COMMUNICATED FOR THE POST. ANTIPHLOGISTIC SALT.—A perfect Substitute for the Lancet, Leeches, the enlightened community, and not

the discoverer, must be the judge. When the undersigned, after a long series of laborious and costly experiments, became fully confirmed in his conviction that the Antiphlogistic Salt, which he now has the happiness to present to the American public, was an ef- ensuing summer, to issue another adverfectual substitute for blood-letting, leeches and blisters, his mind was so agitated that he could not sleep for many or \$60 in medicine, at the option of the nights. The cause of his agitation was the striking fact, that the manner of its pay now in medicine and not money, areoperation, like that of the virus in vaccination, could not be satisfactorily explained upon any known principle.-How, in what way, it so perfectly subdues inflammatory diseases and no others, was at first wholly inexplicablebut on further experiment, it was proved that by its power over the veins, arteries and glands, it equalizes the fluids of the body, the want of an equali-brium in which, is the sole cause of inflammation. Such is its potency that like the vaccine matter, it requires merely what adheres to the point of a quill dipped into a solution of it, to effect the entire system-but must be instantly emony in the south-eastern section of broke through the ice. The younger used to prevent decomposition, and se- Philadelphia, and when he arrived at brother went to his assistance, when he cure its full virtue. Three quills in the place he found the groom to be an broke through. The elder one went to acute and two in chronic diseases every old man, having a large family residing their assistance, when he too broke thro'. 24 hours, till the febrible action has sub- on Arch street, and the bride to be a sided and a perfect cure effected. When young lady of 25 years, in desperate it takes the place of blisters and leeches circumstances, pecuniarily speaking .in local affections, as brain fever, croup, The old man, who is reported to be pleurisy, &c., its mode of administra- wealthy, had been drugged, as is suption is two fold. [See directions for

The discoverer has withheld it from the ceremony. In order not to excite susiblic till now, by the advice of a judicious physician and valued friend whom he con- go back to his office to get a certificate, sulted-a gentleman known and felt in the and instead of procuring the blank docmedical world-and who desired to submit ument he sent an officer to the place and it to the test of experiment. After witness had the old man taken away. ing, under his own scrutinizing eye, its signal triumph over both acute and chronic umatory diseases (no others) in re-eated and re-repeated trials, he made a liberal offer to come in as a special and equal part- other day, saved herself from being run ner in the recipe for its manufacture, but over by an approaching hack, by seizthe proposal was rejected. Though ening the neck of one of the horses and couraged by the zeal and good will of his holding on until the team was stopped.

blisters, is demanded both by humanity and science. Is it not a mistake, to suppose that a kettle of boiling water (the inflamed b'ood) will cease to boil, by dipping out a part of it-or cask of bad cider (impure blood) be made good by drawing off a portion of it? Is it not a mistake to suppose that blisters and rubefacients will remove inflammation, when they virtually superadd one inflammation to another?-The late Dr. B. Waterhouse, of Harvard University, said-"I am sick of learned | ded. The merchant broken down, dis-One of the most eminent phy sicians in New England acknowledged just before his death, that "he had been doubting for many years whether blood-letting and blisters did not aggravate rather than arrest disease." Some who stood high in the old and new school, have quite lately espoused his views and now openly conas well as all advertisements not immediately connected with their own business, and all excess of
advertisements in length or otherwise beyond the
limits engaged, will be charged at the usual rates.

No Advertisements is included in the contract
for the sale or rent of houses or lands in town or
country, or for the sale or hire of negroes, whether the property is owned by the advertiser or by
other persons. These are excluded by the term

"immediate business."

fess, they believe the lancet, setons, leeches
and stimulating ointments injure en where
they benefit one. They think there is a

L vit. 17, 14—that "THE BLOOD IS THE
er the property is owned by the advertiser or by
other persons. These are excluded by the term

"immediate business." fess, they believe the lancet, setons, leeches

The special excellence of the Antiphlogistic Salt, is that without the useless loss of blood and strength, it effectually subdues inflammatory diseases, (no others), by producing an equilibrium of all the fluids and a consequent uninterrupted circulation. It exerts, like the vaccine matter, an extraordinary influence over the veins, arte ries and glands-resulting in a gradual depulse, which soon resumes its natural state sale this week." as the heat, pain and fever disappear.

