MISCELLANY.

A farmer told a friend of his who had come from town for a few days shooting that he had an excellent gun that went off immediately upon a thief coming into the house, although not charged. "Wonderful gun, indeed," said the sportsman, "but how the deuce did it happen?—Must have been an Irish gun." "Not at all," said the farmer, "the thief and it went off together, before I had time to charge him with it."

BUSINESS REVIVING.

The Boston Advertiser says there are signs of an increasing activity in business, and if the restoration from the recent condition of stagnation is slow, it is likely to be sure. The dividend salready announced by several of the railroad corporations present an encouraging symptom.

There are three thousand three hundred and sixty-four newspapers published in the United States and Territories, of which six hundred and thirteen are in New York.

A man who cheats in short measure is a measureless rogue. If he gives short measure in wheat then he is a rogue in grain. If in whiskey then he is a rogue in spirits. If he gives a bad title to land then he is a rogue in deed.

A CATHOLIC MISSIONARY AND OTHERS DROWNED.

The Rev. Mr. Durand, of St. Mary's (Catholic) Mission, in Kansas, Mr. Patterson, of Nebraska, and a gentleman from Maine were drowned on the 9th inst., by the upsetting of a skiff, ten miles from Kansas city. D. J. F. Smith, of Leavenworth, and a Mrs. Sears, were on board at the time, but retained their hold upon the boat until she drifted on a sand bar.

FIRE, ROBBERY AND ARREST.

The store of W. & F. Paxson, in Little Britain township, Lancaster county, Pa., was robbed on Wednesday morning last, and then set on fire and consumed. Loss of the firm $6,000, besides notes and book accounts worth nearly as much more. The Odd-Fellows, who had a hall in the build ng, sustained a loss of $500. None of the parties were insured. Six negroes have been arrested on suspicion.

In Louisiana some days ago two boys picked twenty-five hundred and five pounds of cotton in one day. One of them picked twelve hundred; the other thirteen hundred and five pounds.

SUDDEN DEATH.

Mickliffe Hutchinson, Esq., Postmaster at Charlottsville, died very suddenly in the cars on Friday last, between Gordonsville and Charlottesville. He appeared in his usual good health a moment before his death.

SUSPENDED.

The *Citizen*, which John Mitchell started in New York in 1854, and left after editing it one year in the hands of John McClenahan, stopped last week.

LARGE REWARD.

Mr. Whitaker, of Vicksburg, Miss., who lost three children by the *Rainbow* catastrophe, has offered a reward of $1,000 for the recovery of their bodies.

DR. MORSE'S

INDIAN ROOT PILLS.

DR. ORSE, the inventor of MORSE'S INDIAN ROOT PILLS, has spent the greater part of his life is traveling, having visited Europe, Asia, and Africa as well as North America—has spent three years among the Indians of our Western country—it was in this way that the Indian Root Pills were first discovered. Dr Morse was the first man to establish the fact that all diseases arise from IMPURITY OF THE BLOOD—and that our strength, health and life depended upon this vital fluid.

When the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick corrupted and diseased; thus causing all pains sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stagnant humors, the blood will become choked and cease to act and thus our light of life will forever be blown out. How important, then that we should keep the various passages of the body free and open. And how pleasant it is that we have it in our power to put a medicine in your reach, namely, Morse's Indian Root Pills, manufactured from plants and roots which grow around the mountainous cliffs in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sudorific, which opens the pores of the skin, and assists Nature in throwing out the finer particles of the corruption within. The second is a plant which is an Expectorant, that opens and unclogs the passage to the lungs, and thus, in a soothing manner, performs its duty by throwing off phlegm, and other humors from the lungs, by copious spitting. The third is a Diuretic, which gives ease and double strength to the kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out bountifully by the urinary or water passage, and which could not have been discharged in any other way. The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find their way to every part, and completely rout out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure and clear.

The reason why people are so distressed when sick, and why so many die, is because they do not get a medicine which will pass to the afflicted parts and which will open the natural passages for the disease to be cast out; hence, a large quantity of food and other matter is lodged, and the stomach and intestines are literally overfl wing with the corrupted mass; thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr. Morse's PILLS have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble frames have been scorched by the burning elements of raging fever, and who have been brought, as it were, within a step of the silent grave, now stand reader to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished, and absolutely surprised, in witnessing their charming effects. Not only do they give immediate ease and strength, and take away a sickness, pain and anguish but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown, especially by those who use these Pills, that they will so cleanse and purify that disease—that deadly enemy will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days.

