UNITED STATES OF AMERICA. District Court of United States for the District of Cape Fear, in the District of North

WHEREAS a libel was filed in the District Court of the United States, for the District of Cape Fear, in the District of North Carolina. on the 2d day of December. 1857, by William C Norton, against the Schooner Charles Smith, her rion, against the Schooner Charles Smith, her kle, appared and furniture, alleging in sub-nee,—That the said vessel on or about the 22d of September, 1856, being in the port of mesbury, Mass., and in need of various articles Aymesbury, Mass., and in need of various articles of tackle, apparel, rigging and other necessaries, to runder her seaworthy, and competent fir, her then intended voyage. The said libeliant did, at the request of Abranam H T. with said libel.

And it is alleged further that the said schooner could not have proceeded on her then intended voyage without the supplies aforesaid, which were furnished on the credit of the said vessel, as well as of the owners and master thereof. It is further alleged that payment of the said bill has been repreatedly requested by the said libellant of the said Abraham H. T. But that payment has been heretofore refused, and is still refused; and that said schooler is now within the jurisdiction of the Court

For all which reasons the libellant prays pro-sess against the said schooner Charles Smith, her tackle apparel and furniture for the amount due the libellant in the premises, with costs, and that the said schooner, her tackle, apparel and furni-ture may be condemned and sold to pay said amount, with interest, costs, charges and expen-

STEDMAN'S SALEM MAGIZINE IS TO BE THE TITLE OF A

BY adogen s. steodad,

A MEMBER OF THE NORTH CAROLINA BAR.

1 N offering to the public my Magazine, I claim for the Editorial Chair no superiority over that department of other like Periodicals; but I do claim for the talent of North Carolina, and the South generally, that will be brought to its support Southern putronage. And I also, as a Southern man, and the Editor of a Soutbern Magazine, claim at the hands of the Southern country, and especially of North Carolina, tuat aid and support that will here, at home, establish, upon a firm basis, a fountain of Literature, and exclusively a Home

Literary Magazine. Many are the Magazines now published in the Northern States that are flooding the whole Southern country There is not, (it is probable,) a country in any Southern State that is not visited by 'Harper," "Graham." "Peterson," or "Godey;" while here in North Carolina and the South where genius unsurpassed and unequalted reigns, the literary talent that is brou ht into exercise is dedicated to the support of Nortnern Magazines, while Nouthern enterprise, taste and talent bow in hum-

ble submission to such suicidal policy of Southern South—send greeting to ur Southern clime a Magazine, acceptable for the many qualities that adorn the pages of the most chaste, elegant and polite Periodicals? It is true that the South has her Magazines; but few in number are they, and naknown, compared to the publications of the North, which every mail brings to our homes, fuled with the result of bired labor, and teeming with unpardonable sedition.
Then I appeal to North Carolina and other

Southern States to aid me in my enterprise, and in promoting a literary taste amongst those upon My Wagazine will be of the usual size, and no-thing will be admitted to its pages but such articles as will meet the puroval of the most fasti-dious. It should be Illustrated with ENGRAVINGS AND PLATES

The dawn of a brighter day has arrived for the consumptive; the doctrine of the incurasystem giving that tone and energy so indispensa-ble for the restoration of health. To be able to state confidently that Consumption is curable by nhalation, is to me a source of unalloyed pleasure. bility of Consumption having at length passed a-way. There is no case so hopeless that Inhalation will not reach! The as Consumption. In all ages it has been the great enemy of life, for it spares neither age nor sex, but sweeps off allke the brave, the beautiful, the graceful and the gifted. Then surely it is more rational to expect greater good from medicines entering the cavities of the lungs than from hose administered through the stomach; the patient will always find the lungs free and the breamedical world, and establish the entire curability of thing easy, after inhaling remedies. Thus, Inhalaion is a local remedy, nevertieless it acts constiationally, and with more power and certainty flicted with Lung diseases, to embrace at once the than remedies iministered by the stomach.
