Shopkeepers and benevolent Associations are generally laying in great stocks of Holiday Presents about this time in December, but the speculation seems a doubtful one at present, so ery few people are disposed this season to give anything more costly or tangible thun the "continued assurances of distingui hed considerations," with which political nabobs discharge their mutual obligations. Great quantities of Fancy Goods for the Holiday are pushed off at auction at wretchedly low prices.

DR. MORSE'S INDIAN ROOT PILLS.

DR. ORSE, the inventor of MORSE'S INof his life is traveling, having visited Europe, Asia, and Africa as well as North America—has arise from IMPURITY OF THE BLOOD-that

When the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick corrupted and diseased; thus causing all pains sickness and distress of every name; our strength is exhausted, our health we are de-prived of, and if nature is not assisted in throwing off the stagnant homors, the blood will become choked and cease to uct and thus our light of life will forever be blown out. How important, then that we should keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a medicine in your reach, nomely, Morse's Indian Root Pills, manufactured from plants and roots which grow around the mountainous cliffs in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sudo-rific, which opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant, that opens and unclose the passage to the lungs, and thus, in a soothing manner, performs its duty by throwing off phiegin, and other humors from the lunge, by coplous spitting. The third is a Diuretic, which gives ease and dou ble strength to the kidneys; thus encouraged they draw large amounts of impurity from the blood, which is then thrown out bountifully by the urinary or water passage, and which could en discharged in any other way. The fourth is a Cathartic, and accompanies the other proper-ties of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bow

From the above, it is shown that Dr. Morse Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely rout out and cleaned the system from all impurity, and the life of the body, which is the blood, becomes perfectly heal-thy; consequently all sickness and pain is driven from the system, far they cannot remain when the

body becomes so pure and clear. The reason why people are so distressed when sick, and why so many die, is because they do not get a medicine which will pass to the afflicted parts and which will open the natural passages for the and which will open the natural pussages for the disease to be can out; hence, a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery, nutil life is taken from the body by disease. Dr. Morse's PILLS have added to the massless victory upon victory, he restories themselves victory upon victory, by restoring millions of the sick to blooming health and happimillions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and angulah, and whose feeble frames have been scorched by the burning elements of raging fever, and who have been brought, as it ware, within a step of the silent grave, now stand reader to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Iodian Root Pills. After one or two doses had been taken, they were astonished. Morse's Iodian Root Pills. After one or two doses had been taken, they were ustonished, and absolutely surprised, in witnessing their charming
effects. Not only do they give immediate case
and strength, and take away all sickness, pain and
anguish but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown, especially by those who use
these Pills, that they will so cleanse and purify,
that disease—that deadly enemy will take its
flight, and the flush of youth and beauty will again return, and the prospect of a long and hanov gain return, and the prospect of a long and happy life will cherish and brighten your days.

The medicines are pleasant without odor, cure. The medicines are pleasant without odor, causing no sickness, and free from mercury or balsam. During twenty years of practice, I have rescued from the jaws of Death, many thousands, who, in the last stages of the above mentioned disease had been given up to die by their physicians, which warrants me in promising to the affleted, who may place themselves under my care a perfect and most speedy cure. Secret diseases are the greatest enemies to health, as they are the first cause of consumption, Scrofala and many other diseases, and should be a terror to the human family, as a permanent cure is scarcely ever effected, a majority of the cases failing into, the hands of incompetent persons, who not noly ail to cure the diseases but ruin the constitution filing the system with mercury, which with the disease, hastens the sufferer into rapid consump-

But should the disease and the treatment not cause death speedily and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in, Scrofula, Tetter, Ulcers, Eruptions and other affoctions of the skin, Eyes, Throst and Lungs, en-tailing upon them a brief existence of suffering and consigning them to an early grave. SELF ABUSE is another formidable enemy to health, for nothing else in the dread catalogue of nun an diseases causes so destructive a drain up

predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of Self-Abuse that a permanent and speedy cure, can be effected, and with the abandonment of rulnous practices, my patients can be restored robust, vigorous health.

The afflicted are cautioned against the use of Patent Medicines, for there are so many ingenious snares in the columns of the public prints to catch their constitutions ruined by the vi e compounds of quack doctors or the equally poisonous nos-trums vended as "Patent Medicines." I have carefully analyzed many of the so-called Patent Medicines and find that nearly all of them contain Corrosive Sublimate, which is one of the strong st preparations of mercury, and a deadly poison which instead of curing the disease, disables the system for life.

Three fourths of the patent nostrums now in ue are put up by unprincipled and ignorat persons who do not understand even the alphabet of the materia medica, and are equally as destitute of any krowledge of the human system, having one object only in view, and that to make money regardless of consequences. DR. JOHNSTON.

Member of the Royal College of Surgeons London graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the Hospitals of London, Pars, Philadelphia and eleewhere, has effected some of the most astonishing cures that weregver known. Many troubled with ringing in the cars and head when asleep, great nervousness, being slarmed at sudden sounds, and bashfuness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

A CERTAIN DISEASE. When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that anill-timed sense of shame, or dread of discovery. deters him from applying to those who, from education and respectability, can alone befriend him, delay-ing till the constitutional symptoms of this herrid disease make their appearance, such as ulcerate d The one a Southerner by birth—the other by preference, they cannot be of those who know "No South, No North." They well know both; and in the struggle which the South is now called and in the struggle which the South is now called pidity, till at last the palate of the mouth or the south is now called pidity, till at last the palate of the mouth or the south is now called pidity, till at last the palate of the mouth or the south is now called pidity, till at last the palate of the mouth or the south is now called pidity. cones of the nose fall in, and the victim of this awfuldisease becomes a horrid object of commisseration, till death puts a period to his dreadful sufscration.till death puts a period to his dreadful sufferings, by sending him to "that bourne fromwhence no traveller returns." To such therefore
Dr. Johnston pledges himself to preserve the most
inviolable secresy; and, from his extensive practice in the first Hospitals of Europe and America,
hecan confidently recommend and speedy
cure to the unfortunate victim or this horrid discase. It is a melancholy fact, that thousands fall
victims to this dreadful complaint, owing to the unskilfulness of ignorant pretenders, who, by the use skiffulness of ignorant pretenders, who by the use of that deadly poison, mercury, ruin the constitution, and either send the unfortunate sufferer to an

untimely grave, or else make the residue of life mis-TAKE PARTICULAR NOTICE. Dr. J. addresses all those who have injured themselves by private and improper indulgences.

These are some of the sad and melanetoly effects, produced by early habits of youth, viz:— Wenkness of the Back and Limbs, Pains in the Head. Dimness of Sight, Loss of Muscular Power Palpitation of the Heart, Dyspepsy. Nervous irritability Derangement of the Digestive Func-

Aversion of Society, Self Distrust, Love of Folitude, Timidity, &c... are some of the evils produced. Thousands of persons of alinges, can now judge what is the cause of their declining health. Losing their vigor, becoming weak, pale and cmarinted, have a singular appearance about the eyes, cough and symptoms of consumption.

What a pity that a young man, the hope of his country, and the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequences of deviating from the path of nature, and indulging in a certain secret habit.—

Such persons, before contemplating

MARRIAGE. Should reflect that a sound mind and body are the most necessary requisites to promote conrubist happiness. Indeed, without these, the journe starough life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melt acholy reflection that the happiness of another becomes blighted with our own.