PROSPECTUS

OF THE

N. C. JOURNAL OF EDUCATION.

At the recent meeting of the N. C. Educational Association, in Warrenton, the undersigned were appointed a committee to make the necessary arrangements for publishing a monthly journal, with the above title.

Having made arrangements for issuing the first No. in September next, they call, with confidence upon Teachers and School Officers, to send subscriptions immediately, that they may be enabled to go on with the work. They feel assured that, if those, who have the educational interests of our State at heart, will exert themselves, the number of subscribers, requisite to insure complete success, can be secured within one week after the publication of this prospectus.

The Journal is to be devoted entirely to the interests of Education, will be published under the auspices of the State Educational Association.—It will be the organ of the Association and of all affiliated or subordinate Associations in the State. It will labor to promote the great cause of Education in all its grades, as *one cause*; and to foster a general sympathy between teachers and officers of Common Schools, Academies, and Colleges, as co-laborers in that *one great cause*. It will strive to advance the interests of the Common School System of the State, as underlying all other interests, and sustaining on its vast granite base, our great educational structure, and will furnish a channel of communication between the General Superintendent of Common Schools and those who feel an interest in their welfare. The Journal will be edited by a Board of Editors, composed of C. H. Wiley, Superintendent of Common Schools, and a number of the leading Teachers of the State, and one local Editor, who will receive all communications and superintend the publication.

All communications should be addressed to the *Editor of the Journal of Education, Greensboro, N. C.*

Teachers sending $50 for 25 subscribers will be entitled to advertisements of their Schools, of 16 lines, for one year.

There are at all times a number of Schools of all grades, needing teachers, and of teachers who want situations; and it is not at all uncommon for parties thus situated to advertise their desires and wants in papers not expressly devoted to the cause of Education. EAR AND EYE.

Drs. LEBRUN & DUFFON, OCULISTS AND AURISTS.

DR LE BRUN offers to those suffering from deafness, his *infallible* aural remedies, which have been successful in nearly three thousand cases of confirmed deafness! These remedies have been pronounced by Dr. Kramer, of Berlin, and Deleau of Paris, and Curtis Pilcher of London, as the most wonderful ever applied for disease of the internal and middle ear. They compulse differ nt courses for the various diseases that affect the external and middle ear. If the disease is confined to the external ear, their effects are apparent on the fifth or sixth day. Dr. LeBrun *warrants a cure in every case*, when the ear is perfect in its formation. He has eighteen certificates from those who have been *deaf from infancy*, whose hearing is now completely restored, and they are now enabled to *learn the language!* Over twenty-seven hundred cases of deafness have been success ully treated by him. Certificates to that effect may be seen on application.

In all cases of deafness arising from *inflamation thickening*, or even *perforation* of the "*membrana tympani*," usually called the *drum*; *inflamation of the mucus membrane of the tympanum and eustachian tube, with accumulation of mucus; nervous affections pollypus growths, &c.*, or when the disease can be traced to the effects of scarlet typhus billious or intermitting fever, colds, the use of quinine and mercurial medicines, gathering in the eyes of childhood, &c., the sense can in *nearly every instance* be restored. Where the want of secretion is apparent, the 'auditory canal" being dry and scaly; when the deafness is accompanied with noise in the ear, like rustling of leaves, chirping of insects; falling of water ringing of bells, pulsations, discharging of matter, when in a stooping position, a sensation i felt as if a rush of blood to the head had taken place; when the hearing seems less acute in dull cloudy weather, or when cold has been taken, the cause pursued by Dr. Le Brun is *considered infallible.*

Dr. Dufton the only practitioner in the United States, who practices the new, painless, and successful method in treating all the diseases to which the e e is subject. Where every other means have fai ed to afford relief, he asks from such a fair and impartial trial. Patients, by sending a few particulars of their case, can have remedies sent to any part.

