PROSPECTUS OF THE

A Democratic and Miscellaneous Journal, to

be published weekly, at Wilson, N. C. I'HE existing condition of political parties, and of purtizan strife, naturally suggests the estab-

lishing of such a journal as the "Southern Senti-nel" proposes to become. The present, indeed, is

a crisis in our political history, never witnessed be-

fore. The Constitution has been invaded; the laws

trampled and spat upon; religious liberty assailed

our political ancestry partially effaced; the wis-

dom derived from a time-honored experience un-seated; strange and questionable men have been

pushed into high positions; and fanaticism, unchai-

is heard to how! among us in the South. These

MR. RAYNER. We have not afforded much space to Mr. RAYNER's strange and unaccountable conduct during the Presidential campaign; nor do we intend to do so. We have no disposition to strike the fallen. We give a few items, which have been used by the Standard in a controversy with the Fayetteville Observer.

The Philadelphia News of the 4th November-a Fillmore paper-distinctly charges that Mr Rayner went to Philadelphia to "ask it [the American party] to prostitute itself before and beneath the forms of a sectional organization, and to ask its members to vote for an Electorial ticket, which has none others on at but friends of John C. Fremont." And the same paper adds --

"Let him go back to the State of North-Carolina, if he dare, and tell the people there that the object of his mission into Pennsylvania was to advise the American party to a cohabitation with black Republican-NA, as of every other State south of Mason and Dixon's line."

inst, contains the following article, to was passing on at full speed, when the which we invite the particular attention of rail broke under the engine, and the our readers :

"A DODGE TO AVOID POLITICAL RESPON" SIBILITY .- The Evening Bulletin of Saturday contains a correspondence between Reed, Millward & Company, ard the Hon. Kenneth Rayner, of North Carolina, which ded remarks in relation to Mr. Rayner's have escaped uninjured.

We cannot refrain, however, from saying, what the correspondence published irresistibly forces upon our conviction, that have been contemplated. it cannot be regarded in any other light than a dodge to escape or avoid the responsibility which all true Americans, who tors, son of Thomas Ryan, of this city, understand the mischief he did to the A. was standing on the platform, and when merican cause, will necessarily attach to the crash came, jumped off, but falling. his conduct while in this City. Mr. Ray- the car fell on him, and he lay in that ner's letter is a labored effort to vindicate condition until the car could be forced his own singular and inexplicable course off; during the time his suffering was here, and he seeks to do so by attempting intense, and the blood was forced from to imprese the public mind with the belief, his mouth and nose. He was brought that if the Union ticket which he advoca- in to this city, however, and it is hoped ted had been successful, a portion of the Electors thereon would have voted for Mr. Fillmore; and that in this manner the election would have been thrown into Congrees-a fact which Mr. Rayner knows very well not to be so, and which no truthful and honorable Fremont man in this community will pretend to endorse as true. Every man, who knows anything, knows, and no one better than Mr. Rayner, that necessary to elect Col. Fremont, would have been given.

This is a fact well understood, and cannot be gainsayed For who, then, was Mr. Rayner working so industriously ?-Not for Mr Fillmore, but for Col. Fremont To secure the election of the latter, was the whole aim of those who concocted the Union Electoral Ticket, and to aid them in carrying out the scheme, and thus secure Pennsylvania for Fremont, Mr. Rayner | Bachman was one of the passengers. was brought here by them. Let him wing- and when the passengers were all regle and twist as he may to shirk the responsibility of it, he cannot escape from it. He was not brought here to serve the cause of Mr. Fillmore, but to aid in transfering Mr. Fillmore's friends, unwittingly and unknowingly to themselves, in such a manner as to elect Col. Fremont. How he played his part is well known. Neuler Greeley, Weed, nor Seward, nor the worst for the American party has, could have more effect tually aided to distract and divide, it than Mr. Rayner. The Republican leaders, who used Reed, Millward and Company as their tools to bring him here, knew their were not mistaken in him."

In addition to all this, we have the following, from the Secretary of the Musical Fund Hall meeting in Philadelphia, showing that Mr. Fillmore's real friends there were opposed to fusion, and that they were J. S. Whilhoite, of Monterey, in Owen induced, by false representations, to take part in that meeting :

"The meeting of Americans at the Muical Fund Hall, on Saturday evening last, which was addressed by Hon. Kenneth Rayner, of North Carolina, attracted very considerable attention yesterday, in consequence of the reports published of its proanother, regretted the position he had taa disposition to make simply an American speech. Under such circumstances, and with such an understanding, gentlemen were induced to take part in the meetng who disapprove of the views excressed Mr. R in relation to our local politics. We append the following card, from one so situated, who acted as Secretary of the meeting. Was the whole affair a concoction and a deceit on the part of those who originated the meeting for the purpose of ntrapping the Americans? An explana-

Had Mr. Rayner given the slightest intimation that he intended to favor the so-called Union Ticket, had I learned that he came to Philadelphia, at the invitation of Fremont leaders,

From the Charleston Standard. FRIGHTFUL ACCIDENT.

