

MISCELLANEOUS.

A Charleston Correspondent of the Columbia, S. C. Times says:

One of the evidences of 'hard times,' and by the way things are taking a color here that will 'on approach blue,' is the following: The scene is at the store of Mr. Ester Collector.

Mr. Ester: 'Well, have you collected that amount from Messrs. — & Co?' Collector: 'No sir!'

Mr. Ester: 'No! why what is the reason?' Collector: 'Well sir, I always get an evasive answer!'

Mr. Ester: 'What was the evasive answer this time?' Collector: 'Why sir, they said they'd see me — — — first!'

Very evasive that, very indeed; but it is only a style recently adopted.

Hon. James L. Orr.—The Anderson, S. C. Gazette gives a glowing account of a demonstration on the evening of the 21st inst. by the friends and neighbors of Hon. James L. Orr, in honor of his election as Speaker of the House of Representatives.

North Carolina.—Senator Biggs, of North Carolina, it is said, will be appointed Judge of the U. S. District Court of North Carolina, in place of Judge Potter, deceased.

Hon. H. L. Clingham will probably succeed Judge Biggs in the Senate.

Utah Coat of Arms.—It was recently stated at an anti-Mormon meeting that the arms of Utah consist of a bee hive, protected by a lion rampant, at whose feet is the American eagle, couchant and badly plucked.

The Horse-Meat Sausage Makers Convicted.—In Philadelphia, on Monday, Joseph Hoffman and Wm. Bunn, were convicted of the charge of selling unwholesome meat and making horse sausages. The testimony was strong against them.

The Judge, in passing sentence, stated that they were engaged in a business most dangerous to the health of the citizens.—He stated that the chopping up of horse meat, which was diseased, and mixing it with other meat, and making sausages out of it, might have resulted in severe consequences. The persons to whom it was sold might have been taken sick, which would probably have resulted in their death.

The Judge said it was an unusual occurrence to try such a case, and it would require a heavy sentence. He sentenced them to eighteen months imprisonment in the Philadelphia county prison.

Standing up for her Rights.—A maiden lady in Westport, Mass., who is possessed of considerable real estate, on being called upon to pay her highway tax for the present year, claimed an equal privilege with the lords of creation, of working it out upon the highway, with hoe in hand, and discharged her duty to the satisfaction of the Surveyor.

Richmond Markets, Monday.—A contemporary says: There is no change in our markets, and nothing whatever doing. The warehouses are closed, and there are neither breaks nor sales of Tobacco. The mills have suspended operations, and there are no sales of Wheat. There are no sales of Flour, nor of Corn, nor indeed of anything.

Sale of Negroes.—At a sale of negroes near Aylett's, King William county, Virginia last week, the following prices were obtained, on six months credit, bonds bearing interest: Woman and 5 children, \$2,424; woman and 2 children, \$1,306; girl 18 years old, \$901; man 27 or 28 years old, \$900; man 55 or 60 years old, \$280. Average \$484 56.

Trigamy.—A young man of Keokuk, Iowa, recently married a young, pretty and modest woman, with whom he lived in much happiness, till one day opening a letter addressed to his wife, he discovered that she had another husband in Ohio.—Rushing home to his pretty wife, the enraged husband showing her the letter and exact explanations, when she quietly remarked she had nothing to say, only that she had still another one residing in Pennsylvania.—The victim has sued for a divorce.

In Paris.—The daughters of Mrs. Cunningham are said to be in Paris, under fictitious names, as well as Mr. Allibone and family. The former arrived in one of the Havre steamers, a month ago, in company with a gentleman of their acquaintance.

Remarkable Case.—R. W. Jacobs, bitten by a mad dog, fifteen years ago, died at South Danvers, Mass., a few days ago, of hydrophobia.

An Item for Aunt Harriet.—The condition of the colored population of Philadelphia, is said by the Journal, to be one of abject misery.

Right.—By the Constitution just formed in Oregon, no Negro, Chinaman or mulatto, will ever be permitted to have the right of suffrage.

Chop Corn.—Corn, throughout the interior of Indiana and Illinois, is said to be offered freely at 10 and 15 cents per bushel.