TESTIMONY.—We the undersigned, practitioners of medicine in the city of New York, having had occasion to witness the practice of Drs. LeBrun & Dufton, in diseases of the ear and eye, laying aside all professional jealousy and prejudice, freely admit that the course pursued by them in treating diseases of these delicate organs, from the *unparalled success which has attended it*, is well worthy the attention of our professional brethren throughout the United States. Their system of treating diseases of the middle and internal ear, by the use of "medicated vapors," particularly in chronic and complicated cases, forms a new era in the practice of aural surgary, and fills up a void which has long been felt by the generous practitioner. In diseases of the eye, they seldom require to resort to the operation. As skillful aurists and oculists, and enthusiastically devoted to their profession, we cordially recommend them to such as may require their aid. Signed

Such ar Nervous Trembling, Loss of Memory, Loss of Power, General Weakness, Dimness of Vision, with peculiar spots appearing before the eyes, Loss of Sight, Wakefulness, Dyspepsia, Liver Disease, Eruptions upon the face, Pain in the back and head, Female irregularities and all improper discharges from both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment even after the disease has baffled the skill of eminent physician and realated all their means of cure. The medicines are pleasant without odor, causing no sickness, and free from mercury or balsam. During twenty years of practice, I have rescued from the jaws of Death, many thousands, who, in the last stages of the above mentioned disease had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my care a perfect and most speedy cure. Secret diseases are the greatest enemies to health, as they are the first cause of consumption, Scrofula and many other diseases, and should be a terror to the human family, as a permanent cure is scarcely ever effected, a majority of the cases falling into, the hands of incompetent persons, who not only fail to cure the diseases but ruin the constitution, filling the system with mercury, which with the disease, hastens the sufferer into rapid consumption.

But should the disease and the treatment not cause death speedily and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life, corrupted by a virus which betrays itself in Scrofula, Tetter, Ulcers, Eruptions, and other affections of the skin, Eyes, Throat and Lungs, entailing upon them a brief existence of suffering and consigning them to an early grave.

SELF ABUSE is another formidable enemy to health, for nothing else in the dread catalogue of man as diseases causes so destructive a drain up on the system drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the Nervous System, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of Self-Abuse that a permanent and speedy cure, can be effected, and with the abandonment of ruinous practices, my patients can be restored robust, vigorous health.

The afflicted are cautioned against the use of Patent Medicines, for there are so many ingenious snares in the columns of the public prints to catch and rob the unwary sufferers, that millions have their constitutions ruined by the vile compounds of quack doctors or the equally poisonous nostrums vended as "Patent Medicines." I have carefully analyzed many of the so-called Patent Medicines and find that nearly all of them contain Corrosive Sublimate, which is one of the strongest preparations of mercury, and a deadly poison, which instead of curing the disease, disables the system for life.

Three fourths of the patent nostrums now in use are put up by unprincipled and ignorant persons who do not understand even the alphabet of the materia medica, and are equally as destitute of any k owledge of the human system, having one object only in view, and that to make money regardless of consequences.

Irregularities and all diseases of males and females treated on principles established by twenty years of practice, and sanctioned by thousands of the most remarkable cures. Medicines with full directions sent to any part of the United States or Canadas, by patients communicating their symptoms by letter. Business correspondence strictly confidential. All letters asking advice must contain a postage stamp.

THE NORTH CAROLINA

MUTUAL LIFE INSURANCE COMP'Y,

RALEIGH, N. C.

THE above Company has been in operation since the 1st of April, 1848, under the direction of the following Officers, viz:

Dr. Charles E. Johnson, President,
Wm. D. Haywood, Vice President,
John G. Williams, Secretary,
Wm. H. Jones, Treasurer.
Perrin Busbee, Attorney,
Dr. Charles E. Johnson, } *Medical Board of*
Dr. Wm. H. McKee, } *Consultation.*
Dr. R. B. Haywood, }
J. Hersman, General Agent.

This Company has received a charter giving advantages to the insured over any other Company.—The 5th Section gives the Husband the privilege to insure his own life for the sole use of his Wife and Children *free* from any claims of the representatives of the husband or any of his creditors.

Organized on purely *mutual* principles, the life members participate in the *whole* of the profits which are declared annually. Besides, the applicant for life, when the annual premium is over $30 may pay one half in a Note.

All claims for insurance against the Company will be paid within ninety days after proof of the death of the party is furnished.

Slaves are insured for one or five years, at rates which will enable all Slaveholders to secure this class of property against the uncertainty of life.

Slave insurance presents a new and interesting feature in the history of North Carolina, which will prove very important to the Southern States.

The last four months operation of this Company shows a very large amount of business—more than the Directors expected to do the first year—having already issued more than 200 Policies.

Dr. WM. W. HARRISS, Medical Examiner, and Agent, Wilmington, N. C.

THE OLD WELDON HOTEL.

IS NOW OPEN ON THE SOUTH EAST SIDE OF the Railroad as you get in on any Road. It is open in the name of the newly opened.

EXCHANGE HOTEL.

And it is bound to do justice to passengers in getting their meals—the Proprietor pledging himself to satisfy all who may favor him with a call, or no pay.