M ny medicines offered for sale, are accompanied by doubtful certificates, (their chief virtue,) and claim to be universal remedies, curing all maladies—a burlesque on common sense. As the discoverer of this Salt solemuly protests against having it placed in the category of frauds and impositions, he has resolved that it shall go blisters announced below. (the discovery forth to the world, like the pure gold dolof which was stated in our paper some lar, with no other passport than its own time since) possesses the extraordinary true value. If the public find it genuine, happier man than he had been for ten powers claimed for it, the lancet is des- they will receive it-if spurious, they will reject and condemn it. It does just what will exclaim, " success to the new med- it claims to do-no more, no less-equalizes simple fact, and more, the occurrence icine." Were it only a substitute for the fluids, by removing from the system all the paintul and hateful blister, it could arterial venous and glandular obstructions. not fail to win its way to popular favor Instead of being a panacea for all ills, it has control over but one ill-has but one aim-accomplishes but one thing, to wit, SUBDUES INFLAMMATORY DISEASE - whatever for his wisdom in sending forth his new or skin. Is it asked, how it does this?-

To protect the community from imand his own reputation. As he may be position by counterfeits, the proprietor will unknown to the community abroad, we employ no agent, and has made such artake great pleasure in stating that he rangements that he can send the medicine has long occupied a prominent position in any quantity by Mail or Express, to any in the profession, and received (about part of this or foreign countries. [Prime bonic acid and water are produced .-

an equal partnership in his discovery, every American Consul abroad, for gratufrom a medical gentleman who has ex- itous distribution, in order to have it immetately tested in the respective countries to which they are accredited and having de icals, at home and abroad, will be inter- termined to employ no agent, he desires to introduce a few packages, as soon as possible, into every city and town where newspapers or periodicals are published, at home and abroad. Therefore, every publisher delirum ensues, and death closes the and Blisters! Of its intrinsic value editorial notice, give this advertisement six but the scientific truth is, that he has or more inside insertions, once a week, (referring readers to advertisement, &c.) and forward first and last number of paper. shall, on reception of the first number, receive by returning mail or express, free of in Court street, Brooklyn, recently, from ages) which will doubtless be cashed by his mortem examination. At the request patrons on arrival. He expects during the of Coroner Redding, deceased assisted tisement of similar length, for which he will pay (10 or more insertions) \$50 in cash publishers. His reason for proposing to first, a wish to have the Salt forthwith proved in different sections of the countrysecond, his present pecuniary resources are absolutely needed in his large preparations agony. Deceased was 27 years of age,

to meet the public demand. The discoverer now humbly submits his cessful practice of his profession by ex-Antiphlogistic Salt to the tribunal of an in- tensive travel, and by practice in differtelligent public -- leaving the result with ent hospitals. Him who over-rules all things.

F. Coggswell, M. D., Discoverer and Proprietor. Boston, Feb. 1857.

A RETIRED MERCHANT DRUGGED. On the 25th ultimo Alderman Enne

was sent for to perform a marriage cerposed, by the female, and the result was the Alderman refused to perform the picion, he stated that he would have to

BORN TO GOOD LUCK The St. Louis Leader tells the fol-

Not over a dozen years ago, a merchant of this city, well known and highly respected, failed in busines, and after settling up his affairs; gave to his principal creditor a deed of trust on certain appointed, poor, but yet enterprising, and South America, speculated, made disheartened. By chance, he met his old lawyer, a gentleman high in his profession and who is deservedly relawyer remarked "I am glad to see you funds, the sale will be just in time."