Does Charity Begin at Home.—Mr. David Watkinson of Hartford, Mass., has bequeathed \$250,000 to various benevolent institutions, and but \$30,000 to his relatives.

Turned up Again.—Lucy Stone refuses to pay her taxes at Orange, N. Y., on the old revolutionary principle of 'no taxation without representation,' and the collector is about to levy on her goods.

A Novel Affair.—A donation visit was given to Rev. D. E. Magee, of Boucton, N. J., on Thursday last week. A barrel of flour and a fat pig were tendered to him, provided the ladies would draw it thither, it was accepted and in the afternoon twenty ladies, preceded by a brass band, placed the provisions on a four wheel truck and drew it to the parsonage, amid the applause of all the villagers, who turned out en masse to witness the spectacle. About \$150 was also contributed.

Roddy Treated.—Mr. Maullard, an American citizen, has been rudely treated in Mayo, Queen county, Ireland. His property was taken from him and a bill withheld from him, by a lawless mob.

Arabian Horses.—Six pure Arabian blood stallions have been brought to New York City by Capt. L. L. L. of the company engaged in raising the Arabian steeds of war in the harbor of Sebastopol. They are bred from the Czar's cavalry stables, and cost \$18,000.

Picture of a Patriot.—An amusing correspondent of the New York Evening Post, describing Senator Broderick of California, who is eliciting Black Republican admiration by the manner in which he carries the war into Africa, says: "Mr. Broderick is a dangerous assaulant, with a lowering, determined brow, which is clouded with a revengeful remembrance of the President's neglect to consider his recommendations in reference to the federal appointments for California." It would be pleasant to know, after deducting the hope of pottage and revenge for being deprived of it, how much genuine patriotism would be left among the public men of America.

BALTHORE L. C. K. HOSPITAL. DR. JOHNSTON. THE founder of this Celebrated Institution of the most modern, speedy and only effectual remedy for the most distressing and dangerous diseases.

SEVERAL DISEASES. Gleet, Stricture, Seminal Weakness, Pains in the Loins, Constitutional Debility, Impotency, Stricture of the Bladder, Hemorrhoids, Affection of the Kidneys, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Disease of the Head, Throat, Nose, or Skin; those serious and melancholy disorders, which destroy both body and mind; those secret and solitary practices, more fatal to their victims than the most violent venereal diseases; the malfunctions of the system, arising from the various disorders, rendering marriage &c. impossible.

YOUNG MEN. Especially, who have become victims of Seditary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant talents, who might otherwise have been eminent Senators with the thunders of eloquence, or waked to ecstasy the living lyre, may call with full confidence.

MARRIAGE. Married persons, of Young Men, contemplating marriage, being afflicted with Physical Weakness, Gleet, Stricture, or any other disease, should immediately consult Dr. J., and be restored to perfect health.

Who places himself under the care of Dr. Johnston may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

JOHNSTON is the only regularly Educated Physician residing in the city of Baltimore, who has spent the greater part of his life in the Great Hospitals of Europe and the First in this Country, viz: England, France, the Blockley of Philadelphia, and the various Dispensaries, and has seen every other physician in the world, and is conversant with every modern and important Surgical operation, and is a sufficient guarantee to the afflicted.

DR. JOHNSTON. Member of the Royal College of Surgeons London, graduate from one of the most eminent Colleges of Europe, and the greater part of whose life has been spent in the Hospitals of Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known. Many, enabled with ringing in the ears and head, sudden sounds, and deafness, with frequent attacks of vertigo, and some with derangement of mind, were cured immediately.

A CERTAIN DISEASE. When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this pernicious disease, and is afflicted with the pangs of shame, or dread of discovery, deter him from applying to those who, from education and the nature of their business, are not likely to disclose the important secret, and delay until the constitutional symptoms of this disease make their appearance, such as ulcerated sores on the face, nocturnal pains in the head and limbs, dimness of vision, and a redness on the skin, and a blotchy on the face, and the face and extremities progressing with regularity, and the patient is in a state of total prostration, and the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration to his friends, and a burden to his family, by sending him to a dreary and distant land, where he is to spend the remainder of his life in a state of total prostration, and the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration to his friends, and a burden to his family, by sending him to a dreary and distant land, where he is to spend the remainder of his life in a
