AFFLICTED READ!!

DHILADELPHIA MEDICAL HOUSE. Established twenty-two years ago by Dr. KINKELIN, corner of Third and Union streets. Philadelphia, Pa. TWENTY-TWO YEARS'

Experience has rendered Dr. K. a most sue cessful practitioner in the cure of all diseases of a private nature; manhood's debi'ty, as an impediment to marriage; nervous and sexual infirmities, diseases of the skin, and those arising from abuse of mercury. TAKE PARTICULAR NOTICE.

There is an evil habit sometimes indulged in by boys, in solitude, often growing up with them to manhood; and which, if not reformed in due time, not only begets serious obstacles to matrimoni-al happiness, but gives rise to a series of pro-tracted, insidious, and devastating affections. Few of those who give way to this pernicious practice are aware of the consequences, until they find the nervons system shattered, feelstrange and nnaccountable sensations, and vague fears in the (See pages, 27, 28, 29, of Dr. K's book on Self Preservation.")

If he emancipate himself before the practice has done its worst, and enter matrimony, his marriage is unfruitful, and his sense tells him that this is caused by his early follies. These are considerations which should awaken the attention of all who are similarly situated.

ANTIPHLOGISTIC SALT

A PERFECT SUBSTITUTE

FOR THE LANCET, LEECHES AND BLISTERS OF the intrinsic value, the enlightened commu-nity, and not the Discoverer, must be the Judge, Many Medicines offered for sale are accompan-

ied by doubtful certificates, (their chief virtue,) and claim to be universal remedies, curing all maladies—a burlesque on common sense. As the discoverer of this Salt solemnly protests against having it placed in the category of frauds and im-positions, he has resolved that it shall go forth to the world like the pure gold dollar, with no other passport than its own true value. If the public find it genuine they will receive it-if spurious, they will reject and condemn it. Instead a pan acea for all ills, it has control over out one ill—ha but one aim and accomplishes but one thing, to SUBDUES INFLAMMATORY DISEASE- Whatever be its form or locality - whether in the head, throat chest, abdomen, extremitles, or skin. when the discoverer, after a long series of laborious and costly experimen's, became fully confir-

med in his conviction that the Antiphlogistic Salt, which he now has the happiness to present to the American public. was a PERFECT SUBSTITUTE

For Blood-letting, Leeches and Blisters, his mind was so agitated that he could not sleep for many nights. The cause of his agitation was the striking fact that the manner of its operation, like that of the virus in v. ccination, could not be satisfactorily explained upon any known principle. How, in what way, it so effectually subdues inflammatory diseases, and no othero, was at first wholly inexpli cable-but, on further experiment, it was proved that by its power over the veins, arteries and glands, it equalizes the fluids of the body, the want of an equilibrium in which, is the sole cause of inflammation. It exerts, like the vaccine mat er, an extraordinary influence over the circulation—resulting in a gradual decline of inflammation as in dicated by the pulse, which soon resumes its nat-ural state, as the heat and pain disappear. Such is its potency, that like the virus just mentioned. it requires what merely adheres to the point of a quill dipped into a solution of it, to affect the en-

ache Pleurisy, &c., its mode of administration is two-fold. (See directions for dissalving, etc.)

The peculiar excellence of this Salt is that without the useless loss of blood and strength, it effectually cures Inflammatory Diseases (no others) by producing an equilibrium of all the fluids in the body and a consequent uninterrunted circular the body and a consequent uninterrupted circulation. The following different forms which the un-balanced fluids assume, and many not here men-tioned, that have more or less fever or pain, are as

perfectly subdued by the Antiphlogistic Salt, as fire is extinguished by water. 1-Cases where the unbalanced fluid affects the Head and Throat—to wit: Brain Fever, Headache, Fits, Inflamed Eyes, Ears and Nose. Canker, Neuralgia, Catarrh, Erysipelas, Bronchitis, &c. 2.—Casts where the unbalanced fluids affect the Chest and Abdomen - to wit: Pleurisy, Asthma, Inflamed Lungs and Liver, Colic, Heartburn, Coughs, Dyspepsia, Gravel, Gonorrohesa, Venere

Extremities and Skin-to wij: Rheumatism, Gout Scrofula, Ulcers. Chicken and Small Pox, Sali Rhelim, and all Itehing and other Cutan-ous Erup-This Salt greatly alleviates the Inflammatory Pains peculiar to married ladies, (before and at the time of confinement,) and many Female Complaints; and is very efficacious in Fevers, Ague, Wounds, Nervous and Spinal Affections, and any

other forms of (mark this) Inflammatory Disease, attended with heat or febrile symptoms. Persons who have a tendency of blood to the Head and Heart, or lead inactive lives; or breathe the impure air of manufactories and the polsonor umes of inetals and minerals, or live in unhealthy climates, are exposed to a peculiar ritiation of the fluids of the body, which one dose, without interfer ing with diet or business, once in three months, would invariably prevent. It is believed to afford protection from Infectious Diseases; and, there fore, it is recommended to Travellers, Saflors and Soldiers.

In one instance 6 persons clubbed together and wrote for 6 Packages, (of the "Little Giant," as they called it,) to be forwarded to one address—thereby saving expense to themselves and the Protrietor.

** The Discoverer now humbly submits his Perfect Substitute for the Lancet, Leeches and Blisters, to the tribunal of an intelligent public, relterating that it does just what it claims to do—no more, no less! Subdues Inflammatory Diseases, (no others,) whatever be its form or locality, by restoring the lost balance between the Auids and solids. Family Packages \$8, Chronic \$5, and Acute \$2; to be had (free of expense) only by addressing him through Box 32?, Boston, Mass., or at his office, No. 3 Winter Street.