The merchant looked hard at his friend and finally said. "Sale! what sale? I've got nothing to sell ."

"Nonsense, my dear fellow, you are richer than you imagine. Don't you remember the deed of trust I drew up for you some twelve years ago?" "I do, what of it?"

"Well, at that time the property would not have realized the sum, so it was let lie, but it is now in the market, inspired by heroism, she was also inspicline of inflammation as indicated by the and I expect to close a contract for its red by God.

> expect to get ?" "I've asked \$86,000 ! and shall get it too. Your debt and interest will amount

to \$21,000 or thereabouts, so you'll have \$65,000 to go upon." The sensations of the party may be as the penny a liners have it, but one by voluntary subscriptions upward of

years at least. Reader, what we have here related is is not yet a week old.

BURNED TO CINDERS.

in front of the post office, and passed the compliments of the season. "Bob," said one, "have you seen

Hall? He's been looking for you all the "Hall? what Hall," asked Bob.

"Why Alco-hall, you fool !" "Pshaw!" rejoined Bob, "that's a poor joke, and you wouldn't have caught me if I hadn't got hurt last night when

John tripped me up."

ty-seven deaths by delirium tremens in the Charity Hospital in New Orleans. March 3.

LAMARTIN'S OPINION OF WOMEN The following, from one of his last works, will give our readers a pleasant introduction, to the writings of this distinguished Frenchman:

Women with weaker passions than man is superior to him by the soul. The Gauls attribute to her an additional real estate, to secure the payment of sense. They were right. Nature has Belgium-Twenty-franc piece..... 3 83 2 \$12,000. At the time the property was given women two painful but heavenly barely valued at that, so the creditor gifts which distinguish them, and often put the deed in his safe, and there, so raise them above human nature, comparfar as he was concerned, the matter en- ison and enthusiasm. By comparison they devote themselves. What more does heroism require ! They have more went South, visited California, Mexico heart and more imagination than men. Enthusiasm spring from the imagination half a dozen fortunes and lost them and selt sacrifice from the heart. Women again. A few weeks since he returned are, therefore, more naturally heroic than to the city, sick, travel worn, needy and men. All nations have in their annals Egypt-Hundred plastres...... 4 97 0 which women are the instrument in the hands of God. When all is desperate spected. After the first greeting, the in a national cause we do not yet despair while there remains a spark of resistance back, and as you seem to be in want of in a woman's heart, whether she is called Judith, Cecila, Joan of Arc, Victoria Colonna in Italy, or Charlotte Cordy, in our own day. God forbid that I compare these I cite! Judith and Charlotte Cordy, sacrificed themselves, but their sacrifice did not recoil at crime. Their inspiration was heroic, but their heroism mistook its aim; it took the poignard of the assassin instead of the sword of the hero. Joan of Arc used only the sword of defence, she was not merely

His many than any other physician in the world. His many wonderful cures and most important Surgical Operations is a sufficient guarantee to the afflicted. - Those who wish to be specully and effectually relies. ed should shun the numerous trifling imposters, who

only ruin their health, and apply to him.
A CURE WARRANTED OR NO CHARGE. No Mercury or Nauseous Drugs Used. OFFICE, No. 7, SOUTH FREDERICK St., left hand side going from Baltimore street, a few doors from the corner. Fail not to observe his

name and number, for ignorant triffing importers, attracted by the reputation of Dr. Johnston, luck DR. JOHNSTON. 98 2 | Member of the Royal College of Surgeons London; graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the Hospitals of London, Par-

is, Philadelphia and elsewhere, has effected son e of the most astonishing cures that were ever known. blushing, attended sometimes with derangen ent mind, were cured immediately A CERTAIN DISEASE.

