## MISCELLANY.

THE CANOE FIGHT.

We extract from Judge Meek's 'Romantic Passages in Southwestern History,' says the Mobile Mercury, the account of this celebrated combat which was fought on the Alabama River, one hundred and five miles above Mobile, on which Dale was known smore the Indians. the 12th November, 1813. The heroes of the fight were a party of twelve, who were about to cross the river, as their comrades (some sixty or more) had alby the Indians on land, while a canoe Mr. John Grover of this city, and a hair with nine more attempted to intercept communication with the other shore.-All the preliminaries of the 'Canoe Fight' proper are related with great distinctness and animation in the volume. Mr. Austill, the only survivor of the combatants, is a highly esteemed citizen of Mobile. We have understood that Cæsar is still alive in one of the eastern counties of Mississippi:

When within thirty feet, Smith fired and probably wounded an Indian, whese shou der was visible above the canoe. Dale and Austill attempted to fire, but their priming having been wet, their guns could not be discharged .ment the brunt of the battle. But by the order of Dale, the negro swayed around the canoe, and 'Big Sam leaped into the enemy's boat giving more room to Smith and Austill, and pressing together the Indians, who were already too crowded. The negro complet his time in holding the canors together .-

The details of the struggle c n scarcely be given. Dale's second blow broke the barrel of his gun which he then exchanged for Smith's, and tought till the end of the scene. Austill was, at one time, prostrated by a blow from a war club; fell into the Indi n canoe, between two of his enemy, and was about being slain by his assailant, when the lattor was fortunately put to death by port, Canada West was robbed on Smith. It appears that the Legis lature of Georgia had passed some laws of rather a stringent character, bearing up n the municipal privileges of the citizens of Brunswick. Mr. Moore was member from Glynn county, and Mr. Siyles the conservative candidate for Mayor of B miswick. The latter callpublic meeting to discuss the exciting topics of the day, at which Mr. Moore was present. INDIAN ROOT PILLS.

DR. WORSE, the inventor of MOdsE'S IN-DIAN ROOT PILLS, has spent the greater part of his life is traveling, having visited Europe, Asia, and Africa as well as North America—has spent three years among the Indians of our Wes-tern country—it was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from IMPURITY OF THE BLOOD-that

functions of the body, the blood loses its action, becomes thick corrupted and diseased; thus caus ing all pains sickness and distress of every name our strength is exhausted, our health we are deoff the stagmant humors, the blood will become choked and cease to act and thus our light of life will forever be blown out. How important, then that we should keep the various passages of the bod; free and open. And how pleasant to us that we have it in our power to put a medicine in your reach, namely, Morse's Indian Root Pilis, manufactured from plants and roots which grow around the mountainous cliffs in Nature's garden, for the health and recovery of di-eased man. One of the roots from which these Pills are made is a Sudo ific, which opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant, that opens and unclogs the passage to the lungs, and thus, in a soothing man ner, performs its duty by throwing off ph legm, and other humors from the lungs, by copious spitting. The third is a Diuretic, which gives ease and dou they draw large amounts of impurity from the blood, which is then thrown out bountifully by the urinary or water passage, and which could no have been discharged in any other way. The fourth is a Cathartic, and accompanies the other proper-ties of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bow

From the above, it is shown that Dr. Morse' Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely rout out and cleaned the system from all impurity, and the life of the oody, which is the blood, becomes perfectly healthy; consequentlyall sickness and pain as driver rom the system, far they cannot remain when the

body becomes so pure and clear.

The reason why people are so distressed when sick, and why so many die, is because they do not get a medicine which will pass to the afflicted parts and which will open the natural passages for the fisease to be cast out; hence, a large quantity of good and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable fermentation, constantly mixing with the blood which throws the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr. Morse's PILLS have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickne-s, pain and anguish, and whose feeble frames have been scorched by the burning elements of raging fever, and who have been brought, as it were, within a step of the silent grave, now aland reader to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine. Morse's Indian Root Pills. After one or two do ses had been taken, they were astonished, and absolutely surprised, in witnessing their charming effects. Not only do they give immediate ease and strength, and take away all sickness, pain and anguish but they at once go to work at the foundation of the disease, which is the blood. fore, it will be shown, especially by those who use these Pills, that they will so cleanse and purify that disease—that deadly enemy will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days.
