THE NEW YORK DAILY NEWS. We copy the following from that excellent Democratic Journal, the New York News, that we may do justice to the Editor in his own words.-We think we can account for the error. We are careful to look into the Hartford Times, another excellent States Rights paper, supporting, also, the BUCHANAN and BRECKENRIDGE ticket- and as likely as not had we copied from the latter, we should have credited, by mistake, the formor. Good things will get mixed up in one's head some times:

" Some persons give none at all, others, especially at the South, credit many of our editorials to The New York "Times," an Abolition, Black "Republican" paper of the darkest hue. The Richmond Enquirer, a few days since committed this act of carelessness, we suppose we must call it, and we have noticed it in several other instances, and now the Wilmington (N. C.) Commercial of Aug. 30, gives the following in its first editorial column :

THE PRESIDENTIAL CANDIDATE. The friends of Mr. FILLMORE have very unwise v permitted themselves to propagate groundless reports concerning the life and character of Mr. BUCHANAN. to Southern Rights men than those of Mr. Fill-

As pertinent to this subject, we submit the following remarks from an article in the Richmond Enquirer :

"The election of Mr. Buchanan would be a reactionary movement in favor of Slavery and conservatism. The election of Mr. Fillmore would subsidise the harbarians, by yielding them the lands north of 36 deg. 80, increase their numbers and their rapacity, and only postpone disunion to a period when it would be more perilous than at present. Besides, his election might go far to wean the affection, confidence and attachment of the Catholics from our institutions, who are now than the anarchy of infidelity. Conservative, as Mr. Filmore and most of his friends pretand to be, the compromise which they propose is but a step towards Black Republicanism, a subsidy offered to the Goths. The South must not yield one inch-the religious, patrotic and conservative South must not yield an inch, but to vote for Mr. Fillmore will be to yield an ell.

The New Orleans Delta has some remarks, also, worthy of consideration :

We must regard it as unfortunate that Mr. Fillmore was nominated. His election is impossible. Whatever may be the sage opinions of a few half awake partisans, pot-house politicians, antiquated sectarians and Samites, he and "Sam" are fungi, foreigh bodies, not in the canvass, out of the game entirely. It is now the North agasnst the South and the nomination merely serves to complicate matters between them.

"It is the policy of the South to have her peace and safety at once securad-in the Union or out of it; and in order to do this, that the North ceived by a merchant of this place, bearing date | should decide directly, and positively, whether or Sept. 1st, says that Haywood, Chatham county, not it will adhere to the Constitution as it is. But Mr. Ellimore comes in as a disturbing cause, and The bridge over the Deep River at Lockwille had if Fremont be elected, many Southerners will been swept away ; one arch of the bridge at Hay- blind their eyes, and say it was because Fillmore wood broken by drift wood. Great fears were took away good constitutional support in the North from Buchanan; they will be disposed to hang on to a groken Constitution and a disastrous Union and to try the North once more, and will talk of peace while the chains are being riveted firmly upon them.

"We argue as men who sincerely love the Con-The Whig Convention of Massachusetts, held stitution and value the Union only so far as it is its meeting on Thursday last. Amongst the reso- a Constitutional Union. The prospect for a return lutions adopted was one signifying a preference to such a Union seems very remote. If Mr. Bufor Mr. Fillmore over all other caedidates thus chanan be elected, although some semblance of a Constitution may be preserved four years longer by his exercise of the veto power, we can by no means affirm that it will be so preserved. How soon or how far the civil war in Kansas may extend, "must give us pause." But the only chance of preserving the Union and restoring it to its constitutional character, is in the election of Mr. Bu-A State Convention of the friends of education chanan; and if there be a conservative element in in North Carolina, will be held in Salisbury on the the North it must manifest itself now, or it will be forever too late."

> A GREAT MISTAKE. Our people have been so long and often told

by northern politicians, that we are weak and feeble, and in case of disunion would be good for nothing, that many of us have been blind enough to believe it. The danger of internal commotion. in case of disunion, is entirely with the north as also the weakness and feebleness. A cotemporary reiterates our opinions on this subject, in very forcible language: "The North will have ne-principle of cohesion within, no common danger binding together from without. The situation and straggling extent of her territory, will render union difficult. The predominance of different European races will make it impossible. One half her territory (that in the East) will starve in a year if divided from the Western balf; and yet the division is sure to take place. Socialism, communion, infidelity, licentiousness and agrarianism, now scarcely suppressed by union with the conservative South, will burst forth in a Depth of water on the Bars and Inlets of Cape | carnival of blood. The social system of the South is sure to beget strong and permanent governmental institutions and a lasting confederation. That of the North will beget revolution with more rapid iteration, more bloody execution, and more direful consequences, than the same system has brought forth for seventy years in Western Eu-

AFFAIRS IN SAMPSON.