56 0 painful disease, it too often happens that aniil-timed sense of shame, or dread of discovery, deters him from applying to those who, from education on the shin bones and arms, blotches on the head . face and extremities, progressing with frightful ra-pidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commitscration, till death puts a period to his dreadful suf ferings, by sending him to "that bourne from whence no traveller returns." To such therefore Bremen. 10 cents; Oldenburg 13; Altona. Dr. Johnston pledges himself to preserve the most inviolable secresy; and, from his extensive practice in the first Hospitals of Europe and America he can confidently recommend a safe and speedy cure to the unfortunate victim of this horrid disease. It is a melancholy fact, that thousands fall victims to this dreadful complaint, owing to the unskilfulness of ignorant pretenders, who, by the use of that deadly poison, mercury, ruln the constitution, and either send the unfortunate sufferer to an

untimely grave, or else make the residue of life mis-TAKE PARTICULAR NOTICE. Dr. J. addresses all those who have injured themselves by private and improper indulgences These are some of the sad and melancholy effects, produced by early habits of youth, viz:-Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsy, Nervous

irritability Derangement of the Digestive Functions, General Debility, Symptoms of Consump. Mentally -The fearful effects on the mind fre much to be dreaded; Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings. Aversion of Society, Self Distrust, Love of Soil-Thousands of persons of allages, can now judge what is the cause of their declining health. Losing their vigor, becoming weak, pale and emaciated, have a singular appearance about the eyes, cough and symptoms of consumption.

DR. JOHNSTON'S INVIGORATING REME-

DY FOR ORGANIC WEAKNESS. By this great and important remedy weakness or the organs are speedily cured and full vigor restored. Thousands of the most Nervous and Debilitated individuals who had lest all hope, have been imme diately relieved. All impediments to MARRIAGE Physical or Mental Disqualifications. Nervous Irritability Tremblings and Weakness, or exhaustion of the most fearful kind, speedily cured by Dr

Johnston. Young men who have injuted themselves by a certain practice indulged in when alone—a habit frequently learned from evil compenions, or at school, the effects of which are nightly felt, even when asleep, and if not cured, renders marriage Impossible and destroys both aind and body, should

apply immediately. What a pity that a young man, the hope of his country, and the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequences of deviating from it e path of nature, and indulging in a certain secret habit.— Such persons, before contemplating MARRIAGE.

Should reflect that a sound mind and body are the

shadowed with despair and filled with the melancholy reflection that the happiness of another be-

All Surgical Operations Performed. N. B. Let no false delicacy prevent yeu, but pply immediately either personally or by letter. Skin Diseases Speedily Cured. TO STRANGERS.

The many thousands cured at this institution within the last ten years, and the numerous important Surgical Operations performed by Dr. J., wit-To Java, via Southampton, 33 instead of nessed by the Reporters of the papers, and many other persons notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is sufficient guarantee to the afflicted.

TAKE NOTICE. It is with the greatest reluctance that Dr. JOHNSTON permits his card to appear before the public, deeming it unprofessional for a physician to advertise, but unless he did so, the afflicted, especially strangers could not fall to fall into the hands of the many impude 11 unlearned Imposters, with innumerable False Nam. : con tired Ounchards awarming these large of the convince Dr. Quackshops, swarming these large cities, copying Dr. I OHNSTON'S advertisements or advertising themselves as p hysicians, illiterate shallow-brained fellows, too key to The rates above mentioned as chargeable on letters for the Island of Java will provide for their conveyance by British packet as far as Singapore, but they will afterwards be subject to a Netherland rate of postage on account of the conveyance from Singapore to Java.

By the Prussian Closed Mail the rates to these countries remain unchanged.

By the Prussian Closed Mail the rates to these countries remain unchanged.

The rates above mentioned as chargeable on hysicians (liliterate shallow brained fellows, too lary to work at their original trade, with scarce two ideas beyond the brute, who, for the purpose of Enticing and Deceiving, carry on five or six offices, under as many different False Names, so that the afflicted Straight seems one, is sure to tumble headlong into the other. Ignary one, is sure to tumble headlong into
