the Superintendent of Common Schools while making efforts to have this work completed. These are 1. THE ENCOURAGEMENT OF A FEELING OF SELF DEPENDENCE, and the enlistment of popular sentiment in behalf of the State, and its astitutions. It was not thought important however, to have more than one number of the Readers of merely local interest.

2. TO REMEDY THE EVIL EVERYWHERE COMPLAINED OF IN COMMON SCHOOLS, OF A PERPETUAL CHANGE IN TEXT BOOKS; an expensive habit, and one which injures the Schools by preventing the children from being to the Union, and hold sacred the rights classified. A series of home Readers, it was supposed, would be certainly used, and this great evil thus avoided.

3. ECONOMY, the popular system of Readers being too long and being made so often merely to add to the profits of authors and publishers. This series is to consist of fewer numbers than those generally used, and it is believed that these numbers are sufficient, while if the system were universally used in the State, the sum saved to parents and children would amount to several

thousand dollars annually.
4. TO PUT IN THE HANDS OF CHILDREN LEARNING TO READ, COMPOSITIONS SUFFI-CIENTLY FAMILIAR BUT NOT OF THE CHARACTER CALLED CHILDISH COMPOSI-TIONS, containing, in lessons easy enough for all ages, correct specimens of style, interesting in matter, and inculcating proper morals and religious instruction."

The prices are for No. 1, 25 cents; No. 2, 374 cts. and No. 8 75 cents. A liberal deduction from these prices to Merchants and School Teachers. Wilmington, N. C., March 4.

Holloway's Ointment and Pills .- Extraordinary

This wonderful Ointment will also readly cure all diseases of the skin.