Mr. HOLDEN, senior Enitor of the N. C. Standard, in giving a description of his late visit to Sampson county, has the following in his paper of Wednesday last :

We mixed a good deal with the people of Sampson, and had an opportunity of hearing and learning their political views and opinions. We me a number of old line Whigs—gentlemen of intel-ligence and influence—who will vote for Mr. Buchanan. There has been a marked change in his respect in the County, during the last two or three works. Not that these old line Whigs are hestile to Mr. Fillmore, or would vote against im under ordinary circumstances; but they perceive no hope for his election, and regarding the will cheerfully vote for the latter. This is the feeling, we are satisfied, of a large number of old line Whigs and recenting Know Nothings in all parts of the State. We look confidently for a gain of three hundred votes for Buchanan in Sampson over the vote for Bragg at the late election.

SAD ACCIDENT.

A letter from Potosi, dated the 27th, says: " A sad accident occurred yesterday, on section 43 of the Iron Mountain Bailread Co., at the store of Thos. R. Livingston. A keg of powder was placed on the counter of the store, when, by some means, probably by a pipe or cigar of some one smoking, the powder was ignited, the house was blown up and the goods ruined. Some seven persons were in the store at the time, and all seriously injured. It is thought impossible for four of them to survive. The loss of Mr. Livingston is about \$1,000. He was not in the store at the time .- St. Louis Republican, Aug. 29.

WERMONT ELECTION.

MONTPELIER, Vt., Sept. 2.—Our State election for Governor, Members of Congress, Legislature &c., took place to-day. The vote, judging from the returns received thus far, is very large. Last year the Republican majority for Gov. Royce, was about 18,000. The candidates this year were Ryland Fletcher, Republican, and Henry Keyes, EFFECTS OF THE STORM.

We have been kindly furnished with extracts of letters from the Low country, which we annex: John's Island, Sept. 2.-My root potatoes are almost an entire failure, in consequence of the excessive dry weather. The cotton crop looks very badly since the storm, and I have no doubt but dents of Mr. Buchanan are far more acceptable what it has sustained great injury.

Toogoopoo, Sept. 2 .- If you have any old cot ton on hand, don't be in a hurry to put it on the market, for I think the gale has done no little injury to fine Sea Islands. It will, however, be a week before we will be able to say what the injury is. We had very heavy falls of water on Thursday, Friday and Saturday, which, it is feared, will result seriously.

Macon, Sept. 3 .- Both corn and cotton crop are seriously injured, and in the river and low grounds they have been submerged to a great extent. Much of the swamp land in this vicinity was inundated by the river. The trains on the Railroads (with the exception of the Macon and Western) failed to arrive at the regular hours. No damage, however, of consequence was sustained by that, or the Central road. On the Southwestern, near Americus, the road was injured so that no train arrived until Monday evening. On the Columbus branch, a bridge on the Upatoie Creek was carried away, which will take some weeks to re-build. The trains will meet at that place, and the regular course of travel will not be interrupted .- Messenger.

Equinoctiat Gale .- Saturday night about 12 o'clock the wind began to blow from the northeast, and in a short time it was accompanied with slight rain, which continued moderately till about day-light Sunday morning, when the wind became stronger, and the rain began to fall with soaking force, which had not abated when our paper went to press at five o'clock yesterday evening. During the day much damage was done to the shade trees throughout the city, many being blown and others much mutilated.

THE WORKMEN AT SPRINGFIELD. The following Resolutions were adopted by the discharged workmen, at Springfield, Mass., on the 29th of August.

1. Resolved, That, in the opinion of this meet ing, the suspension of operations at the United States Armory is due to the action of the so-call ed republican majority of the House of Represent atives of the United States.

2. Resolved, That the action of the majority is anprecedented in the history of this government that it is revolutionary and anarchical, and calls for the earnest reprobation of every conservative citizen of the country of whatever party.

6. Resolved, That Hon. C. C. Chaffee, repre entative in Congress from this district, has evid ently possessed the power, by his vote and his in fluence, to insure the passage of the bill upon which the armory depended for its funds, and that he is, therefore, responsible for its failure, and for the consequent suspension of those oper sacrificing the interests of so larger a portion of the district, he has been guilty of a most reckless and flagrant breach of his trust, and that we desire te express, in the most unqualified manner, our conviction that he has proved himself utterly unworthy of the place which he occupies.

SAVANNAH, GEO., Sept. 3. Yesterday forenoon we received from a gentleman a private dispatch stating that the river at Augusta had risen twenty-seven feet, but was then falling. We published the dispatch in our evening edition. From the Constitutionalist, of

The river is now in good boating order, and will no doubt remain so during the season. The steamer Augusta will leave for this city today, and may be expected down to-morrow evening .- Georgian & Journal.

HOMICIDE.

CHARLESTON, September 3. Joshua W. Fowler, a resident of this city, was stabbed last night about 11 o'clock at Summerville, by a man by the name of Smith, of which he almost instantly expired. It appears that there had been some previous difficulty between them, and that they met in a bar-room, when Fowler asked Smith to drink, who refused to do so, and used some barsh words towards Fowler, who replied in a careless manner, and walked towards the door, when Smith followed him, and repeated the insulting language, when Fowler replied sharply, and Smith burriedly drew a knife and stabbed him on the spot, when he fell and expired immediately. Smith was arrested, and a jury of inquest was held over the body and a verdict returned in accordance with the above facts. The corpse will be brought to the city and will be buried to-morrow morning .- Evening News.
