A New summer style for young men. Genin has the pleasure of calling the attention of young men to an entire new fabric, intended specially for their use, and which combines the flexibility of the soft hat, with all the lightness and ventillating properties of the straw. The material is felt, of the finest texture; the color a dark faw n or amber; the crown moderately low, and the brim which is wide enough to hide the face, without being too wide to be elegant, has a leaf like turn on either side which is peculiarly graceful.

The fabric is lighter than a straw hat, and the it gives to the touch as readily as the soft hat, is so elastic that it springs back to its true shape as soon as the pressure is removed. A shower that would spoil the straw hat does no damage to the Oberon, and in point of durability, will compare favorably with any summer style ever introduced in this country.

The Oberon may be termed the connecting link between the soft and silk hat combining the merits of both, without the defects, 'eing sufficiently elegant for dress purposes. For sele at the Hat and Cap Emporium 34 Market st.

Triesemar No. I,

Triesemar No. 1,
Is a remedy for Relaxation, Spermtorrhæa, and all
the distressing consequences arising from early
abuse, indiscriminate excesses, or too longresidence in hot climates. It has restored bodily and
sexual strength and vigor to thousands who are
now in the enjoyment of health and the functions
of manhood; and whatever may be the cause or disqualifications for for marriage, they are effectually

Triesemar No. 2, Completely and entirely eradicates all traces of Gonorhea, both in its mild and aggravated forms, Gleets, Strictures, Irritation of the Bladder, Non-retention of Urine, Pains of the Loins and Kid-neys, and those disorders for which Copaivi and Cubebs have so long been thought an antidote. Triesemar No. 3, is the great Continental Remedy for Syphilis and

Secondary Symptoms. It also constitutes a certain cure for Scurvy, Scrotula, and all Cutaneous Eruptions, removing and expelling in its course all impurities from the vital stream, so as altogether to eradicate the virus of disease, and expel it by insensible perspiration through the medium of the pores of the skin and urine.

It is a never failing remedy for that class of disorders which English Physicians treat with Mercury, to the inevitable destruction of the patient's constitution, and which all the Sarsuparilla in the

world cannot remove.
TRIESEMAR No. 1, 2, and 3, are prepared in the form of a lozenge, devoid of taste or smell, and can be carried in the waistcoat pocket. Sold in tin cases, and divided in separate doses as administered by Valpeau, Lalleman, Roux, Ricord, &c., &c. Prices \$3 each, or four cases in one for \$9, which saves \$3, and in \$27 cases, whereby there is a sav-

TAKE PARTICULAR NOTICE. There is an evil habit sometimes indulged in by There is an evil habit sometimes indulged in by boys, in solitude, often growing up with them to manhood; and which, if not reformed in due time, not only begets serious obstacles to matrimonial happiness, but gives rise to a series of protracted, insidious, and devastating affections.

Few of those who give way to this pernictous practice are aware of the consequences, until they find the nervous system shattered, feel strange and maccountable sensations, and vague fears in the

mind. (See pages, 27, 28, 29, of Dr. K's book on "Self Preservation.") The unfortunate thus affected becomes feeble, is unable to labor with accustomed vigor, or to apply his mind to study: his step is tardy and weak; he is dull, irresolute, and engages even in his sports with less energy than usual.

If he emancipute himself before the practice has

done its worst, and enter matrimony, his marriage is unfruitful, and his sense tells him that this is caused by his early follies. These are considera-tions which should awaken the attention of all who are similarly situated. REMEMBER.

HOLLOWAY'S OINTMENT.

THE GREAT COUNTER IRRITANT!

The virus of disease often makes its way to the internal organs through the porce of the skip. This penetrating Officinent, melting under the hand as it is rubbed in is absorded through the same channels, and, reaching the seat of inflammation, promptly and invariably subduesit, whether er located in the kidneys, the liver the lungs, or any other important organ. It penetrates the surc to the interior, through the countless tubes communicate with the skin as summer rain passes into the fevered earth, diffusing its cool and regenerating influence. SKIN DISEASES AND GLANDULAR SWELL-

INGS. Every species of exterior irritation is quickly reduced by the anti-inflammatory action of this Ointment. Angry Encerious, such as SALT RHEUM. ERYSIPELAS, TETTER, RINGWOORM, SCAID HEAD, NETTLE RASH, SCAELES (or ITER) &c., die out, to return no more, under its application. Hospital experience in all parts of the world proves its infallibility in diseases of the skin, the muscles, the

joints and the glands.
ULCERS, SORES, AND TUMORS. The effect of this unrivaled external remedy upor Scrofula, and other virulent ulcers and sores, is almost miraculeus. It first discharges the poison which produces suppuration and proud flesh, and thus the cures which its healing properties after-ward complete are safe as well as permanent. WOUNDS, BRUISES, BURNS, AND SCALDS. In cases of the fracture of the bones, injuries caused by steam explosions, BRUISES, BURNS, Scalps, Resumation, Stiffeness of the Joints, and contraction of the sinews, it is employed and warmly recommended by the facul y. This marvel-

ous remedy has been introduced by its inventor in person into all the leading Hospitals of Europe, and no private household should be without fr.
