THE BURDEL MURDER.

A writer in the New York Times, with the signature of "Ex," and evidently a legal gentleman, sums up a very able and discriminating critique upon the late murder and trial, with the following theory: The key to Dr. Burdell's chamber, contrary to his usual custom, was left in the lock outside the door. It was difficult to approach him stealthily in his lighted room, for he apparently had taken out his papers for the purpose of business.

THIS IS THE COMET THE EUROPEAN AGENCIES WOULD STRIKE THE EARTH IN JUNE. BUT IN AMERICA IT HAS BEEN CONFOUNDED WITH THE GREAT COMET OF 1856, WHICH HAS NOT YET APPEARED. THE RETURN OF THIS COMET, ACCORDING TO PREDICTION, MAY BE REGARDED AS ANOTHER OF THE BRILLIANT SERIES OF ASTRONOMICAL TRIUMPHS.—New-York Herald.

MRS. CUNNINGHAM'S PERSECUTORS.

An extraordinary excitement was occasioned in Bond street, New York, Tuesday, by the gathering in front of Mrs. Cunningham's residence of an outrageous assembly of disorderly women and boys. The women, about thirty in number, held a sort of drum beat and martial, and unanimously agreed that Mrs. Cunningham was guilty of adultery, and ought to be driven from the city. With the help of the boys they made an attack on the house, stoning the windows and doors, ringing the bell, making hideous faces and shouting their opinions in no very delicate way. The attack was continued until the arrival of an officer, who took the most active of the Amazons to the lock-up.

CURIOUS ATTEMPT AT CONSPIRACY.

There has been quite an excitement recently in the small village of Oakdale, Shelby county, Missouri, in consequence of the attempt of two or three young fellows from Georgia, hastening there to win the affections of a young lady, who suddenly was discovered to possess many thousand charms. It appears that she had sent five dollars to Swan & Co., of Atlanta, Ga., for a half ticket in one of their Lottery tickets, which draws every Saturday throughout the year. A price of considerable magnitude was the consequence of her little speculation, and her admirers having discovered that she had drawn so much money, hastened to the little village to pay their addresses, supposing the young lady would not be aware of her good fortune. She had many admirers as the lady in the force of the "Lottery ticket" but she did not lose her heart so suddenly as they was a fortune. A telegraphic despatch from St. Louis arrived in time to foil the wily aspirants for her hand and heart.

ANOTHER REMARKABLE CURE.

DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY.

REV. JAMES R. DURBOROW, Pastor of Berlin Circuit, Baltimore Conference, And all the principal Merchants at Point of Rocks, Md. Dr. Swayne—Dear Sir: Believing it a duty I owe to the public, and in justice to you, I have thought proper to make known one of the most extraordinary cures, in my own case, which has been truly recorded. In the month of October last I was afflicted with a severe gathering in my chest, which formed a large abscess, and was communicated to my Lungs and very much afflicted me, and discharged large quantities of corrupt, and offensive matter. I was unable to pass through my Lungs and out through the cavity of my breast with apparent ease, attended with a violent cough day and night, loss of appetite, and extreme debility. I was reduced to a mere skeleton, and there seemed to be no hope for me; but having read in the public papers of the remarkable cures performed by DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY, I immediately sent for five bottles and commenced its use, and to my great satisfaction, my chest was healed, the abscess healed, my lungs began to heal, and the cough subsided, and on using ten bottles I was restored to perfect health. I have been free from the complaint for several months, and I am happy to say, that I am now enjoying as good health as I ever was.

THE NATURE OF GAMES OF CHANCE.

The philosophy of society concur in the opinion that there is much injury done to individuals by indulging in games of chance. No observer of men and things can doubt it, for the health, time, and property of the individual are sacrificed to gratify a quite another appetite. Taking a chance in a lottery is quite an affliction. No loss of time, no evil associations need accompany such a speculation. The nature of it is very different from that of games where there is a possibility of making out results. Ten, five, or two dollars and a half may be sent to Swan & Co., of Atlanta, Georgia, and a whole, half or quarter of a ticket will be returned for the amount. A drawing takes place every Saturday throughout the year, and in each case, the commissioners of the State, under whose sanction these lotteries are instituted, are present to protect the rights of those who make investments. That every thing may be satisfactory to all, the names of the drawings in the following papers, viz.: New Orleans Delta, Mobile Register, Charleston Standard, Nashville Gazette, Atlanta Intelligencer, and New York Weekly Day Book.