As the down train from Columbia was coming on to the city, on Saturday the 15th inst., and had passed Branchville about nine miles, one of the mils gave way, and three of the passenger usm and Northern Sectionalism, whose cru- cars, filled with passengers, were thrown sade aims the ASSASSINS KNIFE AT off, and serious, perhaps fatal injuries THE HEART OF NORTH-CAROLI- were sustained by two at least of the passengers.

The train, consisting of the engine, And the Philadelphia News of the 10th baggage car and four passenger cars, three first passenger cars were thrown off and shattered into fragments; but, strange to say, the two last passed the break and were stopped on the track beyond the scene of the disaster. Our informant, who was in one of the cars deserves some attention, and to which we not thrown off, says the scene was most shall refer more at length to morrow. Un- frightful. The cars were thrown upon willing to make comments upon it with- their sides, the bottoms were broken out, out presenting to our readers the correst through which the passengers were pondence itself, and being unable to do so seen struggling; the ends were stove in, friends and clergyman were assembled this morning, we defer making any exten- and it seemed impossible that any could

> Mr. Oliver Ryan, one of the conduche may recover.

Mrs. Means, from Fairfield, was cut in the face, and the iron railing to the steps of the car, the point of which was stove in, passed through her dress; but she came on to the city, and it is thought her injuries are not serious. Mr. Heriot, the conductor, was cut on the head and hands, and bruised badly, but continued, had he been successful in his attempt to notwithstanding his own suffering, to secure the success of the union electorial make every assistance in his power to ticket, the whole number of electors on it, if others. A negro woman was crushed badly, and was left at Summerville .-About a dozen others were hurt, but not dangeaously; and, as the cars were hadly shattered, nearly all suffered some

inconvenience from the disaster. Our informant says, that, so frightful was the appearance presented, that he can scarcely realize the fact of an escape without more fearful injuries. Rev. Dr. lieved and assembled, he offered up a

oraver for so providential a deliverance. The train was delayed for a considerable time, and arrived in Charleston about 8 o'clock last evening. The accident occurred about twelve o'clock in the day. The track was an old one, but as the upper surface of the rail was not broken, it could not have been seen if attention had been specially directed to it.

Among the painful scenes exhibited was that a lady who, having her child man, and his conduct proved that they in her arms when the crash came, threw it out of the window. It fell among some bushes, and when sought for was found uninjured.

> GALLANT BOYS. About two weeks ago two sons of Mr.

county, Kentucky, one ten years old and the other eight, rode their father's horse to the Kentucky river to water .--The horse plunged in and attempted to swim across the river with both the boys upon his back. When near the middle of the stream they tried to turn the horse back toward the other shore. This ceedings. It appears that Mr. Rayner, af made him capsize, and both the boys ter having made one fusion speech in Phil. slipped off into the water, and the horse adelphia, and having been announced for left them. As they slipped off the older said to the younger, "Hold on to me, ken, and signified a disposition to go no and I'll swim out with you." He did farther in the matter; but on the contrary, hold on, and the other actually swam ashore with him upon his back, dragging at the same time through the water a tin bucket which the younger had strung by the pail upon his arm. When was a more remarkable feat ever accomplished by a boy of ten years?

A SAM PATCH LEAP. A short time since, as Mr. D. West was passing the falls near South Troy, Vermont. with a span of three year old colts and a double wagon, his colts took fright and rushed down a steep bank 30 or 40 feet in beight, through a mass of underbush, and From the fact that I acted as Secretary plunged headlong into the Missisquoi river. of the Musical Fund Hall Meeting, on Being freed from the wagon, they swam Saturday evening, it has been seported that into deep water, and one was carried over I favored the Union Electoral Ticket.— the falls. COURTEOUS.

The Montreal Herald, a paper that has watched with much interest the progress of the late Presidential Campaign, in hope of the success of the Republican party, after expressing its doubts as to the final rewhipped champion:

" Should the slave-holding oligarchy carry the day, all their enterprise, wealth and property will not save the Free States from contempt-a nation of conquered dough faces! the "meaffest of mankind."

WITTY.

Clergymen frequently administer ersonal rebukes from the pulpit. The best we can remember was that of an Irish curate whos christian name was Joseph. He had been promised a living by a member of the great Butler family previous to his coming to the title and the estates. The promise was not redeemed; and, on the first opportunity the curate had of preaching before the powerful nobleman, he selected for his ext the conclusion of the fortieth chaper of Genesis: "Yet did not the chief butler remember Joseph, but forgot him." The Irish Joseph speedily obtained the gift of a valuable living.

HASTY BURIALS.

Another warning against the too common practice of hasty burials occurred in Sandusky county last week. Daniel Steams, Esq, who had been ill with fever for some time, to all appearance died on Friday afternoon; all the arrangements were made, and the to pay the last tribute of respect to the supposed deceased, when the body appeared warm to the touch. Restoranves were administered, and in a few minutes the man, who had come so near being buried alive, was setting up. He is now in a fair way of recovery.