Passengers will find meals ready on the arrival of every train, with good Porters to attend to them and check their baggage to any point which they may desire to have it checked.

The House is within twenty steps of the Ticket Office, where passengers can obtain their Tickets without any trouble, and be in good time after getting their dinner or supper, as there is considerable baggage to change.

Passengers will please bear in mind that there is a house in front of mine, rented by the other house to keep off opposition, which is called the New Weldon Hotel, but gentlemen and ladies will please recollect that this house has been built only some four, five or six years to my knowledge, and has been occupied by three different persons during that time, and has a new Proprietor at present. This Old Weldon Hotel has been open for two months, and has not had a crowd but once since, but it is now increasing fast in popular favor, as passengers find that the meals suit them and are always ready on the table when the trains arrive from any point. There are red bills printed by the other house with no name attached to them, evidently designed to injure me and my house, but it cannot succeed, notwithstanding the Proprietor and his men at the cars are particular in informing passengers that the house to the right is the best, but passengers find that the house on the hill is not only the best, but that its table is more abundantly supplied with the best, and that the waiters are more polite and attentive to the wants of those who favor it with their presence.

Please bear in mind that my house is the newly opened EXCHANGE HOTEL, on the hill, twenty steps from the Ticket Office.

B. B. SEARS, Proprietor.

"THE SOUTHERN CITIZEN."

A New Political, Commercial and Literary Journal

JOHN MITCHELL & WILLIAM G. SWAN,

EDITORS AND PROPRIETORS.

THE Title of this Journal, with the names of its Editors, may be nearly enough to indicate its aims.

One of those Editors being an American citizen by birth; the other intending to become such by adoption; there is no question affecting the destinies of Americans, on which they will hold themselves debarred from openly expressing an opinion.

The one a Southerner by birth—the other by preference, they cannot be of those who know "No South, No North." They well know both; and in the struggle which the South is now called upon to make for her own rights and honor, they mean to stand with the South.

A thoroughly Democratic and States-Rights Journal, "The Southern Citizen" will nevertheless decline to be called "Partizan;" unless the Constitution of the United States is to be called a partizan document.

It will uphold the Federal Union, provided the sovereignity of the confederated States be respected; if not, not.

Holding that the Institution of Negro Slavery is a sound, just, wholesome Institution; and therefore, that the question of re-opening the African Slave Trade, is a question of expediency alone, the conductors of "The Southern Citizen" will in view of the late action of the Southern Commercial Convention, at Knoxville, apply themselves to search out and bring to light, all accessible information bearing upon that important subject—on the whole industrial condition and necessities of the South—on the actual state of the negro races of Africa, and on the policy and action of European Powers in reference to the Slave Trade.

Residing at Knoxville; and choosing this point as the place from whence their Journal is to emanate, the conductors of "The Southern Citizen" will be guided in the matter of State Politics, by the general principles above indicated. It will belong to no clique of office seekers. In short, it will support the candidates for all officers, who will support the equal rights of the Sovereign States, North and South—the equal rights of the Sovereign Citizens, wherever they may have been born, wherever they may worship or not worship.

On Agricultural and Commercial affairs—on the progress of Internal Improvements, and especially of our Southern Railroads, there will be an ample and carefully compiled weekly report.

Literary articles and Reviews, will form a main feature of "The Southern Citizen." Intellectus grandeur, wherever it appears in the world, shall meet prompt and zealous recognition. We do no need to put our light and stiffle inquiry: but, in this department as well as in Politics, we shall take leave to examine and judge from our own view not importing our opinions from England, still less at second hand from New England. To the genius of our power, we shall aid the movement which at length stirs the South to vindicate her own intellectual and moral existence, to revolve around her own centre of thought, and to appeal to a standard of taste and of ethics high above the consideration of political or commercial rivalry.

Especial care will be taken to furnish a weekly digest of all the news of the world at home and abroad.

Conducting their new Journal in this spirit, and constantly endeavoring to make good these undertakings, it is presumed that "The Southern Citizen" will meet with the support which it may deserve.

The first number of "The Southern Citizen" will appear between the first and fifteenth of October. It will be published on the Wednesday of each week. Terms: TWO DOLLARS per annum.

New Types, Press, and Materials of all sorts, are being procured for this Journal; and as its publication will certainly be continued, subscribers will be required in all cases, to remit the amount of their subscriptions in advance; otherwise the paper will not be forwarded.

The Terms of advertising will conform to the usual rates Tennessee.
